BOSTON POLICE RECRUITS SWORN-IN

Statement of Mayor Thomas M. Menino, March 18, 1994

This swearing-in ceremony is an important occasion, not only in the lives of these 39 new police officers, but in the daily lives of all Boston residents. Every time a police officer puts on the uniform and pins that shield to the chest, that officer does more than deter crime and get criminals off the streets. Police officers make every honest, decent person in Boston feel safer and more secure about themselves, their families, and their neighborhoods.

These new officers have successfully completed 22 weeks of intensive study and training at the finest police academy in New England. For this accomplishment they are to be congratulated. And on behalf of all the people of Boston, I would like to sincerely thank them for their decision to dedicate their lives to the safety and service of others.

In fairness to these officers, and to all the men and women who work so hard every day to keep our neighborhoods safe, it is not fair to look to the police as the only answer to the problems of crime and fear.

Certainly, they are one of the most important parts of the solution. That is why I fought so hard to get this class of officers onto the streets. It is why I am continuing to fight for Boston's fair share of state and federal community policing funds so that we can put even more officers out there and fully implement neighborhood policing.

One of the reasons I appointed Paul Evans Police Commissioner is because he has the ability to fully implement neighborhood policing. Paul Evans is the kind of police officer who really makes people feel like they own their neighborhoods, and that's something that every officer should strive for.

Building partnerships with residents is the first essential element of neighborhood policing. When people feel like they own the neighborhood, they are willing to take a greater

share of responsibility for themselves and their neighbors.

The two other elements are problem solving and prevention. So as part of neighborhood policing, the police are making the change from *reacting* to crime, to trying to prevent crimes and solve potential problems *before they occur*. This is a big step. But through decentralized decision making and increased cooperation with neighborhood residents, we are on our way.

But there are other steps that we need to take. Let me tell you something — we owe it to every person who wears a badge to completely ban the sale of handguns and assault weapons in this country. We can't keep turning to the police for answers to all of this violence and mayhem — especially among young people — when some political leaders don't have the guts to ignore the gun lobby and cut off the flow of guns to the streets.

I want to make two final points about this new class of police. First, the job of the police is complex. Going out and arresting criminals is

just one important part of all the services that they provide to you and me.

BOSTON RECOGNIZED AS A "CLEAN CITY" BY THE U. S. DEPARTMENT OF ENERGY

The City of Boston, on March 18, was recognized by U.S. Department of Energy (DOE) Secretary Hazel R. O'Leary for its participation in the DOE's "Clean Cities" Program, an initiative which acknowledges cities that voluntarily implement alternative fuel programs.

The City of Boston, together with the Metropolitan Area Planning Council (MAPC) and the Independent Oil Marketers Association (IOMA), chairs the Greater Boston Clean Cities initiative, for which effort the DOE has designated Greater Boston a "Clean City." The Greater Boston initiative represents the coordination of the efforts of 101 communities in the Greater Boston area, nine utilities and other stakeholders to introduce the use of alternatively fueled vehicles (AFVs). The combined effort will produce up to 1,000 AFVs and five refueling stations in the Boston area each year.

Secretary O'Leary presided over the designation, attended by Senator John Kerry, Lieutenant Governor Paul Cellucci, MAPC and IOMA officials, as well as other public and private sector environmental activists.

Police Recruits . . .

(Continued from front page)

As I said at the beginning, the police provide an important service every time they put on the uniform. They make us all feel more safe and secure. But the police also routinely head off disputes and problems before they turn violent. They act as role models for young people. They serve as sounding boards for neighborhood residents for every problem from graffiti to broken lights.

Knowing the range of services that these new officers will be expected to provide brings me to my next point. When the people of Boston look into the faces of these new officers, they are looking at people who are a part of the community. They live here. They work here. They are neighbors. They have a personal stake in the safety and security of our neighborhoods and for that we can all be proud.

So when these officers take their oath in just a few minutes, they will do so knowing that with the title of police officer comes the heavy burden of the public trust. On behalf of all the people of Boston, let me once again congratulate and thank these new officers for the solemn responsibility they are accepting today.

Dorie Reents-Budet, associate curator of pre-Columbian art, Duke University Museum of Art
Wednesday, May 18, at 7:30 p.m.

The curator of the current exhibition discusses recent research that helps answer such questions as "Who were the ancient Maya artists? Where was the work created? Why were these the only pre-Columbian artists to sign their work?"

Jess's Search for the Grand Collage: From the Eye of the Child to the Wisdom of the Ancients

Michael Auping, chief curator, Modern Art Museum, Fort Worth
Wednesday, May 25, at 7:30 p.m.

A legendary San Francisco recluse, Jess works with discarded objects and images that are corroded with sentiment and the pathos of having once played a role in society. His materials include 19th-century book illustrations, paintings by unknown artists, anatomical drawings, and comic strips. The lecture addresses a wide range of literary sources — from children's fairy tales and ancient mythology to 19th- and 20th-century poetry — and the artist's early background as a nuclear chemist, both of which influenced the complex symbolism of this mysterious artist. Auping is curator of the current exhibition of Jess's work, on view May 21-August 21.

As a continuation of his neighborhood cleanup campaign, Mayor Thomas M. Menino announced that over 100 "Red Shirts" were assigned to assist City of Boston crews on Saturday, March 26, 1994, from 8 a.m. to 2 p.m.

Twelve crews comprised of teenagers, ages 14 to 17 and overseen by an adult supervisor were assigned to each of the city's neighborhoods in order to remove debris from pathways, municipal properties including police and fire stations, churches and congregations, local business districts, and elderly housing developments. Saturday's effort marked the third deployment of the Boston Youth Cleanup Corps this year, as a result of the massive cleanup necessary after the winter's record snowfall.

COUNCIL ON YOUTH . . .

(Continued from front page)

These applications are due by April 15th, to the Mayor's Advisor on Youth, Sister Jeanne Gribaudo, Boston City Hall, One City Hall Plaza, Boston, MA 02201, Policy Advisors Office, 5th floor.

Eighteen youth representatives will be chosen from city neighborhoods, two from Dorchester, and one from each of the following: Roslindale, South Boston, North End, South End, Brighton, Allston, Beacon Hill/Back Bay/Fenway, Mission Hill, Charlestown, Chinatown, Roxbury, West Roxbury, Hyde Park, Jamaica Plain, East Boston, and Mattapan.

CLEANING BOSTON . . .

a positive outlet for teenagers enabling them to take pride in their neighborhood while earning some extra money," said Mayor Menino. "My administration is committed to beautifying Boston's neighborhoods and will take necessary steps to ensure the city's streets and retail districts are cleaned year-round."

Initiated in 1986 to meet the overwhelming need to employ the youth of Boston, the Boston Youth Cleanup Corps is coordinated by Boston Parks Commissioner Patrick S. Harrington. Each summer, youths take to the streets, parks, vacant lots, housing developments and community centers of the city. Wearing their signature Red Shirts, these work crews give Boston its annual facelift, removing debris, whacking weeds, painting benches, and helping non-profit groups provide family services to the community.

Last summer, over 100 crews comprised of nearly 2,800 teenagers cleaned 3,147 sites throughout Boston and removed 800 tons of trash. Thanks to Mayor Menino's supplemental appropriation of \$500,000 to the youth fund, every eligible youth who called the "Hope Line" was given the opportunity to work.

The Boston Youth Cleanup Corps is

an element of the Mayor's Coordinated Summer Employment Program, which is a collaboration of city agencies, private businesses, state and federal governments. A committee comprised of members from the Parks Department, Private Industry Council, Action for Boston Community Development, Boston Community Centers, Boston Housing Authority, EDIC, and the Boys and Girls Clubs of Boston and headed by Parks Commissioner Harrington oversees the jobs for youth program.

For more information, please contact the Boston Youth Cleanup Corps at (617) 635-4202.

CITY OF BOSTON

Proceedings of City Council

Inaugural Exercises

Faneuil Hall
Boston, Massachusetts

January 3, 1994.

The ceremonies attending the administration of the oath of office to the Members of the Boston City Council of the City of Boston were held in Faneuil Hall, Boston, Massachusetts, at 10 a.m., when Mayor Menino and the Members-elect of the Council entered the hall in a procession headed by City Clerk Patrick F. McDonough and City Messenger Robert McDonald to the strains of music by the Boston Conservatory Brass Quintet, accompanied by a Color Guard of the Boston Police and Fire Departments.

They took their seats, and the meeting was called to order by City Clerk McDonough.

"The Star-Spangled Banner" was then sung by Ms. Merle Perkins.

City Clerk McDonough then presented Reverend James Crawford of the Old South Church for the Invocation.

REVEREND JAMES CRAWFORD: Good morning, everyone, and Happy New Year to you all. Let us bow our heads in prayer:

Lord, we come before You at the beginning of a new year, and we pray the new year brings a fresh start to this beloved City of Yours and ours.

We know Your hopes reside in the City where racial, ethnic, religious, and gender considerations are all-encompassing. We know the City You cherish is one where everyone who wants a job can get one, where everyone who needs medical care can receive it, where every child is offered an excellent education, where those who seek homes can find them, where, finally, justice for the weak, the marginalized, the outsider, becomes the focus of public policy.

We ask special blessing this morning on this new assemblage of Boston City Councillors. We ask for each wisdom, judgment, and the acute sense that others may occasionally be right. We pray leadership for the open and inclusive City where human differences born of prejudice, fear, and ignorance dissolve, a City where no neighborhood considers itself a fortress against others, no preference is delivered for special groups or interests, a City where indeed public employees become public servants, a City where there is an urban, universal, relentless pursuit of forming individual constituencies into Boston citizens, a City where each person is one of Your children, that wherever the least is considered and cared for, there we care for You.

Lord, we pray first that this City Council and the Mayor, modest politicians all, not use their great powers for predominance and photo-ops but, rather, for the privilege of doing the most for public welfare and, secondly, that during the term of this august Council, if it's not asking too much, if it's not presuming too heavily on what we dare assume must be Your preferred option for this type of universe, how about a world Series title for our beloved Sox?

Thank you.

City Clerk McDonough read a communication from the Board of Election Commissioners certifying the election of the Members of the City Council as follows:

City Council at Large:

John A. Nucci, 99 Orient Avenue.

Albert L. O'Neil, 4354 Washington Street.

Richard P. Iannella, 142 Commercial Street.

Peggy Davis-Mullen, 508 East Broadway.

City Council by District:

Diane J. Modica, 4 Brigham Street, District 1.

James M. (Jim) Kelly, 5A Bantry Way, District 2.

Maureen E. Feeney, 160 Milton Street, District 3.

Charles Calvin Yancey, 3 Hooper Street, District 4.

Daniel F. Conley, 55 Badger Road, District 5.

Maura A. Hennigan, 56 Woodland Road, District 6.

Gareth R. Saunders, 143 Harrishof Street, District 7.

Thomas M. Keane, Jr., 80 Commonwealth Avenue, District 8.

Brian J. McLaughlin, 68 North Beacon Street, District 9.

A roll of the Members-elect of the City Council was called by City Clerk McDonough, and it appeared that all the Members-elect of the City Council were present.

City Clerk McDonough presented the Honorable Thomas M. Menino, Mayor of Boston.

REMARKS OF MAYOR MENINO

Thank you, Pat.

I would like to take a few moments to congratulate the City Council on the election, but also to tell them we are starting a new term in the City of Boston, a new part of Boston's history.

You have worked hard over the last several months to get elected to the Boston City Council. We have talked about ideals and dreams, as a City Council, as an individual. You should use those commitments you have made during the campaign to move this City forward.

We have a lot of work to do over the next year or so. We can accomplish those goals working together to make this City a better City for all to live in. Remember: this is one City; it's not a downtown against neighborhoods. It's one City working together to accomplish a common goal.

The oath of office was administered to the Members-elect of the Boston City Council by his Honor, Mayor Thomas M. Menino.

City Clerk McDonough presented Father Russel Best of St. Patrick's Church, Roxbury, who delivered the benediction.

FATHER BEST: God of Life, we ask Your blessing upon us, upon our City of Boston, upon our new Mayor, upon our mostly new City Council. We begin this year with a prayer, this administration, prayerfully: We pray for all the members of the City of Boston. We pray for peace. What we have begun with You and with our prayer, we ask be brought to completion in the presence of Your power, Your guidance, Your spirit.

We ask all of this of You, the one and true God, living and reigning forever and ever. Amen.

DISAPPROVING ORDINANCE AMENDING CBC, ORDINANCE, CHAPTER 8-9.3, RE BOSTON RESIDENTS JOB POLICY (DOCKET NO. 0112)

The following was received:

City of Boston
Office of the Mayor

December 20, 1993.

To the City Council.

Re: Docket No. 1403

Dear Councillors:

I return herewith with my signature and disapproved an ordinance passed by your Honorable Body on December 1, 1993, Docket No. 1403, which purports to amend CBC, Ordinance, Chapter 8-9.3 re: amending the Boston Residents Job Policy.

My veto is required at this time as the subject matter of this ordinance is presently under review as part of a study of the city's affirmative action program that was ordered by your Honorable Body in Chapter 14 of the Ordinances of 1992, as amended by Chapter 8 of the Ordinances of 1993. The study is being conducted by National Economic Research Associates and a draft report of the study is due by the end of this month. The final report will be due in June, 1994.

It is expected that the report will make a number of recommendations regarding the City's affirmative action program and will have a number of possible implications with respect to the subject ordinance. Therefore it would appear premature to consider the proposed amendment at this time.

Sincerely yours,

Thomas M. Menino,
Mayor of Boston.

(Annexed hereto is the ordinance referred to.)

Assigned for further action.

DISAPPROVING ORDINANCE REGARDING INSPECTIONAL SERVICES DEPARTMENT (DOCKET NO. 0113)

The following was received:

City of Boston
Office of the Mayor

December 29, 1993.

To the City Council.

Dear Councillors:

I return herewith with my signature and disapproved an ordinance passed by your Honorable Body on December 15, 1993, Docket No. 1553, regarding the Inspectional Services Department.

My veto is required due to an apparent clerical error through which a portion of the ordinance was omitted from the version of the ordinance that was passed by your Honorable Body.

I am submitting herewith a revised version of the ordinance.

Sincerely yours,

Thomas M. Menino,
Mayor of Boston.

(Annexed hereto is the ordinance referred to.)

Assigned for further action.

ORDINANCE CONCERNING INSPECTIONAL SERVICES DEPARTMENT (DOCKET NO. 0114)

The following was received:

City of Boston
Office of the Mayor

December 29, 1993.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an ordinance that would amend the ordinance that established the Inspectional Services Department to reduce its administrative overhead yet still provide necessary expertise in the State Building Code.

I previously vetoed a version of this ordinance passed by your Honorable Body because of an apparent clerical error through which a portion of the ordinance was omitted from the version that was passed.

I urge your Honorable Body to pass this order as expeditiously as possible.

Sincerely yours,

Thomas M. Menino,
Mayor of Boston.

VISITORS TO CITY COUNCIL

President KELLY, for all the Councillors, welcomed the members of Local 718 of the Firefighters Union and their President, Neil Santangelo, to the Council Chamber, and invited Mr. Santangelo to speak. The President of Local 718 addressed the Council and thanked them for the unusual opportunity to address the Council and inform them why they were departing from their usual method of doing business, that is, performing quietly behind the scenes in a professional manner to resolve their differences, but that they had now reached a stalemate in their negotiations and had decided, in view of the fact that they had traversed almost four years without a collective bargaining agreement, that it was time that the City understand that they were united in their determination to resolve the stalemate. He said that the members of his Union greatly appreciated the support of the Council and would be grateful for anything the Council could do to facilitate the resolution of this contractual difference.

DISAPPROVING ORDINANCE ALLOWING FOR SCHOOL PARENTAL LEAVE (DOCKET NO. 0146)

The following was received:

City of Boston
Office of the Mayor

December 29, 1993.

To the City Council.

Dear Councillors:

I return herewith without my signature and disapproved an ordinance passed by your Honorable Body on December 15, 1993, Docket No. 1389, which purports to require businesses consisting of twenty-five or more employees to grant those employees with children in Boston Public Schools three days per year for school visits. Additionally, it provides penalties where the employer discriminates against the employee for utilizing the school visit provision, including reinstatement, reimbursement of lost wages and benefits, and the assessment of a civil penalty equal

to five times the amount of the employee's lost wages and work benefits where the employer willfully refuses to rehire, promote, or otherwise restore the employee. There are legal constraints which require my veto.

The reasons for my disapproval are as follows. First, the ordinance violates Section 7 of the Home Rule Amendment in that it attempts to govern the civil relationship between employers and employees. Second, the time provisions of this ordinance are not in compliance with G.L. c. 40, s. 21D.

Sincerely,

Thomas M. Menino,
Mayor of Boston.

(Annexed hereto is the ordinance referred to.)

Assigned for further action.

ORDER AUTHORIZING POLICE DEPARTMENT TO ACCEPT \$100 GIFT FROM MARY MARROCCO FOR USE IN PROVIDING GOOD SERVICE TO PUBLIC (DOCKET NO. 0147)

The following was received:

City of Boston
Office of the Mayor

December 29, 1993.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order that would authorize the Boston Police Department, acting through the Police Commissioner to accept a \$100 gift from Mary Marrocco for use in providing good service to the public.

I urge your Honorable Body to pass this order as expeditiously as possible so that Ms. Marrocco's gift can be put to good use by the Police Department.

Sincerely,

Thomas M. Menino,
Mayor of Boston.

Ordered, That the Boston Police Department, acting by and through its Police Commissioner, be, and hereby is authorized, in accordance with Section 53A of Chapter 44 of the Massachusetts General Laws, to accept a gift of \$100 from Mary Marrocco for use in providing good service to the public.

On motion of Coun. KELLY, the rules were suspended; **the order was passed.**

ORDER AUTHORIZING CITY TO REFUND CERTAIN GENERAL OBLIGATION BONDS THROUGH ISSUANCE OF GENERAL OBLIGATION REFUNDING BONDS NOT TO EXCEED \$100 MILLION (DOCKET NO. 0148)

The following was received:

City of Boston
Office of the Mayor

January 4, 1994.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order authorizing the City of Boston to refund certain general obligation bonds through the issuance of general obligation refunding bonds not to exceed \$100 million. Such action allows the City to realize significant savings in debt service costs.

I urge your Honorable Body to pass this order as

expeditiously as possible as the savings associated with a refunding bond issue are subject to changes in current bond market conditions.

Sincerely,

Thomas M. Menino,
Mayor of Boston.

Whereas, Due to current favorable conditions in the municipal bond market, the City could realize significant savings in debt service costs by refunding certain of its outstanding general obligation bonds; and

Whereas, Section 13 of Chapter 643 of the Acts of 1983 of The Commonwealth of Massachusetts (the "Act") allows the City to issue refunding bonds when authorized by a two-thirds vote of the City Council; and

Whereas, It is likely that the City will need to enter into a refunding trust to effectuate such refunding; and

Whereas, Section 9 of the Act allows the City to enter into a trust agreement when authorized by a two-thirds vote of the City Council; and

Whereas, The viability of, and the debt service savings associated with, a refunding bond issue are extremely sensitive to bond market conditions and, therefore, prompt approval by the City Council is critical; now, therefore, be it

Ordered, That:

1. Pursuant to the provisions of Section 13 of the Act, the Collector-Treasurer, with the approval of the Mayor, is hereby authorized to borrow such amounts as may be necessary, not to exceed \$100,000,000 and issue refunding bonds, the proceeds of which and earnings thereon shall be used to pay such portion of the outstanding bonds of the City as the Collector-Treasurer, with the approval of the Mayor, may select, at maturity or upon redemption prior to maturity, together with interest and premium, if any, thereon and related expenses.

2. Pursuant to the provisions of Section 9 of the Act, the Collector-Treasurer and the City Auditor be, and hereby are, authorized to execute and deliver, on behalf of the City, with the approval of the Mayor, a refunding trust agreement in such form as determined by the Collector-Treasurer and the City Auditor with the approval of the Mayor.

Referred to the Committee on Ways and Means when appointed.

MAYOR MENINO KICKS OFF 1994 SUMMER JOBS CAMPAIGN

Mayor Thomas M. Menino, on March 28, kicked off the 1994 Summer Jobs Campaign by issuing a call to the business community, neighborhood organizations and City departments to join him in providing jobs for Boston's young people.

Mayor Menino said, "This summer, I am calling upon every business, every college and university, every non-profit agency and community organization, and every level of government to play a greater part than ever before in creating summer jobs for Boston's young people."

Boston's Summer Jobs Program has provided summer jobs for Boston's public school students and graduates since 1980. Managed by the Boston Private Industry Council (PIC), the Campaign is a combined effort of the City of Boston, including the Parks and Recreation Department, PIC and Action for Boston Community Development. The Program solicits summer job opportunities for Boston's youth from local employers, then matches employers' needs with job candidates ranging in ages from 16 to 22 years old.

Mayor Menino cited the Summer Jobs Campaign as the most important public safety measure for Boston's young people and elaborated on its other benefits. The Mayor said, "Number one, summer jobs are important because they keep our kids off the street corners and out of potential trouble. But equally important, summer jobs teach kids values that they need to know in life. Summer jobs teach young people about responsibility."

Crediting Governor William Weld with "stepping up to the plate with more resources than ever before," the Mayor acknowledged the efforts of Neil Sullivan of the Private Industry Council and Marshall Carter, Chairman and CEO of State Street

Bank and chair of this year's effort, for helping to "put together what I believe to be the best organized, most comprehensive summer jobs campaign ever."

*Summer Jobs Campaign Kick-off,
Statement of
Mayor Thomas M. Menino,
State Street Bank,
March 28, 1994.*

We hear the phrase so often, but it is undeniably true — our kids are the future. One day, not too long from now, the young people of Boston will be the business leaders, the elected leaders, the teachers, the builders and the parents who will be responsible for running this city and raising the next generation of children.

It is our solemn responsibility to prepare today's young people for the mantle of leadership they will assume tomorrow. Summer jobs are an important part of the life training we impart to the youth of Boston.

The first summer job I had as a kid was at the Westinghouse Plant in Hyde Park. Back then, when a young person wanted a job, you went to where your father or one of your uncles worked.

Today, it's a lot tougher and a lot more complicated for a teenager to go

MAYOR MENINO APPOINTS JAMES H. GREENE TO CHAIR BOARD OF HEALTH AND HOSPITALS

Mayor Thomas M. Menino, on March 31, announced the appointment of attorney James H. Greene as Chair of the Board of Trustees of the City's Department of Health and Hospitals. As Chair, Greene replaces previous Chair Raymond C. Dooley, who will remain on the 9-member Board. Greene's appointment fills a Board seat left vacant by the resignation of Robert Walsh in early March. It expires in May, 1995.

Greene specializes in development and finance issues at the Boston law firm of Rubin and Rudman. A Boston native, he lives with his wife and 2 children in Jamaica Plain.

MAYOR MENINO WELCOMES IDX SYSTEMS CORPORATION TO BOSTON

Mayor Thomas M. Menino, on March 24, welcomed to Boston IDX Systems Corporation, a major medical software company locating downtown. IDX has acquired 116 Huntington Avenue to expand its operations in the Greater Boston area. The expansion will initially bring 200 jobs to Boston and the potential for 400 additional jobs over time.

Mayor Menino lauded IDX's decision to locate in Boston and commended the efforts of his administration to streamline Boston's

out and find a summer job. But the fundamental value of a summer job never changes. Number one, summer jobs are important because they keep our kids off the street corners and out of potential trouble. But equally important, summer jobs teach kids values that they need to know in life. Summer jobs teach young people about responsibility and the value of a dollar earned through hard, honest work.

This summer, I am calling upon every business, every college and university, every non-profit agency and community organization, and every level of government to play a greater part than ever before in creating summer jobs for Boston's young people.

There are no good excuses for anyone to refuse this challenge. The City of Boston is currently facing a 30-million-dollar gap, but we are committed to doing our part. I met with Governor Weld on Friday, and the Commonwealth is stepping up to the plate with more resources than ever before.

Now, it's up to every business and institution in Boston to step forward and do their share. And let's be clear, it doesn't matter how big or small your

business or the type of business you're in.

Right now, we have the Private Industry Council career specialists in our high schools preparing our young people for jobs in the private sector, and the P.I.C. specialists will stand behind our young people throughout the summer.

In fact, this year, we have put together what I believe to be the best organized, most comprehensive summer jobs campaign ever. In addition to the good work of Neil Sullivan of the Private Industry Council, Marshall Carter, the Chairman and C.E.O. of State Street Bank, has stepped forward as the first private sector executive to volunteer to chair this effort two years in a row. In fact, Marshall began the recruitment campaign way back in early November.

In addition, Robert Pates of Oldies 103, and Jack Connors of Hill, Holiday & Connors, have volunteered their services to help the City of Boston market the summer jobs campaign in order to maximize participation in the business community.

And within city government, my Youth Advisor, Sister Jeanne; my Acting Chief of Staff, Mike Galvin; Parks and Recreation Commissioner, Pat Harrington; and many more have been working together and planning for months.

I want to thank all of the individuals and businesses who have already offered their services, but so much more needs to be done. We need to get our kids busy and working as soon as they finish school and we need to keep them occupied throughout the summer.

Remember, when we provide summer jobs for young people, we raise their own life expectations. We show them that there is a world beyond their own city block and it is waiting for them.

I want this summer to be the safest, most productive summer ever, and I am calling upon every business, every non-profit and community organization, and every level of government to help make it happen. Thank you.

development process. The Mayor said, "I have talked about changing attitudes in government so that businesses will know that they are welcome in Boston. I have talked about streamlining the development process so that businesses will know that city government can and will act quickly and responsively to move important, job-creating projects forward. Today's announcement is proof positive that we are succeeding."

Richard Tarrant, Chief Executive Officer of IDX Systems, added that IDX was "able to take advantage of this prime real estate opportunity, in part, because the Mayor has expedited the approval process."

The Vermont-based IDX is a leading vendor in the rapidly growing health care information systems industry, with nearly 1,000 customers and 1,000 employees nationwide. In addition to bringing jobs to Boston, IDX will work with the Menino administration to bring job development and employment programs to Boston residents.

JOHN N. AFFUSO, JR. APPOINTED LIAISON TO THE GAY AND LESBIAN COMMUNITY

Mayor Thomas M. Menino recently appointed John N. Affuso, Jr., as the Mayor's Liaison to the Gay and Lesbian Community. Affuso will enhance communication between the Mayor and the gay and lesbian community and assist in formulating City policies affecting the community.

Mayor Menino said, "John has already demonstrated his commitment to the gay and lesbian community and the social, legal and economic issues that the community faces. I'm confident that he will be a true asset as the City continues to work to address these issues."

A 1993 graduate of Boston College Law School, Affuso most recently managed an active caseload of discrimination matters as volunteer counsel with the Massachusetts Commission

INDUSTRY SURVEY INDICATES POSITIVE ECONOMIC OUTLOOK

Mayor Thomas M. Menino, on April 4, welcomed the results of the "Boston Tomorrow Survey," a profile of Boston business leaders which reveals increased employment among Boston's businesses over the past five years and heralds continued business expansion in Boston over the next few

Mayor Thomas M. Menino opens Star Market-Prudential, along with Star executives and staff.

years. Business leaders cited a streamlined regulatory process, investment in infrastructure and development of a skilled workforce as the leading City services considered in expansion decisions.

Mayor Menino said, "This survey confirms the idea that my administration has been working toward — that if the City fosters a pro-jobs, pro-business climate, industries will respond. I look forward to working closely with a business community that is optimistic about expansion."

Conducted by NAIOP/The Association for Commercial Real Estate and Northeastern University's Center for Applied Social Research, the survey represents 61 companies employing more than 200,000 people in industries ranging from finance, professional services, restaurants/hotels, real estate, health care and manufacturing. The survey was developed in anticipation of the

"Boston Tomorrow Economic Conference," which was convened on April 5 by Mayor Menino and business and academic organizations to determine the priorities of business leaders and help craft an agenda for economic development in Boston.

Offering a positive outlook for Boston residents as well as businesses, the survey indicates that Boston companies are hiring Boston

residents. One third of the responding companies hiring more than 25 percent Boston residents, and 15 percent report hiring more than 50 percent Boston residents. As companies predict an increase in employment, the number of Boston residents employed by the city's businesses should also increase.

THE 1994 CITY OF BOSTON CENSUS GOES INTO FULL SWING AS "YELLOW JACKETS" CANVASS THE NEIGHBORHOODS

The City of Boston's 1994 Census goes into full swing as canvassers from the Boston Election Department began travelling door-to-door in neighborhoods throughout the city to gather basic household information of residents who did not respond to the City's early March census mailing.

Wearing bright yellow jackets with the Census "Stand Up and Be Counted" logo and personal photo necklaces for easy identification, approximately 100-125 individuals began knocking on doors on Monday, April 4. The canvassers will make every effort to contact a household, including visiting a residence as many as three times and/or asking neighbors for relevant information. The effort will be under way from 10 a.m. to 8 p.m. on weekdays and from 10 a.m. to 5 p.m. on Saturdays and Sundays. It will continue through the end of May.

(Continued on next page)

1994 Census . . .

(Continued from front page)

Each year, the City of Boston conducts its own census to establish an accurate and complete listing of the residents of the city. Neighborhood canvassing marks the second phase of this year's census outreach effort. In the beginning of March, 215,000 Boston households received by mail City of Boston census forms seeking confirmation of basic information about the household residents. To date, over 95,000 households — or approximately 45 percent — have returned their completed census forms. The "yellow jackets" are seeking census information from those households that did not respond by mail.

Mandated by state and federal regulations, a successful City census is crucial for Boston residents for a number of reasons. An accurate count of the city's current population will afford Boston the competitive edge it needs as it competes with others for increasingly limited state and federal dollars. In addition, the City of Boston uses its census figures to insure equitable distribution of municipal services. Finally, responding to the City's census pro-

tests each resident's right to vote.

Mayor Thomas M. Menino is urging Boston residents to contribute to this effort: "A little bit of cooperation goes a long way. Every household's response counts toward making sure that the neighborhoods of Boston receive their fair share."

Census forms may be picked up on the mezzanine level of City Hall or at any Boston post office, courthouse, police station, fire station, public library, community center or community health center. Complete instructions accompany the census forms. For more information, you may contact the Boston Election Department in Room 241 of Boston City Hall or call 635-4635.

Positive Economic Outlook . . .

(Continued from front page)

Frank Wuest, President of NAIOP, added, "This survey will provide a guidepost to identify key priorities for Boston's path of economic development. We are excited to see such a high level of response and favorable results. This optimism will service the economic engine to pull Boston forward into the '90s."

Boston Tomorrow Conference, Statement of Mayor Thomas M. Menino, April 5, 1994.

My Administration is still in the earliest stages of charting a new course for economic revival and jobs growth. But from the beginning, we have been looking for new ways to reach out to Boston businesses — to help them to grow and succeed so that new jobs can be created and Boston can continue to grow and succeed.

One of our first challenges was to stop the exodus of jobs and businesses from Boston. So we created the Office of Business Services — originally the Business Retention Center. This office troubleshoots problems for local businesses in an effort to keep jobs and businesses in Boston.

Just to show you how far we've come, keep in mind that last year, Massachusetts was so starved for

good economic news that the Governor held a news conference to announce the creation of 60 new jobs.

Sixty jobs is great news. But here in Boston, we've been quietly hard at work, and in the few short months that the Office of Business Services has been in operation, we have saved approximately 450 jobs!

New England Seafood International and 120 jobs were on their way out of Boston until we arranged for them to get truck access to a new Dorchester site. We helped Cafe Prince to purchase its building and stay in the North End. We arranged an agreement so that manufacturer L. E. Mason could stay in business and its 287 employees on the job.

The Office of Business Services also played a leading role in the rebuilding of a street in Charlestown — the transportation lifeline to a dozen companies and over 2,000 employees.

This hands on, open door approach has also helped us to bring new businesses and new jobs to Boston. Two weeks ago, we announced that IDX Systems Company — a major medical software company — had chosen to locate in Boston instead of in the suburbs. IDX brings 200 jobs to Boston, with the potential to create up to 400 more over time. We accomplished this by removing obstacles, streamlining the process and proving to IDX — *proving* — that my administration is serious about making Boston the best city in America to do business!

Today, I am proud to announce that another growing software company — the Open Environment Corporation — will soon be relocating its 100 employees from Cambridge to a new home in Brighton.

I am proud of my administration's success so far, but I also know that there is so much more that could be accomplished. As in many cities these days, it is often difficult to encourage new business because there is usually limited space and limited resources.

In Boston, we are certainly facing serious financial constraints, but we do have in our midst some areas that are ripe for economic growth and development. All we are lacking is the spark to

et the fire. As far as I'm concerned, hat necessary spark is the circumferential transit line.

Many of you have heard of the circumferential or crosstown line, but until now, it has only been talk. Today, I want to give you my vision for what the reation of a circumferential line could mean to Boston, and I want to tell you about the first concrete steps we are taking to move this project beyond the idea tage.

The circumferential line could run all the way from the Commonwealth Flats and E.D.I.C. in South Boston, to Columbia Point, through South Bay, Newmarket, and the Crosstown Industrial ark, along to Ruggles and the South-east Corridor, to the Longwood Medical Center, along the river and Boston niversity to Allston Landing, across Cambridge and back to the Charlesown Navy Yard.

The circumferential line includes any of Boston's economic engines — major universities, 3 major medical eas — Longwood, the South End and e Navy Yard; and key technological eas like Allston Landing and Genome to Kendall Square and M.I.T. It so contains some of Boston's greatest potential growth areas: Commonwealth flats in South Boston; Columbia Point; rosstown Industrial Park; South Bay; e Sears Building area and the Boylson Street Corridor in the Fenway; and e Navy Yard.

With these economic engines and ese growth areas so close together, e potential for an economic boom is mited only by lack of a comprehensive ansit system. Consider these facts. pwards of 65 percent of the people ho work in the downtown arrive by ublic transportation. But just one mile ay in the corridor, only about 30 percent of the workers can arrive there by ublic transit.

Without a transit line, any projected owth in those areas would rely heavily on people arriving by automobile. his much growth in automobile traffic ould create serious environmental problems, not to mention the negative pport it would have on the neighborhoods, and this would continue to in-

hibit the growth of these areas.

The creation of a circumferential line is the right kind of service to support the projected growth for these areas. So Boston has already begun to take concrete steps to move this project beyond the idea phase and into a real and viable economic growth project.

The City of Boston was instrumental in including four million dollars in the state's transportation bond bill to begin carrying out the planning environmental analysis, and design for this new transit system. I will work with the legislative leadership, Secretary of Transportation Kerasiotes, and Governor Weld for the successful passage of this very important bill.

This four million dollars is a worthwhile investment for the state as well. Secretary Kerasiotes has already prepared a plan for short-term transit improvements along the corridor. We'll put that four million dollars to work laying the foundation for mid and long-term solutions.

I firmly believe that Boston's best economic days are yet to come. There is a new spirit of cooperation between the city and the business community, and a new willingness to work together between the city and the state.

Sure, we have some challenges we still need to overcome — most notably Boston's difficult financial situation. But as I have explained today, we have some tremendous opportunities to create new jobs and economic opportunities. It is my sincere hope that from today's conference, we can find even more ways to work together and move Boston forward.

APPOINTED NEIGHBORHOOD
COORDINATOR FOR
EAST BOSTON AND THE
NORTH END**

Mayor Thomas M. Menino recently appointed Joseph F. Plagenza as the Neighborhood Coordinator within the Mayor's Office of Neighborhood Services for East Boston and the North End.

Enhancing accessibility between the Mayor and the community, Plagenza will provide valuable information regarding City procedures to the neighborhoods. Through extensive involvement in the day-to-day issues facing them, he will help to convey the perspective of the communities.

Mayor Menino said, "I know Joe will be responsive to the concerns of East Boston and North End residents and business owners. These neighborhoods have been his backyard, and their residents, his neighbors. Their concerns are his concerns."

A lifelong resident of East Boston, Plagenza most recently responded to constituent inquiries and surveyed field work in the City of Boston's Transportation Department. Previously, he worked in a variety of small businesses in East Boston. He and his wife have five children.

Settling in to his duties at City Hall, Plagenza said, "I'm looking forward to serving the neighborhoods which have played such a significant role in my life. I'm eager to use my experiences both living and working in the community to assist residents and small business owners in the North End and East Boston."

Plagenza can be reached at the Mayor's Office of Neighborhood Services at 635-3485.

MTA US&C TO RELEASE DEBT POLICY HANDBOOK

The *MTA US&C Debt Policy Handbook* is comprised of the following four topics: legal and regulatory requirements, needs assessment and funding alternatives, issuance of obligations, and administration of obligations. Additionally, the Handbook includes excerpts from existing governmental debt policies for illustrative purposes.

To order copies of the Handbook today, send \$45 (MTA US&C members) or \$55 (non-members) to MTA US&C: 1229 Nineteenth Street, N.W.; Washington, D.C. 20036. For further information, please call MTA US&C Headquarters at (202) 833-1017.

THE MUNICIPAL TREASURERS' ASSOCIATION OF THE UNITED STATES AND CANADA CERTIFIES MUNICIPAL INVESTMENT POLICIES

The Municipal Treasurers' Association of the United States and Canada (MTA US&C) assists public entities interested in establishing a written policy or improving on their existing policy through the MTA US&C Investment Policy Certification Program. Written policies are submitted to the Association for review by the Investment Policy Certification Review Team. Those written investment policies that meet the standards set forth by MTA US&C are awarded the Certificate of Excellence Award.

The Model Investment Policy, the standard by which submitted policies are evaluated, serves as a foundation for writing state and local investment policies. The Model is divided into 16 sections, each providing a rationale and a glossary of terms. It addresses such crucial issues as: liquidity, selection

and review of suitable investment instruments, internal controls, reporting, portfolio diversification, custody and safekeeping, selection of investment institution criteria, ethics and conflicts of interest.

Certification occurs throughout the year, but actual awards are presented at the MTA US&C August Conference. Policy applications must be received by June 1, 1994, for certification by August, 1994.

For a copy of the Model Investment Policy, please send a check for \$5, payable to MTA US&C, to: MTA US&C; 1229 Nineteenth St., N.W.; Washington, D.C. 20036. Copies of the Model are complimentary for MTA US&C members. For more details, please contact MTA US&C Headquarters at (202) 833-1017.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

Professional Services

C. 1494-94
September 8, 1993

Dear Mayor Menino:

I respectfully request authorization to dispense with public advertising and to award a contract to Mary E. Reardon, an individual, located at 5 Bertram Street, Beverly, MA 01915, in an amount not to exceed \$6,500, for the period beginning September 15, 1993, through November 5, 1993, at a rate of \$22 per hour, an amount which I have determined to be reasonable for the work to be performed. This funding will be charged against appropriation 011-140-0150 with an initial encumbrance of \$6,500. This contract is exempt from the provisions of G.L. c. 30B, as it is an employment agreement, and is awarded under the authority of the City Charter.

Under the terms of the contract, Mary Reardon will continue to file, monitor, and advocate for legislation on behalf of the City and its departments. Ms. Reardon will also assist city department heads in formulating, drafting, and filing legislation in preparation for the State Legislative filing deadline for the 1994 session. In addition, she will be responsible for the expeditious filing of all home rule petitions passed by the City Council and signed by the Acting Mayor during the period of her contract. Ms. Reardon's continuity of knowledge on many legislative matters of importance to the City of Boston and her past work experience make her uniquely qualified to perform these services during a short transitional period in the Office of State Relations.

Because of the professional nature of the services to be provided, I believe that public advertising would serve no useful purpose.

Sincerely,

Thomas Snyder,
Director.

Budget & Program Evaluation

Employee Training

C. 1269-94
September 3, 1993

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract for employee training to the Boston Management Consortium, Inc., (BMC) a non-profit organization located at Room 612A, One City Hall Plaza, Boston, MA 02201. This contract exempt from the provisions of G.L. c. 30B and awarded under the authority of the City Charter.

Under the terms of the contract, the Boston Management Consortium (BMC), Inc., a non-profit corporation which is organized under Massachusetts General Laws c. 180, s. 4, to assist in the solution of urban problems by improving the management capacity in public sector o

ganizations, will provide training and professional development to the City of Boston as specified by the City's Office of Budget and Program Evaluation (OBPE) under the Management Fund for the period of July 1, 1993, through June 30, 1994. The vendor will provide training days at a rate of \$520 per day and Training Support at a cost of \$200 per day, plus a discounted indirect cost rate of 30 percent for a total cost not to exceed \$210,000 as compensation for all services.

As a public-private partnership with the City, the Consortium is uniquely qualified to secure contributions of training and time from a wide array of private sector companies and universities which are used to provide training and learning processes to the employees of the City of Boston. Consequently, the City of Boston is able to obtain a greater value for its expenditure.

By bringing together departmental and interdepartmental groups, the Consortium can train them to be collaborative, innovative, and customer-driven, thus improving service delivery and responding to critical problems.

Compensation under this contract shall not exceed \$210,000, which I have determined to be reasonable for the work to be performed.

The terms of this contract shall be July 1, 1993, to June 30, 1994. The funding will be charged against appropriation 011-175-0175-MF01.

This contract is being submitted late due to the time involved in developing the scope of work and the subsequent receipt, completion and return of the contract documents.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Barbara Gottschalk,
Director.

*Health Benefit
and Insurance Division*

Insurance

C. 1741-94
June 28, 1993

Dear Mr. Mayor:

In accordance with Massachusetts General Laws Chapter 32B, Section 11D, the City of Boston is required to purchase Accidental Death Insurance for eligible policemen and firefighters, on terms deemed to be in the best interest of the City and its employees. (Note: Group Insurance contracts are exempt from the requirements of the Uniform Procurement Act, Massachusetts General Laws Chapter 30B.)

This coverage provides a death benefit amount of nearly two times the policeman's/firefighter's annual salary, paid to his/her beneficiary, for loss of life due to bodily injury caused by an accident in the line of duty. The death benefit amount is determined by the insurance schedule contained in M.G.L. Chapter 32B, Section 11A.

An employee is considered eligible for this coverage if he/she is employed by the City of Boston as an active full-time policeman or firefighter on a permanent basis is under age 70.

Employee participation in this plan is on a voluntary basis. However, to ensure that each eligible person is contacted, he/she is required to submit a signed enrollment card either electing or rejecting the coverage.

In FY '93 the Health Benefit and Insurance Division received bids from seven (7) insurance companies interested in providing this coverage to the City. They were as follows:

INSURANCE COMPANY	MONTHLY RATE PER \$1,000/COVERAGE
AIG Life Insurance Co. Commercial Life Insurance Company	.03c
International Accident Facilities	.042c
Life Insurance Co. of North America	.0465c
ITT Hartford Insurance Group	.0375c
Reliance Standard Life Insurance Co.	.14c
	.04c

The contract was awarded to the lowest bidder, AIG Life Insurance Company, 101 Federal Street, Boston, MA 02110.

The contract amounts for the past three fiscal years with AIG Life are as follows:

FY'91 — \$96,000
FY'92 — \$96,000
FY'93 — \$96,000

Your Honor's permission is requested to approve the award of a contract with AIG Life Insurance Company for Accidental Death Insurance for the period of July 1, 1993, through June 30, 1994, in an amount not to exceed \$96,000 from appropriation code 011-140-0148-HI03-0490.

Respectfully,
Irene Carrington,
Director.

C. 1739-94
June 28, 1993

Dear Mr. Mayor:

In accordance with Massachusetts General Laws Chapter 32B, Section 16, the City is required to enter into contracts to make available the services of health care organizations to eligible employees and retirees on terms deemed to be in the best interest of the City/County and its employees. (Note: Group Insurance contracts are exempt from the requirements of the Uniform Procurement Act, Massachusetts General Laws Chapter 30B.)

An order to ensure that the City offers the best possible insurance coverage and provides it in the most cost effective manner for the amount of money expended for this purpose, the Health Insurance Division issued a Request for Proposals (RFP) for Health Maintenance Organization (HMO) coverage for City of Boston active employees and retirees on October 9, 1990.

The consulting firm of William M. Mercer, Inc. was retained by the Health Insurance Division to prepare the RFP and compile the data from submitted proposals for review by an Evaluation Committee comprised of selected City officials. Mercer had unique insight into the health insurance needs and requirements of the City, as a result of their having conducted a comparative benefits survey of New England municipalities during FY '90 that elevated the City's current benefits package and recommended cost management strategies.

The Evaluation Committee was made up of top City officials from the following departments: Auditing, Budget, Contracts, Health Insurance, Personnel, Labor Relations, Law and Treasury. This Committee judged the submissions on the basis of pre-determined criteria with the goal of selecting four HMOs, with at least one HMO from each of the three models: staff, independent practitioner association, and neighborhood.

The Health Insurance Division entered into negotiations with the finalists selected by the Evaluation Committee and, as a result of this process,

the City arrived at the health plans most favorable to employees and retirees in terms of benefits and cost.

One of the health maintenance organizations selected by the Committee was the Blue Cross and Blue Shield HMO Network.

This Plan, which changed its name to Blue Cross and Blue Shield HMO Blue as of July 1, 1992, is comprised of the following three Blue Cross and Blue Shield HMOs offered as one benefit plan: the Lahey Clinic Health Plan, the Medical East Community Health Plan, and the North Shore Health Plan.

Since March 1, 1983, the City has contracted with the Medical East Community Health Plan to provide insurance as well as comprehensive medical care through its participating medical centers and affiliated hospitals. By including the Lahey Clinic and North Shore Health Plans in this network, employees selecting this coverage will have six hundred physicians to choose from in addition to the physicians already on staff at the eight Medical East health centers.

This contract amounts for the past three fiscal years for the Medical East Health Plan/HMO Network/HMO Blue were as follows:

FY'91 — \$2,800,000
FY'92 — \$2,550,000
FY'93 — \$4,000,000

Your Honor's permission is requested to approve the renewal of a contract to Blue Cross and Blue Shield of Massachusetts, Inc., 100 Summer Street, Boston, MA 02110, to provide comprehensive medical care through its HMO Blue Plan to eligible employees and retirees for the period of July 1, 1993, through June 30, 1994, in an amount not to exceed \$4,500,000 from appropriation code 011-140-0148-HI03-0490.

Respectfully,
Irene Carrington,
Director.

Personnel Management

Training

C. 2429-94
September 23, 1993

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Massachusetts Coalition for Occupational Safety and Health (MassCOSH), a non-profit corporation, located at 555 Amory St., Jamaica Plain, MA 02130, for health and safety committee training and development for City of Boston employees. This contract is exempt from M.G.L. c. 30B because it is for employee training.

Under the terms of the contract, MassCOSH will provide consultation, curriculum development, training and support for the City's labor-management health and safety committees. MassCOSH is uniquely qualified to do this work because of their extensive experience with occupational safety issues, labor-management committees and unionized employees. They have worked with us, previously, on our Citywide Health & Safety Task Force, and have been instrumental in the initiation and effectiveness of our overall health and safety effort. Their expert advice was essential in enabling us to receive a grant from the Department of Industrial Accidents for health and safety committee training. The services to be provided under this contract are directly related to MassCOSH's previous work with the City. MassCOSH was identified to

(Continued on next page)

(Continued from previous page)

provide these services in the proposal submitted to the Department of Industrial Accidents.

Compensation under this contract shall not exceed \$10,500, at the rate of fifty (50) dollars per hour, which I have determined to be reasonable for the work to be performed. The term of the contract is from September 1, 1993, to June 30, 1994. This contract is being submitted late due to a delay in receiving City Council's approval to accept the grant. The training was required to begin in September in the grant agreement with the Commonwealth.

Because of the unique nature of the services to be procured, I believe that public advertising would serve no useful function.

Very truly yours,

Roscoe Morris,
Director.

EDIC

Support Services

C. 19135-94

August 31, 1993

Dear Mayor Menino:

Pursuant to the vote of the Public Facilities Commission (PFC), dated May 28, 1993, stating that the Chief Executive Officer of the Economic Development and Industrial Corporation of Boston (EDIC) is authorized to request from the Mayor, in the name of and on behalf of the Commission, written authority to enter into contracts with service providers funded under the Community Development Block Grant (CDBG) program, I respectfully request your Honor's permission to award a contract to the University of Massachusetts at Boston, an accredited educational institution of the Commonwealth of Massachusetts, located c/o the Harbor Campus, Dorchester, MA 02125. Under the terms of the contract, the Contractor will provide staff development activities, technical assistance, volunteer training, library services and other support services to Boston area adult literacy programs through the Adult Literacy Resource Institute (ALRI). This contract is exempt from the provisions of G.L. c. 30B, as it represents an intergovernmental agreement with the Commonwealth of Massachusetts.

This program was selected for refunding based upon an evaluation of its refunding document submitted to EDIC, and an intensive review of the Contractor's performance during FY 1993. The proposal and review process focused on a number of criteria, including administrative responsiveness, the ability to achieve negotiated performance standards during FY 1993, site visits conducted by staff of the Jobs and Community Services Department of EDIC, and the availability of funds.

Compensation under the terms of this contract shall not exceed \$75,000, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1993, until June 30, 1994. This Contractor has had contracts with this agency for this program for the previous three (3) fiscal years at the following funding amounts: FY 91 - \$73,260; FY 92 - \$73,260; FY 93 - \$73,260. This request has been delayed due to the length of time involved in the program and funding review process.

Fiscal year 1994 represents the fourth consecutive year this program has been refunded, where refunding is contingent primarily on the Contractor's

performance during FY 1993. As this is a negotiated contract at a reasonable cost, based upon an extensive program performance and refunding document review, I believe that public advertising would serve no useful purpose.

Sincerely,

Paul L. Barrett,
Chief Executive Officer.

HEALTH AND HOSPITALS DEPARTMENT

Various Therapy Services

H317-93

August 31, 1993

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your permission to dispense with public advertising and to award a contract to Joseph M. Berman, residing at 57 Arborough Road, Roslindale, MA 02131, for the provisions of occupational and physical therapy services. This contract is exempt from the provisions of M.G.L., Chapter 30B and is awarded under the authority of the City Charter.

Under this contract Joseph M. Berman will provide 35 hours per week of occupational and physical therapy services for the patients at Boston Specialty and Rehabilitation Hospital.

Compensation under this contract shall not exceed \$49,000. Joseph M. Berman will be paid hourly at a cost of \$40/hour which I have determined to be reasonable for the work to be performed.

The term of this contract shall be April 1, 1993, through November 30, 1993.

Due to the shortage of occupational and physical therapists the two vendors under contract to provide temporary occupational and physical therapists for Boston Specialty and Rehabilitation Hospital have been unable to meet the hospital's needs. Therefore, the hospital had to seek help from other sources. Joseph M. Berman has agreed to provide the services on an hourly basis.

This contract encompasses more than one fiscal year and the City's financial obligations are subject to the availability of an appropriation in accordance with the requirements of City of Boston Code, St. 4, SS. 4 & 8.

C7-94
August 31, 1993

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Siemens Medical Systems, Inc., 186 Wood Avenue, Iselin, NJ 08830, for preventive maintenance and repair of Siemens medical equipment. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Under this contract Siemens Medical Systems, Inc. will provide preventive maintenance and repair for the following equipment:

- (2) Siemens remote 90/90 sierograph D3 R&F w/100 mm camera 50-s polydros generator w/tube
- (1) Siemens Pantoskop 5/Radiograph w/fluoroscopic and tomography
- (1) Siemens Multix UH with polyhos 50 w/tomography
- (1) Siemens Siremobil 4H-U C-Arm.

The cost for preventive maintenance is \$173,000. An additional \$100,000 will be set

aside to pay for repairs, as needed.

Compensation under this contract shall not exceed \$273,000.

The term of this contract shall be July 1, 1993, to June 30, 1994.

Therefore, because Siemens Medical Systems, Inc. is the manufacturer with personnel specially trained to perform preventive maintenance and repairs of the above equipment, and as the cost, in my opinion, is reasonable, no benefit would inure to the City by publicly advertising for bids.

This award is being processed late because documents were sent to the vendor on April 27, 1993, and were not received in the Contract Office until August 30, 1993.

Very truly yours,
Chester L. Veal,
Acting Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your permission to dispense with public advertising and award a contract to MDT Corporation, located at 1777 East Henrietta Road, Rochester, NY 14692, for preventive maintenance and repair service for sterilizers. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Compensation under this contract shall not exceed \$23,988, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be September 1, 1993, through August 31, 1994.

Because MDT Corporation is the manufacturer and has the personnel specially trained to maintain and repair the above equipment, at a cost I consider to be reasonable, no benefit would inure to the City by publicly advertising for bids.

This award is being processed late because the request for contract was not received by the Contract Office until the end of August. Documents were then sent to the vendor and were not returned until after the start of the contract period.

This contract encompasses more than one fiscal year and the City's financial obligations are subject to the availability of an appropriation in accordance with the requirements of City of Boston Code, St. 4. SS. 4 & 8.

The vendor will also provide two (2) preventive maintenance calls for all card embossers and four (4) preventive maintenance calls for the Model 5000 imprinters.

An additional \$8,000 will be added to the contract to provide for parts and services for the manual back-up Cardwriter IIs and emergency repairs not covered under the extended warranty for new Cardwriter IIs that are in the process of being leased.

Compensation under this contract shall not exceed \$46,375, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be January 15, 1994, through January 14, 1995.

Because DataCard Corporation is the manufacturer, and has trained personnel and availability of parts, and because the cost, in my opinion, is reasonable, no benefit would inure to the City by publicly advertising for bids.

This contract encompasses more than one fiscal year and the City's financial obligations are subject to the availability of an appropriation in accordance with the requirements of City of Boston Code, St. 4, SS. 4 & 8.

The Massachusetts Water Resources Authority (Waterworks: Industrial/Commercial/Institutional Water Management Program and Sewerage: Toxic Reduction and Control) in conjunction with the Executive Office of Environmental Affairs, Office of Technical Assistance for Toxics Use Reduction is planning a Workshop on Water Reuse.

The meeting will be held in Boston in June.

Table top space for vendors or relevant technologies will be available at a cost.

MWRA and OTA will select exhibition vendors on the basis of applicability to the expected facility management and engineering audience. Solicited technologies are those that may be used to:

- separate non-contact cooling water for reuse,

- purify industrial wastewaters for reuse or recycle,
- prevent the contamination of wastewaters, or
- "close the loop" and eliminate wastewater discharges.

Applicability for both Massachusetts industries and commercial facilities is sought. Technologies that allow for the reuse of heat energy as well as materials separated from wastewater will be favored over technologies that simply remove materials for disposal.

Please send a description of the equipment and services that you represent including all brochures you propose to hand out at the Water Reuse Workshop.

CERTAIN INFORMATION UNDER SECTION 17F
RE UPDATING OF STATUTES (DOCKET NO.
0185)

The following was received:
City of Boston
Office of the Mayor
January 24, 1994.

To the City Council.

Dear Councillors:

Relative to a Section 17F information request, passed by your Honorable Body on January 12, 1994, regarding the updating of City of Boston statutes, please find the attached response.

Sincerely,
Thomas M. Menino,
Mayor of Boston.

Q1: Who is responsible for updating the statutes relating to the City of Boston.

A1: There is no statute or ordinance requiring updating of the statutes relating to the City of Boston. Statutes relating to the City of Boston are Special Acts of the General Court of Massachusetts and as such are published in the year of passage by the Secretary of the Commonwealth in volumes entitled "Acts and Resolves of Massachusetts."

In 1985 former City Clerk John P. Campbell, with the cooperation and assistance of then Corporation Counsel Joseph I. Mulligan, awarded a contract to Coded Systems Corp. of Avon, New Jersey, for the recodification of the Ordinances of the City of Boston Code and publishing of a new totally revised Code of Ordinances for the City of Boston. The City Clerk's office has continued to update that Code.

In his June 20, 1985, award letter to former Mayor Raymond L. Flynn, Mr. Campbell declared that "[u]pon completion of this project the Corporation Counsel and I shall determine whether or not to undertake the updating and recodification of the statutes section of the Code," which had last been updated in 1975. Prior to that time, Corporation Counsel, subject to the availability of an adequate appropriation, had prepared and edited compilations of the special laws relating to the City.

It is anticipated that either the City Clerk, the Corporation Counsel, or a combination of the two officers, will request an appropriation for the updating and recodification of the statutes in the FY 95 budget. It is expected, based upon costs associated with the 1985 publication, that costs for updating and recodification of the statutes could reach as high as \$50,000.

Q2. When will the process of updating the statutes begin.

A2. Please see A1.

Q3. Who will supervise this project.

A3. Please see A1.

Q4. How will this project be funded.

A4. Please see A1.

Referred to the Committee on Government Operations.

LATE-FILED MATTERS

The Chair stated that, in absence of objection, one late-filed matter would be added to the Agenda.

No objection being heard, the following matter was added:

ORDINANCE RE BRINGING STATUTES IN CBC UP TO DATE AND PUBLISHING SAME BEFORE 7/15/94 AND PUBLISHING CHANGES IN SUCH STATUTES ON OR BEFORE 7/15 OF EACH SUCCEEDING YEAR (DOCKET NO. 0228)

Coun. KELLY offered the following;

Whereas, In 1975 the Corporation Counsel published the then existing special acts relating to the City of Boston and published annual updates to said acts as they were enacted for a year or two thereafter; and

Whereas, Subsequently the Corporation Counsel's annual updates were, for no discernable reason, discontinued; and

Whereas, It is of the utmost importance, not only to those in city government who are charged with the responsibility of acting in accordance with said acts, but to the general citizenry as well, that said acts be readily and fully available to those who have need of them; now, therefore, be it

Ordained, As follows: The Corporation Counsel shall proceed forthwith to take such action as is necessary to bring the statutes contained in the City of Boston Code up to date and to publish said updated

coded statutes on or before July 15, 1994, and to take such action as is necessary to publish succeeding changes in said statutes on or before July 15 of each succeeding year.

CERTAIN INFORMATION UNDER SECTION 17F RE SNOWBLOWERS (DOCKET NO. 0201)

Coun. McLAUGHLIN offered the following:

Whereas, The recent series of snow storms has made pedestrian travel very difficult; and

Whereas, The sidewalks adjacent to many city-owned properties and on city-owned bridges were not cleared in a timely manner or not cleared at all; and

Whereas, It would be far more efficient to have

personnel use snowblowers to clear these areas; now, therefore, be it

Ordered, That, under the provisions of Section 17F of Chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, His Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:-

Does the City of Boston own any snowblowers?

If, so, which departments have them?

How many does each department have?

Passed under suspension of the rules.

CERTAIN INFORMATION UNDER SECTION 17F RE SCHOOL ADMINISTRATORS (DOCKET NO. 0202)

Coun. O'NEIL offered the following:

Ordered, That, under the provisions of Section 17F of Chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, His Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:-

1. A complete list of all administrators employed by the Boston School Committee.

2. Home addresses.

3. Salaries of each and every administrator.

4. Where are they assigned?

Passed under suspension of the rules.

CERTAIN INFORMATION UNDER SECTION 17F RE CITY HALL EXECUTIVE GARAGE (DOCKET NO. 0203)

Coun. O'NEIL offered the following:

Ordered, That, under the provisions of Section 17F of Chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, His Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:-

The above clearly states within one week.

1. Name

2. Address

3. Department (where person works)

4. Registration number of vehicle

The reason for the above request is pertaining to the Executive Garage here at City Hall. There are many people who do not work in City Hall who have the card key to park in the garage. How are they allowed to have the authorized key if they do not work in City Hall?

This garage is for the Mayor's Office, the City Councillors and some department heads. Time and time again I see perfect strangers park in the garage and they are not authorized to be there. They park in a straight line, blocking the individuals who are authorized to park and make it very difficult to get out of their assigned place. It is very annoying for the people who are legally authorized to park in the Executive Garage.

Passed under suspension of the rules.

ORDER REQUESTING MAYOR REMAND FAMILY REGISTRATION ORDINANCE TO COUNCIL (DOCKET NO. 0204)

Coun. O'NEIL offered the following:

Ordered, That His Honor the Mayor remand the "Family Registration Ordinance", to the full mem-

bership of the Boston City Council.

It is the opinion of the sponsor of this order that the Mayor after having signed the ordinance into law was not told of the following information.

1. It was not on the regular order of business the last meeting of the year 1993.
2. It was never filed with the City Clerk.
3. It never had a public hearing.
4. It never had a docket number.

NOTE: At the time this matter happened, I was Acting President, I called all the Councillors to the Rostrum and explained to all of them that this request of Councillor Scondras's was a direct violation of all rules and regulations of this Council. Every rule was violated. I moved to send the ordinance to the proper committee and abide by the rules of this Council.

The person who is filing this order wants this council to know that I have in all my twenty-two years here at the Council never seen this happen and I resent it.

The press was very critical of my actions and all I was trying to do was a proper job.

Now that the Mayor knows just what happened here he has no alternative but to send the ordinance back immediately in order to have the rules and regulations adhered to.

Rules are rules; let's start abiding by the rules and regulations of the Council.

Referred to the Committee of the Whole.

COMMITTEE ON ENVIRONMENT AND HISTORIC PRESERVATION TO HOLD HEARINGS RE GRAFFITI (DOCKET NO. 0205)

Couns. IANNELLA and KEANE offered the following:

Whereas, The City Council finds and determines that graffiti vandalism has exploded across Boston in recent years, negatively affecting the quality of life in the neighborhoods affected and the success of local businesses;

Whereas, The City Council finds and determines that graffiti constitutes a public nuisance, contributing to urban blight by physically damaging the structures upon which the graffiti is placed, reducing the value of the structures affected, altering the landscape of the surrounding neighborhood and inviting crime;

Whereas, Graffiti costs city residents, businesses and government hundreds of thousands of dollars a year in cleanup costs;

Whereas, Studies have indicated that graffiti attracts graffiti and therefore prompt removal of graffiti is essential to reduce graffiti recurrence;

Whereas, Aggressive abatement of graffiti will avoid the detrimental impact of the unchecked growth of graffiti vandalism on the City and its residents and prevent the continued proliferation of graffiti; therefore be it

Ordered, That the Environment and Historic Preservation Committee of the City Council convene a public hearing regarding:

1. The adequacy of existing law in addressing the escalating graffiti problem facing Boston's neighborhoods;

2. The feasibility of appointing a graffiti abatement coordinator for the City of Boston who would be responsible for coordinating the graffiti-related responsibilities of all city entities; and

3. The feasibility of establishing a graffiti removal program for the City of Boston. Specific issues to be considered regarding such a program should include

- a. Appropriate requirements to be imposed on residential, commercial and government property;

- b. Special needs such as historic buildings;

- c. Types of technical assistance that should be available to assist landowners in eradicating graffiti on their property;

- d. Utilization of community organizations in removal efforts; and

- e. Public education.

Referred to the Committee on Environment and Historic Preservation.

COMMITTEE ON EDUCATION TO HOLD HEARING RE SCHOOL DEPARTMENT FY94 BUDGET (DOCKET NO. 0206)

Coun. DAVIS-MULLEN offered the following:

Whereas, The FY94 School Department budget approved by the City Council on June 23, 1993, was reviewed by the Ways and Means Committee. Under the 1994 City Council Rules the Committee on Education and School Matters will have oversight of the School Department budget; and

Whereas, It would be beneficial for new members of the Committee on Education and School Matters to receive an update on the FY94 budget in anticipation of Committee review of the FY95 budget; and

Whereas, On December 14, 1993, the Council's Ways and Means Committee held a hearing on a supplemental appropriation for the School Department to fund provisions of the Boston Teachers' Union contract; and

Whereas, Superintendent Lois Harrison-Jones indicated at the Dec. 14th hearing that several new initiatives had been undertaken with the assumption that additional state aid resulting from the Education Reform Act of 1993 would be appropriated to fund these initiatives; therefore it

Ordered, That the Boston City Council's Committee on Education hold a hearing on the School Department's FY94 budget, and review budget projections for the remainder of FY94; and be it further

Ordered, That Superintendent Lois Harrison-Jones, Deputy Superintendent Arthur Steller and Chief Financial Officer Arthur Shea be invited to attend and present testimony

On motion of Coun. IANNELLA the order was postponed to a date certain, to wit, Wednesday, February 2, 1994, at 1 p.m.

CERTAIN INFORMATION UNDER SECTION 17F RE CRIMINAL INCIDENTS IN BOSTON PUBLIC SCHOOLS (DOCKET NO. 0207)

Coun. DAVIS-MULLEN offered the following:

Ordered, That, under the provisions of Section 17F of Chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, His Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:

1. The number of criminal incidents occurring in Boston Public Schools during the 1991-92 and the 1992-93 school years, broken down by:

- a. School zone
- b. Incident type
- c. Incident disposition (expulsion, arrest etc.)

2. The number of weapons seized in Boston Public Schools during the 1991-92 and the 1992-93 school years, broken down by:

- a. School level (elementary, middle, high)
- b. Weapon type

Passed under suspension of the rules.

ORDINANCE AMENDING CBC. ORDINANCES, RELATIVE TO SNOW AND ICE (DOCKET

NO 0208)

Coun. IANNELLA offered the following:

Section 1. City of Boston Code, Ordinances, Title 16, as amended, is hereby further amended, by striking section 16-12.6 thereof and inserting in its place, the following:

(A) 16-12.6 REMOVAL OF SNOW AND ICE.

"No owner or tenant of an estate abutting on a sidewalk shall place or suffer to remain for more than three (3) hours between sunrise and sunset, any snow upon such sidewalk, or any ice upon such sidewalk unless such ice is made even and covered with sand or sawdust or other appropriate material to prevent slipping; nor shall any person remove any ice or snow from privately owned property and place it upon any sidewalk or roadway of any street."

(B) Said Title 16 is further amended by striking from section 16-32.1, the figure "16-12.16" and inserting after the first paragraph, the following new paragraph:

1. "Subsection 16-12.16 may similarly be enforced, provided, the fine for failure to remove or make safe shall be fifteen (\$15) dollars with respect to premises abutting a residential property having less than sixteen residential units, fifty (\$50) dollars with respect to every other property, and, the fine for placing snow on a sidewalk or street shall be fifteen (\$15) dollars with respect to land abutting such residential premises, fifty (\$50) dollars with respect to non-residential premises that place less than a cubic yard of snow on to a sidewalk or street and two hundred and fifty (\$250) dollars with respect to any non-residential property that places a cubic yard or more of snow on to a sidewalk or street. Said fines may be imposed, for each violation, on a per day basis."

(C) Said Title 16 is further amended by inserting in section 16-32.6, the following:

"Subsection 16-12.16 Such amendment as is provided in subsection 16-32.1."

Referred to the Committee on Government Operations.

ORDER TO ESTABLISH WITHIN COMMUNITY SCHOOL PROGRAM A COMPONENT TO PROVIDE REGISTRY FOR TEEN-AGED RESIDENTS WILLING TO DO ODD JOBS FOR RESIDENTS REQUESTING ASSISTANCE (DOCKET NO. 0209)

Coun. IANNELLA offered the following:

Ordered, There shall be established within the Community School Program, a component which shall provide a registry for teen-aged residents of Boston willing to do odd jobs, snow shoveling, yardwork and the like, for other Boston residents who request assistance. The Community School Program shall act as an administrator by helping students find employment. This employment also provides students with an opportunity to engage in community service by helping Boston residents that are unable to do the work themselves. The fee for such services shall be mutually agreed upon by the parties involved (student/employer), but should not be less than the minimum wage set by federal guidelines. Although the Community School Program acts as a liaison, linking students who are willing and able to work, with those residents seeking assistance, all monies shall go to the student for services rendered.

The program may refuse to register or keep regis-

tered any person known to have criminal involvement or who has been reliably reported to fail to perform reasonably and responsibly, provided however, registration shall not be taken as a guarantee or warrant as to any registrant and no person shall rely on registration for any purpose.

Referred to the Committee on City and Neighborhood Services.

COMMITTEE ON PUBLIC SAFETY TO HOLD HEARINGS RE EMERGENCY PREPAREDNESS (DOCKET NO. 0210)

Couns. IANNELLA and CONLEY offered the following:

Whereas, California has recently suffered a devastating earthquake, effectively crippling the city, resulting in an excess of seven billion dollars damage, as well as a number of fatalities and many more life threatening injuries; and

Whereas, There is regular earthquake activity in New England and seismologists predict that Boston would be particularly hard hit, by even a mild earthquake, since many of the city's buildings stand on filled land and are not structurally designed to withstand such force; and

Whereas, The general public has not been alerted of the danger and do not know the necessary precautions to take in the event of an earthquake; and

Whereas, It has been a number of years since the City Council has reviewed emergency plans and insured that a disaster plan involves all key city agencies such as: the Police and Fire Departments, Emergency Medical Services, the Water and Sewer Commission, Public Works, Public Facilities, the Transportation Department and the Environment Department, as well as having a plan in place which links the city to the private sector such as the gas, electric and telephone companies, during emergencies or other natural disasters; and

Whereas, Although Boston has an emergency command center, it appears that there is little coordination between city agencies as they cannot communicate with each other via two-way radios; and

Whereas, Planning and preparing for city-wide emergencies, including all natural disasters and earthquakes, will minimize the potential economic impact from the destruction of buildings and streets, as well as decreasing the number of injuries and fatalities; therefore be it

Ordered, That the Public Safety Committee hold open, public hearings to educate the residents of Boston, thereby decreasing the level of danger facing the general public in the event of an emergency. Moreover, the Public Safety Committee is ordered to call key city officials before said hearings to review all essential departments' emergency plans, and to demonstrate their level of preparedness should an earthquake or any other natural disaster strike Boston.

Referred to the Committee on Public Safety.

NO. 17

MAYOR BREAKS GROUND AT YOUTH CENTER AT HARAMBEE PARK

Mayor Thomas M. Menino recently broke ground for the construction of the \$4 million George Robert White Youth Development Center at Harambee Park (Franklin Field), which will commence within the next four weeks. This project will convert the former M.D.C. rink and pool into a 30,000-square-foot multi-use facility that will include a gymnasium, teen lounge, audio-visual/recording studio, computer center, library, game rooms, an enclosed play area and an outdoor amphitheater and pool. The Center will be operated by the Boys and Girls Clubs of Boston under a long-term lease agreement with the White Fund. The center's programs are intended to serve more than 15,000 youth of the Mattapan and Dorchester neighborhoods that reside within a one-mile radius of the site. Mayor Menino stated that the creation of this new center along Blue Hill Avenue and its management by the Boys and Girls Clubs of Boston will act as a catalyst for future partnerships across our city. We need to endeavor to assist the youth of Boston in every way possible to excel and prosper. Our recent series of Youth Meetings clearly demonstrated the need for facilities like this one. I, along with my fellow trustees, am pleased to bring this project forward to this stage."

The Center's design was developed by the architectural team of Leers, Weinzapfel Associates, Architects, Inc. (WBE) and Chisolm Washington, Architects, Inc. (MBE) under the direction of the City of Boston's Public Facilities Department.

The details of the design and the center's programming were developed after a more than year long community input process which involved literally hundreds of neighborhood residents, local youth and agency representatives.

Frances Moseley, President and Chief Executive Officer of Boys and Girls Clubs of Boston stated "Boys and Girls Clubs of Boston is honored to be a partner in the reinvestment of Blue Hill Avenue. The establishment of a Boys and Girls Club Youth Development Program in partnership with the City of Boston, along with other evolving community collaborations will result in a more positive environment for the youth of Boston.

The White Fund, a public charitable trust, was bequeathed to the City of Boston in 1922 by noted pharmacist and real estate magnate George Robert White. The income from this fund has been used to construct eighteen neighborhood facilities across Boston including health and recreation centers, pools and memo-

MAYOR MENINO RELEASES PROPOSED FY95 OPERATING BUDGET

Mayor Thomas M. Menino, on April 13, released his proposed FY95 Operating Budget, which recommends a \$1.396 billion spending level — a 3.2 percent increase over FY94 — and incorporates several significant recommendations of the Mayor's Transition Committee Report.

Mayor Menino said, "This budget reflects my priorities — a safe, clean city in which to live and work, concern for our children, and modest investments to maintain and enhance the effectiveness of City government."

The proposed spending level includes a six percent increase for the Police Department to enhance uniformed strength by 120 officers for a level of 2,030 officers by June of 1995. The budget also provides for additional firefighters to maintain current staff levels through FY95 after several years of decline.

Mayor Menino's emphasis on keeping Boston clean is reflected in new funds for additional posted arterial and neighborhood sweeping, additional resources for business district hand sweeping, pothole repairs and Public Works equipment replacements.

Funds for recycling were increased by 58 percent to bring "blue boxes" for cans and bottles to more neighborhoods, to expand newspaper col-

The White Fund is managed by the City of Boston Treasury Department's Trust Office under the direction of a five-member board of trustees. The Trustees are Mayor Thomas M. Menino, City Council President James M. Kelly, City Auditor Sally Glora, the President of the Boston Bar Association, James J. ernment, to establish clear lines of authority and accountability. Mayor Menino has already adopted this recommendation and has appointed eight of his nine Cabinet members over the past weeks.

Mayor Menino said, "I share the Committee's opinion that we must remove the barriers to communication among City departments and instill a spirit of cooperation to provide Boston's citizens with the most effective and efficient delivery of City services."

After an exhaustive audit of municipal departments, the Mayor's 41-member Transition Committee identified a number of issues impeding the delivery of City services, including poor coordination between critical agencies, costly duplication of programs and unnecessary red-tape. John P. White, chair of the Committee, said, "Our strategic audit has shown that the City has the potential to deliver truly outstanding service to its citizens. The Transition Committee joins with the Mayor and his Administration in the commitment to make that potential a reality.

The report includes other key recommendations, including:

- Conduct a management audit of the Boston Fire Department to evaluate opportunities for improved efficiency at less cost;

- Consolidate the Fair Housing Commission, Human Rights Commission and Commission for Persons with Disabilities into a new Office of Human Rights;

- Merge the City's operating and capital budgeting programs into the Office of Budget Management to improve the planning and coordination of major public projects;

- Reduce the City's workforce, excepting teachers and public safety officers, by 10 percent during the term of the Administration;

- Consolidate the construction, repair, policing and maintenance of City buildings into an Office of Property Management;

- Create an Office of Management and Information Services to introduce critical technological and managerial

innovations into City government, set employee performance standards and conduct resident surveys concerning the quality of City services; and

- Create a "think tank" of individuals from the academic, business, labor and philanthropic communities to bring innovative solutions to issues facing the city.

The report contains dozens of recommendations for improving the delivery of City services, including:

- Basic Services: Use technological innovations, such as ATM-like machines and Boston's cable television network, to make City services more accessible and convenient for residents.

- Education: Implement the City-wide Youth Safety Committee's "Safe and Secure School Plan" to emphasize staff training and a violence prevention curriculum in all grades.

- Public Safety: Place more police officers on the streets by decentralizing the Police Department's administrative responsibilities, flattening the command staff and replacing sworn officers in administrative positions with civilian staff.

- Youth and Family Services: Change the governance of the Department of Health and Hospitals and its two hospitals by creating a separate authority or independent entity to preserve the hospitals' basic mission during this period of turmoil in the health care industry.

- Economic Development and Housing: Streamline procedures at the Inspectional Services Department and Zoning Board of Appeals to eliminate unnecessary, time-consuming and costly regulations.

- Administration and Finance: Select the City's Bond Counsel, Financial Advisor and Bond Underwriters through an open and competitive bidding process.

It is the policy of the City of Boston to award at least 15 percent of the City's contract dollars to minority-owned businesses and at least 5 percent to women-owned businesses.

lections and provide for additional recycling centers.

The proposed budget also provides for expanded hours at both Community Centers and libraries, including Sunday hours at the Main Library at Copley Square and four additional Saturday hours at four branch libraries. Funding was also included to open fourteen community centers for eight hours every Saturday, as well as Friday evenings during the summer months. In addition, summer jobs for youth have been increased by five percent.

In his proposed budget, Mayor Menino incorporates several recommendations of his Transition Committee, including a strong Cabinet form of government and more specific performance measures to establish accountability for the delivery of City services. Funding is included for a Fire Department audit, a comprehensive analysis of the City's technology needs and new automated management systems for the Inspection Services Department.

NEW EPA POLICY WILL BENEFIT MWRA RATEPAYERS

A new policy announced by the U.S. Environmental Protection Agency this week on controlling pollution from combined sewer overflows (CSOs) could help save Massachusetts Water Resources Authority ratepayers hundreds of millions of dollars, according to MWRA officials.

The new policy allows cities to tailor CSO solutions to individual problem areas rather than requiring more expensive generic solutions. CSOs, primarily found in older cities, act as relief valves in the sewer system during wet weather. When the sanitary sewer system is inundated with rainwater, CSO pipes deposit the combination of raw, untreated sewage and street runoff into local harbors and rivers when there is too much flow for treatment plants to handle.

"This policy initiative by the Clinton Administration will save MWRA ratepayers hundreds of millions of dollars by allowing creative ways to comply with an unfunded federal mandate," said Charles Lyons, a Selectman from Arlington and a member of the MWRA Board of Directors. "This is a huge victory for state and local officials, environmental activists and EPA policy makers, all of whom played key roles in the formulation of the policy". Lyons cautioned, however, that the key to the policy's implementation is an expansion of federal funding by Congress for CSO control and wastewater treatment facilities.

Lyons, together with Richmond, Virginia, Mayor Geline Williams, formed the CSO Partnership to represent over 1100 U.S. communities with CSO problems. The Partnership lobbies for changes in EPA's CSO policies, and for federal funds to address CSO control. Lyons praised EPA Region I officials in Boston for supporting efforts to reduce overall CSO costs in light of the burden MWRA ratepayers are already bearing to fund the \$3.5-billion Boston Harbor Project.

MWRA staff played a key role in the policy negotiations, sitting at the table with national environmental and municipal groups to hammer out a proposal. This negotiated approach to policy formulation, incorporating input from a diverse group of "stakeholders," may serve as a model for facing other environmental challenges, the EPA has indicated.

There are over 80 CSOs around Boston Harbor and its tributary rivers, the Charles, Mystic and Neponset. At one time, the MWRA proposed to construct 22 miles of huge tunnels under the Boston area to capture and then treat combined sewage and stormwater — or face a \$25,000 per day fine for each CSO violation. MWRA Executive Director Douglas MacDonald noted that, with the support of the Massachusetts Department of Environmental Protection and EPA Region I, MWRA and lo-

cal communities have already embarked on a program to upgrade and repair sewer facilities, substantially reducing CSO discharges into the Harbor and rivers. Based on an extensive data collection effort conducted over the last several years, the MWRA has recently recommended more than 100 low cost, in-system improvements which will yield further reductions in pollution.

According to MacDonald, "this EPA policy dovetails with our investigation of the most cost-effective ways of achieving environmental gains in the area of wet weather pollution". A comprehensive effort to develop a System Master Plan is now under way, and the MWRA is scheduled to report back to the federal judge overseeing the Harbor project by the end of 1994.

The training session will be held on Monday, April 25th, from 8:30 a.m. to 12:30 p.m. at 125 High Street, Boston. Program Facilitator is Nancy Goldberg, Associate Director of the Center for Corporate Community Relations at Boston College. There is a \$15 registration fee. Those interested in attending should contact Nancy Gordon (617) 478-5134 or Judy Wasserman (617) 345-2237.

"The Corporate Volunteer Council is a valuable resource for corporations with existing volunteer programs as well as an excellent place to gain experience and knowledge to start a program," comments Mary Rafferty, Associate Director, Community Relations, NYNEX New England, and 1994 Co-Chair of the CVCGB. "Many member organizations are individually sponsoring other activities during National Volunteer Week such as volunteer fairs, employee volunteer recognition events and hands-on volunteer projects."

In addition to the volunteer program training, the CVCGB is supporting the Massachusetts Volunteer Network's Volunteer Achievement Awards by sponsoring the Corporate Program Award. This Awards program acknowledges and recognizes outstanding and often unsung volunteer efforts. The award winning firm will receive a statue and \$300 for presentation to an organization where the firm's volunteers are actively involved. The awards ceremony was held during National

Volunteer Week, on April 21, 1994, at the Newton Country Day School, 785 Center Street, Newton.

The CVCGB encourages cooperation and participation in public-private volunteer partnerships in addition to strengthening and promoting corporate volunteer interests and programs of its membership. Member firms are represented by almost every major industry: advertising, architecture, banking, communications, education, entertainment, financial services, health care, high tech, insurance, law, manufacturing, real estate and utilities.

BOSTON POLICE DEPARTMENT WINS \$50K FEDERAL GRANT AND OPPORTUNITY TO COMPETE FOR ADDITIONAL MILLIONS

Mayor Thomas M. Menino, on April 14, announced that the Boston Police Department has won a \$50,000 planning grant from the U.S. Department of Justice and has been selected to compete for another several million dollars under the Justice Department's "Comprehensive Communities Program."

Boston was one of only 16 communities nationwide chosen to receive the \$50,000 planning grant and to compete to become one of six "Comprehensive Communities." The six chosen as Comprehensive Communities will be eligible for a share of \$17.3 million in program funds to implement their strategic plans. The selection of the final six will be based on a number of criteria, including the comprehensiveness and make-up of the strategic plans developed with the grants.

Mayor Menino said, "This is recognition from the Department of Justice that the Boston Police Department has the ability to implement new and innovative strategies to reduce crime, violence and fear. The Department will use the planning grant to design a cutting-

edge strategic plan for public safety. Commissioner Evans will implement the plan to utilize existing resources more efficiently and to position us to win major new funding."

Mayor Menino also acknowledged the ongoing support of Boston's Congressional delegation, particularly Senators Kennedy and Kerry and Representatives Moakley and Kennedy.

Senator Edward M. Kennedy elaborated: "I'm delighted that the Justice Department has chosen Boston to participate in the application process for the Comprehensive Communities grant. This is welcome recognition of Boston's innovative approach to neighborhood policing. Mayor Menino and Commissioner Evans deserve great credit for their efforts to improve public safety in our city."

Police Commissioner Paul F. Evans said, "With our new philosophy and strategy of neighborhood policing, we have in place the framework to develop a long-range strategic plan and to win further recognition as one of America's six Comprehensive Cities. We have already begun designing a new round of strategic plans for the Plan of Action we embarked on in 1992. This grant will boost that effort as well."

The Police Department's plan will be submitted in August of 1994, with long-range funding becoming available for the six selected communities is federal FY95, which begins October 1, 1994.

Introduction

By all accounts, the Second World War was the greatest war fought in the history of Western civilization. Yet, it

was more than a war of guns, planes, and ships. It was a war which forever changed Western society's perceptions of its fundamental institutions. These changes were not lost on Hollywood's film industry.

While World War II is the central focus of *Hollywood Returns to the War*, it is the issues, events, and people shown in these films that determined the new post-war world. For a period of twenty-five years, from 1945 to 1970, the film industry produced numerous films that sought to explain the cause and effect of the war on contemporary life. The Boston Public Library is pleased to present this series of award-winning films which showed where we had been and where we were going. Some of the films in this series may contain adult language and situations.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

HEALTH AND HOSPITALS DEPARTMENT

Radioactive Waste

C17-94
October 4, 1993

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your permission to dispense with public advertising and award a contract to ADCO Services, Inc., a corporation located at 17650 Duvan Drive, Tinley Park, IL 60477, to remove radioactive waste from Boston City Hospital. This contract is exempt from the provisions of M.G.L., Chapter 30B and is awarded under the authority of the City Charter.

Under this contract ADCO Services, Inc., will remove RAD dry waste from Boston City Hospital upon request. The current cost is \$59.96 per cu. ft. subject to any increase initiated by the disposal site. In addition, there is a State of South Carolina surcharge of \$110 per cu. ft. of RAD dry waste if less than 200 pounds per 55-gallon drum. An additional amount of \$170/50 lbs. will be added to any amount over 200 lbs./55-gallon drum. This cost is also subject to increase by the State of South Carolina. The Department will be notified by ADCO 30 days in advance of any increase.

Compensation under this contract shall not exceed \$14,000, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1993, through June 30, 1994.

Because of the professional nature of the services to be performed, because ADCO Services is listed on the Department's Nuclear Regulatory Commission federal license, NRC #20-00275-08 and will take responsibility for certain waste upon removal while other companies do not, and also because as charges are only accrued upon removal with free delivery, I believe that public advertising would serve no useful purpose.

This contract is being processed late because the corrected Standard Contract Form (CM-10) was not received from the vendor until October 4, 1993.

Very truly yours,
Lawrence A. Dwyer,
Commissioner.

INSPECTIONAL SERVICES DEPARTMENT

Four (4) bidders were solicited by the Inspectional Services Department, four (4) placed a written bid, namely:

Neponset Construction Inc., 71 Proctor St., Roxbury, MA 02119. Cost: \$67,320.

This contract is exempt from the provisions of G.L.C. 30B and is awarded under the authority of G.L. 143 Section #9 and G.L. 149 Section 44A et seq.

Under the terms of the contract Neponset Construction, Inc., will demolish a building located at 2286-2302 Washington Street, Ward 9, and fill excavation to grade. The Neponset Construction, Inc., is especially qualified to do this work as they have the equipment and materials necessary to perform; carries adequate insurance and is able to get bonding. This Company is always ready to respond whenever an emergency situation occurs and will finish the work in a minimum amount of time.

Compensation under this contract shall not exceed \$67,320, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be from August 6, 1993, to August 20, 1993.

This Letter of Award was held up due to the contractor's late submittal of necessary forms and bonds.

Because of the urgency and necessity for the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Thomas J. McNicholas,
Commissioner.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Sincerely,
Albert W. Wallis,
Corporation Counsel.

Compensation under this contract shall not exceed \$60,000, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be October 15, 1993, through June 30, 1994. This contract will be charged to appropriation code 011-140-0149-M105-0290 with an initial encumbrance of \$30,000.

Because of Mr. Wilbert's knowledge of this system and cost estimates which more than double the rate to be paid to Mr. Wilbert (\$42) per hour, I believe public advertising would serve no useful purpose.

Sincerely,
Alan K. Stern,
Director.

POLICE DEPARTMENT

Legal Services

94-2828
July 28, 1993

Dear Acting Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to James A. Brett, an attorney, located at 101 Tremont Street, Boston, MA 02108, for legal services. This contract is exempt from the provisions of M.G.L. c. 30B and is awarded under the authority of the Boston City Charter.

Pursuant to an Order passed by the City Council on August 17, 1988, and approved by Mayor Flynn on September 6, 1988, the Corporation Counsel has designated James A. Brett, Esquire, "Special Outside Counsel."

Under the terms of this contract, Mr. Brett will provide legal representation to James Hart in the matter of *Broderick v. Roache* (90-11500-MA); in labor relation cases MUP 7713, 7932, 8293, 7745, 8837, for the Boston Police Department and any additional cases concerning the Broderick matter as assigned by the Corporation Counsel or his designee. Attorney Brett shall submit quarterly status reports on each assigned case to the Corporation Counsel with a copy to the Legal Advisor and shall keep the Office of Labor Relations informed of all labor relations matters as appropriate.

Mr. Brett is uniquely qualified to provide these services because of his expertise and experience in this field. Mr. Brett is the attorney of record for these assigned cases.

Compensation under this contract shall not exceed \$40,000, to be paid at the rate of \$125 per hour, which I have determined to be reasonable.

The period of this contract shall be July 1, 1993, through June 30, 1994. Funding for this contract shall be charged against appropriation 011 211 0211 PD01 0290.

Due to the professional nature of the services involved and because Mr. Brett has been handling these matters under a previous contract, I believe that public advertising would serve no useful purpose.

This contract is being submitted late as a result of the administrative transition period required to accommodate personnel changes within the department. These changes affected the ability to confirm the extent of this contractor's work assignments until this time.

Respectfully,

William J. Bratton,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT

Under the terms of this contract, the contractor will operate, clean and maintain the Parkman House. This contract is exempt from the provisions of M.C.L. c. 30B as it is a grant agreement with a non-profit corporation to carry out a public purpose of support or stimulation.

Compensation under this contract shall not exceed \$70,000, which I have determined to be reasonable for the services to be performed. The term of this contract shall be from July 1, 1993, to June 30, 1994. Funds for this contract shall come from those received under the Operating Budget for Fiscal Year 1994. The submission of this request for approval has been delayed due to the time required to negotiate the scope of services.

I believe that public advertising would serve no useful purpose. I, therefore, request permission

to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Respectfully,

Mary Nee,
Director.

SCHOOL DEPARTMENT

C. 4643-94.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I respectfully request your permission to award a contract without public advertising to there law firm of Krokidas and Bluestein, One Milk Street, Boston, MA 02109, for the services of Attorney Richard M. Bluestein.

Mr. Bluestein has been representing the School Committee in collective bargaining with the Boston Teachers Union and the Boston Association of School Administrators and Supervisors for the 1992-1995 contracts with those unions as well as in *Boston Teachers Union Local 66, AFT, AFL-CIO v. Lois Harrison-Jones, et al.*, Superior Court No. 92-3863G (concerning school nurses). Because of Mr. Bluestein's familiarity with the issues involved in the collective bargaining processes as well as in the litigation, he is uniquely qualified to proceed with those matters and to provide the services required by the School Committee. These services shall be provided under the general direction of the Corporation Counsel, reporting through his designee, Special Assistant Corporation Counsel Marien E. Evans.

The period of the contract shall be from July 1, 1993, through June 30, 1994, at an hourly rate of \$165, for a total cost not to exceed \$100,000, which I deem to be reasonable.

This contract is exempt from G.L. c. 30B and awarded pursuant to the City Charter. Because of the professional nature of the services and the expertise of the vendor, public advertising would serve no useful purpose.

This contract is submitted late because initiation of the contract documents was not timely, resulting in a regrettable delay. The situation has been addressed and should not occur again.

Very truly yours,
Lois Harrison-Jones, Ed.D.,
Superintendent.

C. 4999-94.
August 31, 1993.

Dear Mr. Mayor:

This contract is exempt from the provisions of G.L. c. 30B pursuant to G.L. c. 30B, s. 1(b)(14) and is awarded under the authority of the City Charter.

Under the terms of the contract, Mr. Pierce and his associates will continue to represent the School Committee in the complex, seventeen-year-old litigation involving the provision of special education services. Mr. Pierce's years of experience both as a trial lawyer and a Superior

Court Justice, in addition to his having represented the School Committee in this matter for the past year, uniquely qualify him to represent the School Committee in this litigation.

The term of this contract shall be from July 1, 1993, through June 30, 1994. Compensation shall be at a composite rate not to exceed \$225 per hour for approximately 445 hours for a total compensation not to exceed \$100,000, which I have determined to be reasonable for the work to be performed.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This contract is being submitted late because of the need for continuation of services, and because of the need to obtain the contractor's signature on the contract documents.

Very truly yours,
Lois Harrison-Jones, Ed.D.,
Superintendent of Schools.

C. 5000-94.

Compensation under this contract shall not exceed \$169,404, which I have deemed reasonable for the services to be performed.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lois Harrison-Jones, Ed.D.,
Superintendent of Schools.

C. 4642-94.
September 21, 1993.

Liability Insurance

Dear Mr. Mayor:

I respectfully request your Honor's permission to award a contract without public advertising for the provision of motor vehicle liability insurance for the school bus fleet consisting of in excess of

six hundred vehicles to Willis Corroon Corporation, 5 North Park Drive, Hunt Valley, MD 21030, for the period September 1, 1993, through June 30, 1994, at a cost not to exceed \$2,735,695. This contract is exempt from G.L. 30B and is awarded pursuant to the Boston City Charter.

The background of this award is as follows:

After public advertising in the *City Record* on April 26, 1993, and May 30, 1993, three bids were received and opened on June 15, 1993. The lowest responsive and responsible bid for the period July 1, 1993 - June 30, 1994, that of United Insurance International was \$3,519,042. Upon receipt of the bids, a Superintendent's Transportation Task Force was convened to consider the bids. After consideration and evaluation of those bids, the Task Force recommended that the School Department request its insurance advisor, J. H. Albert, Inc., to attempt to place directly the insurance for the summer only, in order to allow additional time to either re-bid the contract or to proceed in another fashion. That recommendation was accepted and J. H. Albert was authorized to proceed to commence negotiations to obtain a commitment for an insurance program most favorable to the City. J. H. Albert was directed to seek at least three written quotations from vendors including, but not limited to, those who had previously submitted formal bids. J. H. Albert's efforts resulted in a contract for \$228,500, for the period of July 1, 1993 - September 1, 1993, an amount approximately one-half that previously quoted by the participants in the public bidding process when prorated for the summer months only.

Because of the favorable results obtained by this process to insure our bus fleet during the summer months, and because of time constraints, and based upon the advice of J. H. Albert, I directed J. H. Albert to seek new quotations for the period September 1, 1993 - June 30, 1994, utilizing a negotiation process similar to that which had produced the favorable results described above.

J. H. Albert developed specifications and had informal discussions with seven insurance brokers and determined that four of the brokers could access insurance companies ("markets") that were good candidates for this process. J. H. Albert then assigned markets to four of the seven brokers. On August 13, 1993, written proposals were received from two brokers for guaranteed fixed cost premiums for "first dollar coverage" of \$1,000,000/\$1,000,000 liability insurance. The companies which submitted bids were:

Broker	Bid
Willis Corroon Corporation	\$2,735,695
United International Ins. Co.,	\$3,076,852
145 Wood Rd.	
Braintree, MA 02184	

Bids were also submitted for various deductible programs, but the costs for those programs were estimated to be higher than the premium for first dollar coverage submitted by Willis Corroon Corporation.

The total cost of the insurance coverage requested for the entire 1993-1994 year (July 1, 1993 - June 30, 1994) is \$554,847 less than the lowest formal bid submitted in June as described above. The lowest bid received as the result of the formal bidding process was that of United International Insurance Co., \$3,519,042. The cost of insurance for the summer was \$228,500. The total cost for insurance for the period July 1, 1993 - June 30, 1994 will be \$2,964,195 (which represents the negotiated cost of \$228,500 plus the bid

of \$2,735,695 submitted by Willis Corroon Corporation). Obtaining for our bus fleet adequate insurance at a reasonable cost is a complex, time consuming process. I am satisfied and pleased that we were able to achieve these results.

Due to the urgent need to have insurance coverage effective as of September 1, 1993, and because this contract was advertised once and the obtained result was not satisfactory, it is my opinion that further public advertising for this insurance would not have obtained prices more favorable than those obtained through this process.

Because of the technical and specialized nature of this contract, the continuing escalation of insurance costs and the favorable price negotiated, I respectfully request your permission to award the contract for liability insurance for the School Department's school bus fleet without further advertising to Willis Corroon Corporation at a cost not to exceed \$2,735,695, for the period September 1, 1993, to June 30, 1994.

This contract is being submitted late because of the contracting process and the need to obtain contract signatures.

Very truly yours,
Lois Harrison-Jones, Ed.D.,
Superintendent.

C. 4644-94.
September 30, 1993.

Rock Salt, etc.

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Waldo Brothers, 202 Southampton Street, Boston, MA 02118, for Purchase of Rock Salt, Sand and Sawdust.

Under the terms of the contract the vendor will provide Rock Salt, containing at least 97% Sodium Chloride, Sand, ASM or VITA and Sawdust, Pine.

Prior to selecting Waldo Brothers, alternative vendors were solicited by obtaining three (3) written quotes. Waldo Brothers submitted the lowest bid in accordance with the required specifications.

Compensation under this contract shall not exceed \$10,000, which I have determined to be reasonable. The term of this contract shall be from October 4, 1993, through June 30, 1994.

Because of the competitive bid procedures followed to obtain the price quotes, and the reasonable cost of the supplies, I believe that public advertising would serve no useful purpose.

Very truly yours,
John P. McDonough,
Assistant Business Manager.

C. 4910-94.

Implementation Team

Dear Mr. Mayor:

I respectfully request your authority to award a contract without public advertising to Peter Herman, RR Box 30, West Topsham, Vermont 05086, in an amount not to exceed \$50,000, for the period July 29, 1993, through June 30, 1994. This contractor shall be compensated at the rate of \$500 per day, and reimbursed for expenses incurred while in service to the School Department. Reimbursement for expenses shall be in accordance with City of Boston travel policy and included within the contract cost.

This contract, in the nature of an employment

contract, is exempt from the Uniform Procurement Act, pursuant to G.L. c. 30B, s. 1(b) and is awarded pursuant to the City Charter, and paragraph 3 of the attached Disengagement Order #8 dated June 22, 1992, in the case of *Allen v. Parks*, Superior Court No. 14948. The contractor will serve as a member of the Implementation Team and participate in the further development and implementation of the plan for the reorganization of the delivery of special education services to Boston students and to facilitate thereby the achievement of "substantial compliance" as defined in remedial Orders in the said case. In accordance with Paragraph 3 of the said Disengagement Order, the Implementation Team, the parties, and the *Allen* monitor selected by Mr. Herman to replace Dr. Edward Sontag, who resigned. Mr. Herman is considered an expert in organizational design and program evaluation. Furthermore, Mr. Herman was a consultant member of the Arthur D. Little team which originally recommended the overhaul of special education within the Boston Public Schools.

Pursuant to Paragraph 7 of the said order, the Implementation Team will monitor "progress and . . . oversee the implementation of the plan and review data concerning its implementation."

Because of the Court Order and the contractor's unique expertise in organizational design and program evaluation, public advertising for this contract, which I deem to be reasonable, would serve no useful purpose.

This contract is submitted late due to the inability to obtain vendor's resume etc.

Very truly yours,
Lois Harrison-Jones,
Superintendent.

Dear Mr. Mayor:

Your Honor's permission is requested to dispense with public advertising and award a contract pursuant to M.G.L. c. 30B, s. 8, for emergency repairs to the HVAC cooling units at the Suffolk County House of Correction (SCHOC) at South Bay to Balco, Inc., 306 Northern Avenue, Boston, Mass., for the period of August 1, 1993, through October 31, 1993.

In early June, while attempting seasonal start-up of the cooling systems at the SCHOC, it was discovered that some of the cooling units were either leaking or would not operate at all. It was estimated that without these units in operation and with outdoor temperatures of 98 degrees Fahrenheit, indoor temperatures would quickly exceed 90 degrees Fahrenheit. These conditions would have a serious impact on the security of the facility as well as the health and safety of staff and inmates.

Specifications were subsequently drawn up and written quotes were solicited from three (3) HVAC vendors for the work to be performed. Initially, Fallon-Williams Service Company submitted the lowest quote at \$36,200. However, they were unable to respond for service within the time frame required by the specifications, and were subsequently disqualified. The contract was then awarded to Balco, Inc. with the next lowest bid of \$42,400. Balco has had prior experience with the Suffolk County Sheriff's Department and is qualified to perform this work.

The total cost of this contract shall not exceed \$42,400, for the period August 1, 1993, through October 31, 1993, which cost is reasonable for the services being provided.

Very truly yours,

Robert C. Rufo,
Sheriff.

ORDER FOR PETITION FOR SPECIAL LAW ESTABLISHING PRODUCTIVITY INVESTMENT FUND (DOCKET NO. 0233)

The following was received:

City of Boston
Office of the Mayor

January 20, 1994

To the City Council.

Dear Councillors:

I transmit herewith for your approval Home Rule legislation authorizing the establishment of a revolving loan fund to be known as the City of Boston Productivity Investment Fund, whose purpose is to fund productivity initiatives by City departments.

The City Council approved this legislation during the last session. Unfortunately, time constraints at the state legislature prevented its passage.

The Productivity Investment Fund will provide City departments with resources to support initiatives which reduce the cost of municipal services or increase revenue to the City. It will encourage departments to undertake initiatives that will benefit the City's operating budget over time, but require a one-time initial expenditure. Examples may include investment in energy saving equipment or facilities, new equipment or data processing applications that reduce costs needed to do a job, or design of new operating procedures that reduce department operating costs.

Because loans will be conditioned on demonstrating measurable savings or revenue and must be repaid, the Productivity Investment Fund offers City departments an incentive to make productivity an explicit goal. A competitive application process which rewards the best, most creative ideas, reinforces this notion and also encourages departments to be innovative.

We have realized many economies through careful management during these tough fiscal times. However, the continuing threat to service delivery means that we must seek new and creative ways to do more with less.

I therefore respectfully request adoption of this legislation by your Honorable Body. Upon passage by the state legislature, I will submit for your approval a

City ordinance authorizing the Productivity Investment Fund itself.

Sincerely,

Thomas M. Menino,
Mayor of Boston.

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under Clause (1) of Section eight of Article two, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing precisely as follows, except for clerical or editorial changes of form only:

Section 1. The city of Boston upon majority vote of the city council with the approval of the mayor is hereby authorized to establish by ordinance a revolving loan fund to be known as the City of Boston Productivity Investment Fund which shall be maintained by the city treasurer separate and apart from all other funds. The productivity investment fund shall be funded by appropriation. Expenditure on behalf of city departments may be made from said fund without further appropriations, but only for the purpose of funding cost saving or revenue generating initiatives prepared by city departments. All expenditures made from said fund shall be in the form of loans to city departments for terms established in the loan agreement which shall be repaid with funds appropriated annually for said purpose by the city council with the approval of the mayor. All unspent or unencumbered monies in said fund at the end of a fiscal year shall be carried over into the next fiscal year and loaned to city departments for the purpose hereof without further appropriation.

The city auditor shall submit annually a report of the activities of said fund to the mayor and city council.

Section 2. This act shall take effect upon its passage.

Referred to the Committee on Ways and Means.

COMMITTEE ON HOUSING TO HOLD HEARING RE ASSESSMENT POLICIES IN CERTAIN ADVERSELY AFFECTED NEIGHBORHOODS (DOCKET NO. 0238)

Couns. SAUNDERS, HENNIGAN and YANCEY offered the following:

Whereas, According to certain reports, homeowners living in specific neighborhoods within the City of Boston are assessed at disproportionately higher rates than others; and

Whereas, The neighborhoods of Roxbury and North Dorchester seemingly experience high incidents of foreclosures and bank sales, and that high homeownership mortality may be linked to the unfair assessments rates policies by the City of Boston; and

Whereas, The higher foreclosure and bank sales incidents appear to be centered in the Roxbury and North Dorchester communities and communities which are economically disadvantaged; and

Whereas, Policies and practices established by the City of Boston regarding assessments may have a deleterious effect on achieving accurate calculations as to the value of certain property in specific areas of Boston including Roxbury and North Dorchester; and

Whereas, Experts seem to agree that "distressed sales" should not be ignored in calculating the value of property; and

Whereas, Some experts and media reports have concluded that the assessment rates on property in the Roxbury and North Dorchester area may be exorbitantly inflated; therefore be it

Ordered, That the Chair of the Committee on Housing in the Boston City Council convene a hearing regarding the assessment policies and practices in the City of Boston on a date no later than March 5th, 1994, and that the Assessing Commissioner be required to attend and testify; and be it further

Ordered, That the changes respective of any seeming inequity in the assessing process be conducted by the Mayor of the City of Boston and that the deadline for filing for abatement be extended to April 29, 1994.

COMMITTEE ON GOVERNMENT OPERATIONS TO HOLD HEARING RE FEASIBILITY OF SETTING UP "BOSTON CITY STORE" THE REVENUE FROM WHICH WOULD FUND BOSTON YOUTH CAMPAIGN (DOCKET NO.

Whereas, The children of the City of Boston have benefitted greatly from Youth and After-School Programs as they have learned the values of discipline, safety, teamwork and educational goals; and

Whereas, The City of Quincy has established a City Store for the purpose of raising additional revenue for the City; and

Whereas, In three weeks time Quincy has grossed \$5,500 with the sale of surplus and salvaged city property, such as, parking meters, police call boxes, street signs and hydrants; and

Whereas, In 1992 the City of San Diego had established the San Diego City Store and in five months time had grossed over \$100,000 with the sale of surplus and salvaged city property; and

Whereas, The City of Boston could benefit from a similar program and should look into the particulars of a City Store program; therefore be it

Ordered, That the Government Operations Committee of the Boston City Council hold a hearing to discuss the feasibility of setting up a "Boston City Store" from which the revenue would be used to fund a Boston Youth Campaign.

Referred to the Committee on Government Operations.

Couns. NUCCI, O'NEIL, CONLEY, HENNIGAN, and DAVIS-MULLEN offered the following:

Whereas, The Weld Farm Civic Association has had a sub-committee to reopen the Patrick F. Lyndon School in West Roxbury for over two years; and

Whereas, The Weld Farm Civic Association membership consists of families in the neighborhood surrounding the now closed Lyndon School; and

Whereas, This neighborhood stands ready to help in any way possible to see the Lyndon School reopened as an elementary school to help meet the needs of families in their neighborhood; and

Whereas, The reopening of the Lyndon School has been discussed on and off by officials of the Boston Public Schools but has been denied at this point and time due to budgetary problems; and

Whereas, The City recently has undertaken a system-wide analysis of school facility usage and capacity issues as part of the School Facilities Needs Assessment, an expansion of the City's Capital Spending Plan; and

Whereas, The Boston Public Schools will soon begin examining the 1994-1995 school year space plan, therefore be it

Ordered, That the Boston City Council hold a public hearing in the West Roxbury area regarding the future of the Lyndon School, and be it further

ORDINANCE ESTABLISHING MONTHLY REPORT ON INCIDENTS IN SCHOOLS (DOCKET NO. 0244)

Coun. NUCCI offered the following:

City of Boston

In the Year Nineteen Hundred and Ninety-four
AN ORDINANCE

ESTABLISHING A MONTHLY REPORT ON INCIDENTS IN THE SCHOOLS

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

19-1.2 Monthly Report on Incidents.

The School Committee shall, in preparing each report, also include the cumulative totals of the incidents enumerated above, tabulated as aforesaid, for the year to date of making the report.

Referred to the Committee on Education and School Matters.

ORDER THAT POLICE COMMISSIONER ENACT PERSONALIZED PATROL VEHICLE PLAN FOR BOSTON RESIDENT POLICE OFFICERS (DOCKET NO. 0245)

Couns. NUCCI, KEANE, SAUNDERS, CONLEY, FEENEY and IANNELLA offered the following:

Whereas, Police departments in some jurisdictions around the country have found that marked police cruisers, parked on the street, in front of the home of police officers are deterrents to crime in those neighborhoods; and

Whereas, The Boston Police Department, as a matter of policy, will from time to time, leave unattended marked police cruisers where the same crime reoccurs and has found it to be a successful policy in deterring that crime; and

Whereas, The Massachusetts State Police Fleet Director has found it to be a cost efficient measure to allow troopers to take "their" cruisers to and from their shift, a policy that has shown mileage increases from 75,000 miles to 125,000 miles and adding to the life of the cruiser from 3-1/2 years to 9 years; and

Whereas, Allowing Boston resident Boston Police Officers the opportunity to take "their" police cruiser to and from their shift would benefit the city threefold: 1.) increase police visibility in the city's neighborhoods, 2.) be a cost efficient measure to the police department in future years, and 3.) be an incentive to officers to continue living in the city and

to those living outside the city to move back in; and

Whereas, The "Indianapolis/Jacksonville Personalized Patrol Vehicle Plan", a take-home police vehicle program that is on the cutting edge of police department operations nationally has the following goals: 1.) promote the security of its residents by greater visibility and presence of police vehicles on the streets, 2.) deter crime by limiting the opportunity of criminals to commit crime by the visible presence of more officers and cruisers, 3.) provide quicker response time to emergency and felony-in-progress calls by utilizing off-duty units thereby increasing the opportunity to save lives, recover property, and apprehend criminals, 4.) reduce maintenance costs and maintain vehicles in top condition through fixed responsibility of a preventive maintenance program, 5.) reduce yearly mileage on each vehicle, therefore, increasing the life of the vehicle, and 6.) provide increased incentive and morale of officers participating in the program, therefore be it

Ordered, That the Police Commissioner be and hereby is requested and directed to consider the ramifications of implementation of the "Indianapolis/Jacksonville Plan" and make a report of his conclusion with respect thereto to the City Council not later than April 29, 1994, and be it further

Ordered, That His Honor the Mayor cause the Manager of the Division of Capital Planning to make a report to the City Council on or before April 29, 1994, as to the availability of funds required to implement the "Indianapolis/Jacksonville Plan".

Referred to the Committee on Public Safety,

RE SUNDAY PARKING RESTRICTIONS
(DOCKET NO. 0247)**

COMMITTEE ON COMMERCE AND TRANSPORTATION TO HOLD HEARING RE CHAPTER 481 OF ACTS OF 1993 (DOCKET NO. 0248)

Whereas, Chapter 481 of the acts of 1993, "an act relative to the sale of liqueurs or cordials by common victuallers", known as the "Sambuca Bill", was recently approved by the legislature and signed by the governor; and

Whereas, Chapter 481 amends chapter 138 of the General Laws regulating alcoholic liquors, to allow, upon written approval, a common victualler who holds a license to sell wines and malt beverages pursuant to section 12 of chapter 138, to also sell liqueurs and cordials; and

Whereas, Chapter 481 requires, by local option, the acceptance of its provisions; and

Whereas, Chapter 481 as written lacks clarity as to the procedures a victualler must follow to obtain written approval, including who will provide the required approval and the standards that will be applied in order to obtain approval; therefore, be it

REPORT RECEIVED BY CITY CLERK FROM
LAWRENCE S. DICARA, CHAIRMAN, AUDIT COMMITTEE (DOCKET NO. 0258)

The following was received:
City of Boston
Audit Committee

The Members of the Boston City Council:

We are writing to update you on our activities as members of the Audit Committee of the City of Boston for the year ended December 31, 1993. During this period we met with the City's independent auditors, KPMG Peat Marwick, four times to discuss various aspects of the City's audit and other financial topics including:

- Audit planning issues relating to the City's financial statement audit and the audit of the City's federal programs for fiscal 1993.

- Results of the financial statement for the fiscal year ended June 30, 1993.

The 1993 audited financial statements of the City were filed with the City Clerk on or about January 31, 1994. The City received an unqualified report for the first time in history. Credit should go to the City Auditor and her staff for establishing a centralized capital asset record. As a Committee, we fully supported this effort. The Committee also noted that the City's reserves rose slightly after a significant decline in 1992.

Although we have not met with the BRA or its auditors, we are concerned with their significant loss reported in their latest audit report.

- Results of the audit of the City's federal programs for the year ended June 30, 1993.

The City received an unqualified report on the administration of its Federal programs. However, several internal control and compliance findings were reported that require management's attention. The 1993 audit report on the City's Federal programs will be finalized and filed with the City Clerk by February

15, 1994.

• Comments resulting from the audits identifying weaknesses in the City's internal controls or suggestions for improving operations within City departments.

We were troubled that KPMG Peat Marwick reported material weaknesses and reportable conditions concerning the books and records at the Department of Health and Hospitals (DHH). In addition, We are concerned that DHH holds \$430,000 of patient accounts at the closed Long Island Hospital. If the patients cannot be located, we recommended that the City petition the probate court to determine the disposition of the funds.

The report on internal controls on other departments contained no material weaknesses. It did contain several internal control comments and suggestions for improving various aspects of the City operations. These comments and suggestions need to be addressed by the City's management. The 1993 report on internal controls will be finalized and filed with the City Clerk by February 28, 1994.

During the past year, the Committee members have received the full cooperation of the City Auditor and her staff in dealing with the issues presented to us. If any member of the Council has further questions about our activities, please contact me at 345-1210.

Very truly yours,

Lawrence S. DiCara,
Chairman.

Referred to the Committee on Post Audit and Oversight.

CERTAIN INFORMATION UNDER SECTION 17F RE SIDEWALK RECONSTRUCTION (DOCKET NO. 0264)

Coun. McLAUGHLIN offered the following:

Ordered, That, under the provisions of Section 17F of Chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, His Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:

REQUESTING COMMISSIONER OF ASSESSING AND COLLECTOR-TREASURER TO MEET WITH APPROPRIATE CITY COUNCIL COM- MITTEE RE FEASIBILITY OF TRANSFER- RING FUNCTIONS FOR EXCISE TAX COL- LECTIONS TO OFFICE OF PARKING CLERK (DOCKET NO. 0265)

Couns. NUCCI and KELLY, for all the Councilors, offered the following:

Whereas, Under statute enacted by the Legislature, the primary enforcement mechanism for both non-payment of excise taxes and for non-payment of valid parking violations is non-renewal of registrations and licenses, and

Whereas, Citizens "flagged" by the registry are presently required to call on the Office of the Parking Clerk, the Assessing Department and the Collector-Treasurer to clear renewal and obtain a registry release, and

Whereas, The Office of the Parking Clerk has computer capacity and staffing to offer the public immediate information regarding monies apparently owed to the city, facility to conduct "walk-in" hearings to resolve citizen concerns as to the validity of charges, and secure payment area to handle the processing of payments due, and

Whereas, Centralizing administration would significantly reduce the amount paid by taxpayers to operate three separate collection components and issue similar releases to the Registry of Motor Vehicles, and

Whereas, In tight fiscal times such as we now experience, the funds wasted on "triple administration" of motor vehicle collections could far better be spent on needed city services, therefore be it

Ordered, That the Commissioner of Assessing and Collector-Treasurer, be, and hereby are, requested to meet with the appropriate committee of the City Council to examine the feasibility of transferring functions for excise tax collections to the Office of the Parking Clerk.

Referred to the Committee on Ways and Means.

REQUESTING COMMISSIONER OF PARKS AND RECREATION DEPARTMENT TO ISSUE PER- MIT FOR BOSTON COMMON TO WINTER WONDERLAND '94 (DOCKET NO. 0266)

Couns. NUCCI, DAVIS-MULLEN, FEENEY, and

MODICA offered the following:

Whereas, This past year, the City of Boston had been graced with a new holiday park festivity, Winter Wonderland on the Boston Common, and

Whereas, Winter Wonderland was created to attract shoppers and families to the City and to restore the use of America's oldest and most respected park during the holiday season, and

Whereas, Winter Wonderland attracted almost 100,000 people during the thirty-day holiday event, and

Whereas, Winter Wonderland made a tremendous contribution to the holiday attractions available in Boston and helped to make our City a destination point for tourists which translated into more visitors, increased tax revenues and prospering retailers, and

Whereas, Officials of Winter Wonderland '94 need a decision immediately from the Parks and Recreation Department regarding their standing request for a permit to allow them maximum time for approaching sponsors and other funding sources, therefore be it

Ordered, That his Honor the Mayor cause the Commissioner of Parks and Recreation to release a permit for the Boston Common to Winter Wonderland '94 without delay.

Referred to the Committee on Environment and Historic Preservation.

late-filed matters would be added to the Agenda.

No objection being heard, the following matters were added:

**COMMITTEE ON COMMERCE AND TRANS-
PORTATION TO HOLD HEARING TO AD-
DRESS ALTERNATE PARKING PROPOSALS
DURING SNOW EMERGENCIES (DOCKET
NO. 0279)**

Couns. MODICA and KEANE offered the following:

Whereas, The snowfall for Boston in the month of January was the 3rd highest on record since 1890, dumping some 33.7 inches on neighborhood streets and major thoroughfares; and

Whereas, Despite our dedicated Public Works Department and its entire crew working fervently and diligently to ensure clear access to our city streets, the snow removal process was protracted because of the deluge; and

Whereas, The access of emergency vehicles to public streets was impeded by the onslaught of recurring storms; and

Whereas, Trash disposal vehicles were often not able to maneuver around the large snow banks created by lack of disposal locations thereby causing trash debris to pile up and create a Public Health nuisance; and

Whereas, The residents of the city have taken to reserving parking spaces by placing trash barrels, chairs, and other items onto the street long after the snow emergency has ended; and

Whereas, This is flagrant disregard for Ordinance 16-12.2A; and

Whereas, The increase in snowfall this Winter is expected to persist, thereby creating continuing parking and traffic problems; therefore be it

Ordered, The Committee on Commerce and Transportation of the Boston City Council hold a hearing to address alternate parking proposals during snow emergencies and that the Public Works Department, the School Department, the Transportation Department, and other relevant City Officials be invited to attend and testify as to the feasibility of such a plan.

Referred to the Committee on Commerce and Transportation.

(DOCKET NO. 0280)**

The motion was carried.

**APPROPRIATE COUNCIL COMMITTEE TO
HOLD HEARING RE SNOW REMOVAL ON
PROPERTY UNDER CITY CONTROL
(DOCKET NO. 0281)**

Couns. McLAUGHLIN and KEANE offered the following:

Whereas, The City of Boston is one of the largest property owners within Boston; and

Whereas, Many citizens have complained about the lack of snow removal from sidewalks, bridges and parking lots under the City's control; now, therefore, be it

Ordered, That the appropriate committee hold a hearing on this matter and that appropriate department personnel be invited to attend.

Referred to the Committee on Commerce and Transportation.

SUPPLEMENTAL APPROPRIATION OF \$5.143 MILLION FOR SCHOOL DEPARTMENT (DOCKET NO. 0286)

The following was received:

City of Boston
Office of the Mayor

February 15, 1994.

To the City Council.

Dear Councillors:

I am hereby submitting for your consideration a supplemental appropriation for the Boston School Department for \$5.143 million.

This supplemental will be used in three ways. An estimated \$3.6 million will be used to offset current spending above appropriations. This additional spending reflects more than 900 additional students above planned enrollments in the current school year. An additional \$971,000 will support new, but mandated Lau, SPED and AEI initiatives for the rest of the fiscal year.

In addition, the supplemental will provide \$572,000 to purchase instructional supplies, computer equipment, and software. These one time funds will be directed to individual schools so that students will benefit in the current school year.

Funding to support this appropriation will come from the following sources: \$222,700 from an increase in teacher pension reimbursements above amounts previously budgeted; \$2,104,000 from increased interest income above budgeted amounts; \$544,400 in reduced debt service as a result of the refinancing; and \$74,900 from small increases in other miscellaneous accounts. The balance of \$2,197,000 will be covered by an increase in the planned transfer from the Surplus Property Disposition Fund.

Reducing school spending at this point in the school year is impossible without causing unacceptable cuts to direct services to students. To avoid these impacts, I recommend your approval of this supplemental appropriation.

Sincerely,

Thomas M. Menino,
Mayor.

Ordered, That in addition to the appropriations

heretofore made, and pursuant to the provisions of Chapter 224 of 1936, as amended by Chapter 190 of the Acts of 1982, and as further amended by Chapter 701 of the Acts of 1986, Chapter 613 of the Acts of 1987, and Chapter 108 of the Acts of 1991, and to meet current operating expenses of the School Department in the fiscal period commencing July 1, 1993, and ending June 30, 1994, the sum of \$5,143,000 be, and the same hereby is appropriated, said sum to be met from available funds:

School Department

General School Purposes, \$5,143,000.

Referred to the Committee on Education and School Matters.

No objection being heard, the following matters were added:

COMMITTEE ON GOVERNMENT OPERATIONS TO HOLD HEARINGS RE FEASIBILITY OF FREE PARKING DURING SNOW EMERGEN- CIES (DOCKET NO. 0294)

Coun. IANNELLA offered the following:

Whereas, The already limited number of parking spaces in Boston's neighborhoods are dramatically reduced during snow emergencies; and

Whereas, There has been limited to no enforcement of snow emergency bans on major arterials throughout the city, exacerbating an already dangerous situation; and

Whereas, It appears that the parking crisis in Boston could be resolved via alternative methods. That is, privately owned parking lots, shopping centers, etc., could be given a financial incentive by the City to allow residents to park for free during snow emergencies; therefore be it

Ordered, That the Committee on Government Operations, hold open, public hearings to review the feasibility of negotiating an arrangement that allows Boston residents to park for free, in various lots around the city, during snow emergencies. In exchange, the City of Boston would give a daily calculated reduction in real estate taxes to participating lot owners.

Referred to the Committee on Government Operations.

Couns. MODICA, DAVIS-MULLEN, and FEENEY offered the following:

Whereas, The increase in snowfall and cold weather is expected to continue this Winter; and

Whereas, A homeless Veteran recently died after his body temperature dropped to alarmingly low levels while huddled in the Alewife T Station; and

Whereas, There are vulnerable homeless people living in exposed, unprotected areas, many of whom are chronically mentally ill and chemically dependent; and

Whereas, Their judgment is often impaired and despite the best diplomatic persuasion of police officers and shelter personnel to direct them to emergency shelter during life threatening weather conditions they often refuse to go; and

Whereas, The City should explore measures to save lives and to prevent serious injury and death that can be caused by extended exposure to severe Winter weather conditions; therefore be it

Ordered, That the Committee on Public Safety hold a hearing to discuss policies and receive information that may lead to an ordinance for the protection of homeless persons during periods of extreme weather conditions.

STAFFORD HEIGHTS READY FOR CONSTRUCTION

*City Commits \$2.4 Million To Affordable Housing
For Working Poor in Dudley Neighborhood.*

Construction is slated to begin for a new housing cooperative in the Dudley neighborhood. The City of Boston Public Facilities Department (PFD) has formally committed \$2.4 million in federal and city funds to Stafford Heights Cooperative, an affordable housing project for 42 families.

The \$7 million Stafford Heights Cooperative is being developed by Nuestra Comunidad and immediately abuts the recently completed Winthrop Estates. The construction of Stafford Heights is part of phase I of the Dudley Street Neighborhood Initiative's Dudley Triangle Redevelopment Plan. Sixteen buildings will be built along five adjoining streets along Blue Hill Avenue, Moreland Street, Huckins Street, Lewis Place, and Winthrop Street.

"The construction of Stafford Heights increases the number of affordable housing units for the Dudley neighborhood and returns control to the residents," said PFD Director Mary Nee. "Tremendous progress has been made in addressing the development of abandoned land. A new neighborhood is in the making."

The Stafford Heights Cooperative represents the fifth and final cooperative project under the Boston Cooperative Initiative, a plan to create 200 units of affordable housing in Boston jointly sponsored by the Metropolitan Boston Housing Partnership and the City of Boston.

"PFD worked in close partnership with Nuestra Comunidad and the community to create the first significant development along Blue Hill Avenue in years," said Nuestra Comunidad Executive Director Evelyn Friedman-Vargas. "Stafford Heights is the harbinger of the re-birth of the avenue."

PFD is conveying to the Stafford Heights project a total of 33 parcels of land which was granted to the Dudley Neighborhood Initiative

(DNI), a land trust consisting of 30 acres of publicly and privately owned vacant land. In 1988, the City of Boston, through the Boston Redevelopment Authority, granted

"ITALIAN HOME FOR LITTLE CHILDREN" ON EXHIBIT AT BPL

"The Italian Home for Children, 1919-1994," a month-long exhibition celebrating 75 years of helping children in Boston, will be on display in the Great Hall of the Boston Public Library in Copley Square beginning May 3.

Founded as an orphanage for children of Italian descent, the Home today is a residential treatment center for children of all nationalities and races with emotional and behavioral problems. Most are victims of abuse or neglect.

A glimpse of the Home's first 75 years is offered through a montage of stories and people bound together by a common thread — the spirit of generosity and the love of children.

The exhibit will be open to the public Monday through Thursday from 9 a.m. to 9 p.m. and Friday and Saturday from 9 a.m. to 5 p.m. For additional information, please contact the Boston Public Library at 536-5400, Ext. 336.

"A CELEBRATION OF TRADITIONAL IRISH MUSIC" AT WEST ROXBURY BRANCH LIBRARY

The Hanafin-Cooley Branch of Comhaltas Ceoltoiri Eireann, an international folk music organization, will present a "Celebration of Traditional Irish Music" at the West Roxbury Branch of the Boston Public Library, 1961 Centre Street, at 7 p.m. on Thursday evening, May 5.

KEEP BOSTON MOVING SAFELY

Geraldine Wyse, R.N., an active member of the Boston Transportation Department's Keep Boston Moving Safely steering committee, demonstrates the correct use of a Century Child Convertible Car Seat to Louis Saunders, a counselor and van driver for Project Window, and Teal McRae, an assistant infant-toddler teacher. Participants in Project Window, a program of the Dimock Community Health Center in Roxbury, and their young children travel in the center's van, but often without benefit of child safety seats. Credit goes to Ms. Chris McGuire, a former Project Window staffer, for seeking out the Keep Boston Moving Safely Program which then donated five convertible car seats and educational posters and brochures. The Transportation Department required hands-on training for Project Window staff to ensure correct car seat use. "Incorrect use," noted Frank Tramontozzi, Acting Transportation Commissioner and Chief Engineer for the department, "Such as failure to attach the car seat to the vehicle seat, failure to face the infant seat toward the rear of the vehicle, or failure to adjust the harness to fit the child — accounts for a high rate of injury to children, injury that can be avoided. So let's take the time to use the seats — the right way!"

DNI eminent domain authority to acquire vacant parcels for future development.

PFD secured funds for the project from the federal HOME Program and the City of Boston Neighborhood Housing Trust. Funding also comes from the Massachusetts Housing Investment Corporation and the Metropolitan Boston Housing Partnership. The addition of Stafford Heights brings to the neighborhood a total of 80 housing units. Construction is expected to begin in May and be completed by December 1994.

units for special needs housing, allocating 24 units for people living with AIDS and 18 units for clients of the Massachusetts Department of Mental Health. Each of the buildings also has an existing first-floor commercial unit, including a restaurant, a laundry, a hair salon, and a pharmacy.

PFD's total commitment of \$1,350,000 comes in the form of a LEND (Loans to Encourage Neighborhood Development) loan. In addition, Boston Capital Partners secured \$3 million in equity through the low-income tax credit program, the Massachusetts

Housing Investment Corp. (MHIC) provided a \$1.9 million construction loan, and the Massachusetts Housing Partnership has committed a permanent loan of \$1.4 million. Sixty-two of the 75 units will be subsidized with federal Section 8 housing certificates.

"The Arch Project will have the two-fold advantage of revitalizing a neglected building and providing a vital mixture of low-moderate income housing for South End/Lower Roxbury," said PFD Director Mary Nee. "It's the kind of versatile rehabilitation that suits neighborhood development so well."

On the drawing board for more than two years, the plan has received positive reaction from the community, according to Boyle.

"The neighbors and PFD worked diligently with us to fast-track this badly needed project," said Boyle. "There were many hurdles, but it is nice to feel that when it's done, we're not just talking dollars and cents; we're providing housing and help to people who really need it."

"The rehabilitation is expected to start within the next few weeks and is expected to be completed in early 1995.

Dear Mr. Mayor:

I request your Honor's permission to award a contract for supplies to be procured under competitive bid procedures. This contract is exempt from G.L. c. 30B and is being processed under the authority of the City Charter.

An invitation for bids, Bid No. 735, to furnish Radiology Catheters, Guidewires, etc. to the Department of Health and Hospitals, was advertised in the *City Record* on October 11, 1993. Twenty-four companies were solicited and fourteen companies responded to the invitation to bid.

A Bid Opening Certification form was completed and signed on November 4, 1993. Duplicate bids were read at the Auditing Department on November 5, 1993.

According to the evaluation criteria listed in the invitation to bid, I have determined the following vendors to be the lowest acceptable bidders.

792, Cook Incorporated
P.O. Box 489
Bloomington, IN 47402-0489, \$60,000
794, Medi-Tech
Division of Boston Scientific Corp.
480 Pleasant Street
Watertown, MA 02172, \$55,000

797, Ackrad Laboratories
347 Fowler Avenue
Middletown, CT 06457, \$10,000
The contract amounts are approximate figures

based on estimated volumes. In accordance with Article 3.2 of the City's Purchasing Contract General Conditions, the vendor shall furnish at the price or prices specified such additional quantities of goods, not to exceed twenty-five (25%) of the quantities specified, upon receipt of my written request. The contract period is from January 1, 1994, through December 31, 1994.

These contracts encompass more than one fiscal year and the City's financial obligations are subject to the availability of an appropriation in accordance with the requirements of City of Boston Code, St. 4, ss. 4 & 8.

Very truly yours,

Lawrence Dwyer,
Commissioner.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ASSESSING DEPARTMENT

Legal Services

C.1213-94
December 29, 1993

Dear Mr. Mayor:

On August 30, 1993, your Honor approved the award of a contract without public advertising for bids to Gilman McLaughlin & Hanrahan, a partnership located at 470 Atlantic Avenue, Boston, MA 02110, for legal services representing the City of Boston and its Assessing Department in proceedings at the Appellate Tax Board and in the Courts of the Commonwealth relating to matters of taxation and tax abatement litigation at a cost not to exceed \$30,000, for the period of July 1, 1993, to June 30, 1994. This contract is exempt from the provisions of G.L. Chapter 30B and is awarded pursuant to the City Charter.

Your approval is requested to amend this contract to provide for additional services which were not anticipated in the terms of the original contract. There is a substantial likelihood that this case, *Northwest Airlines v. City of Boston* will be appealed. Therefore a post trial brief which contemplates 100 hours of legal time is required. The cost of this amendment shall not exceed \$10,000, which I have determined to be reasonable. The total cost of this contract as amended shall not exceed \$40,000. The period of this contract shall not be changed.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Ronald W. Rakow,
Commissioner.

HEALTH AND HOSPITALS DEPARTMENT

Pastoral Counseling

C1-94
January 18, 1994

Dear Mr. Mayor:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the con-

tract with Rev. William V. McPherson, residing at 20 Fairlawn Avenue, Mattapan, MA 02126, for the provision of pastoral counseling and liturgical services related to the needs of Protestant patients at Boston Specialty and Rehabilitation Hospital for the period July 1, 1993, through June 30, 1994, at a cost not to exceed \$24,960. This amendment is exempt from the provisions of M.G.L., Chapter 30B and is awarded under the authority of the City Charter.

This amendment will increase the contract sum by \$24,960, thereby increasing the City's total liability under this contract, as so amended, to an amount not to exceed \$49,920.

In the original contract Rev. McPherson provides services at the Boston Specialty and Rehabilitation Hospital. This amendment is necessary to assure continuation of mandated pastoral care services at Boston City Hospital while a full time interfaith Chaplain for the Department of Health and Hospitals is being recruited.

In view of the above, and as the cost increase, in my opinion, is reasonable, I recommend approval of the amendment.

Very truly yours,

Chester L. Veal,
Acting Commissioner.

LAW DEPARTMENT

Legal Services

1863-94
January 5, 1994

Dear Mr. Mayor:

On June 18, 1993, your Honor approved an award of a contract to John P. Roache, an attorney located at 66 Long Wharf, Boston, MA 02110, to provide legal services in the following cases: *Broderick v. Roache*; *Leony v. Hall*; *David Rentas v. City of Boston*; *Vera v. City of Boston*; *O'Neill v. City of Boston*; *Veiga v. City of Boston*; *Sostre v. Brewer*; and *Sullivan v. City of Boston*.

These services will be required by the Law Department during the period of July 1, 1993, through June 30, 1994, and at that time the cost was expected not to exceed \$40,000.

Your approval is requested to amend this contract to provide the same legal representation previously mentioned. The cost of this amendment shall not exceed \$15,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$55,000.

This amendment is necessary because the original contracted amount was insufficient to meet the cost of services that have been rendered to date.

Because of the professional nature of the services to be performed, and the reasonable cost of the services to be provided it is my opinion that public advertising would serve no useful purpose.

Sincerely,

Albert W. Wallis,
Corporation Counsel.

Thank you.

BOSTON PUBLIC SCHOOLS

Textbooks, etc.

M5849-92

November 2, 1993

Dear Mr. Mayor:

I respectfully request your Honor's approval to amend the Letter of Award dated August 28, 1991, and approved by your Honor on September 16, 1991, concerning the award of contracts to various vendors to supply textbooks and educational materials for the Boston Public Schools by adding the following vendors:

Carolrhoda Books, Inc.; Clark Publishing; Franklin Watts Inc.; Higgins Productions Inc.; Macmillan Publishing; and Subscription Associates.

Contracts will be awarded to these vendors pursuant to the authority of Ch. 30B, S.7, for the period October 1, 1993, through June 30, 1994.

Under the terms of these contracts the vendors will provide books and educational materials directly related to the curriculum as may be requested from time to time by a designated representative of the Boston Public Schools. Because these materials are unique to a particular publisher, I have determined that only one practicable source exists.

Although this request is through June 30, 1994, not all contracts may be executed for the full term. Due to the indeterminate needs of the Department some of the contracts may be executed for a period less than the full term based on when and for what length of time the materials are expected to be requisitioned and purchased.

Under these contracts the cost of each item will not exceed standard catalog prices in effect at the time of purchase. The amount for each vendor will not exceed \$150,000 per year. This amendment will not increase the total amount awarded for all vendors listed here and on the original letter of award for the three-year term. The amount of each contract is only an estimate based upon anticipated needs. The Auditor may certify an appropriation in an amount less than the face amount of each contract hereunder pursuant to the Standard Contract General Conditions, Articles 12.3 and 12.4.

These contracts may encompass more than one fiscal year. Therefore, the School Department's financial obligation under these contracts are subject to the availability of an appropriation in each fiscal year in accordance with the requirements of City of Boston Code, St. 4, SS. 4 & 8.

Very truly yours,
Lois Harrison-Jones, Ed.D.,
Superintendent.

October 29, 1993

Dear Mr. Mayor:

On September 16, 1991, contracts were approved pursuant to the authority of Chapter 30B, S7 to multiple textbook and educational materials vendors through June 30, 1994, each in the amount of \$450,000.

Due to the unexpected volume of purchases,

your approval is requested to amend the following contracts so that they may be able to provide continued service for the School Department.

Holt Rinehart & Winston, M-5537-92, 6277 Sea Harbor Drive, Orlando, FL.

Silver Burdett Ginn/Div. of Simon Schuster, M-5729-92, P.O. Box 70935, Chicago, IL.

EDCO Collaborative, M-5457-92, P.O. Box 5-0234, Woburn, MA.

IBM Corporation, M-5545-92, 1 Copley Place, Boston, MA.

McDougal Littell & Co., M-5618-92, P.O. Box 95081, Chicago, IL.

The cost of this amendment shall not exceed \$200,000. These contracts as amended shall not exceed \$650,000.

Under the terms of these contracts, the vendors will provide books and educational materials directly related to the curriculum as may be requested from time to time by a designated representative of the Boston Public Schools. These materials are unique to particular publishers, therefore I have determined that only one practicable source exists.

The period of performance shall not be extended by this instrument.

Very truly yours,
Lois Harrison-Jones, Ed.D.,
Superintendent.

CONTRACTS AWARDED
WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

ADMINISTRATIVE SERVICES
DEPARTMENT

Professional Services

#1495-94

December 2, 1993

Dear Mayor Menino:

I respectfully request authorization to dispense with public advertising and to award a contract to Mary Reardon, an individual, located at 5 Bertram Street, Beverly, MA 01915, in an amount not to exceed \$8,000 for the period beginning November 15, 1993, through January 7, 1994, at a rate of \$25 per hour, an amount which I have determined to be reasonable for the work to be performed. This funding will be charged against appropriation 011-140-0150 with an initial encumbrance of \$8,000. This contract is exempt from the provisions of G.L. c. 30B, as it is an employment agreement, and is awarded under the authority of the City Charter.

Under the terms of the contract, Ms. Reardon will continue to file, monitor, and advocate for legislation on behalf of the City and its departments. Ms. Reardon will also assist city officials in formulating, drafting, and filing legislation for the 1994 session. In addition, she will also be responsible for the expeditious filing of all home rule petitions passed by the City Council and signed by the Mayor during the period of her contract. Ms. Reardon's continuity of knowledge on many legislative matters of importance to the City of Boston and her past work experience make her uniquely qualified to perform these serv-

ices during a transitional period in the Office of State Relations.

Because of the professional nature of the services to be provided, I believe that public advertising would serve no useful purpose. Also, this contract is being processed late due to delay in the administration's gathering of the necessary forms to complete the contract.

Sincerely,
Thomas Snyder,
Director.

COMMUNITY CENTERS

Counseling etc.

#1347-94
October 1, 1993.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Center for Therapy, Boston Children's Services, a non-profit organization whose office is at 867 Boylston Street, Boston, MA 02116. This contract is exempt from the provisions of G.L.c. 30B and is awarded under the authority of the City Charter.

Under the terms of the contract, the Center for Therapy, Boston Children's Services, will provide mental health, counseling, and consultation services for staff and students of the "Back To School" program. This program is an integral piece of the Alternative Education Initiative, serving Boston teenagers.

Boston Children's Services provides services to 60 students and 15 staff of the Back To School Program, located in three sites around the city: Charlestown, Dorchester, and Mission Hill. Services to staff include support/counseling staff upon request of the Program Manager, scoring of Achenbach Scales for students, and on-site trainings in mental health/social service information. In addition, an on-site Social Worker is provided to do individual therapy on students, upon request of the Program Manager, and group therapy with all 60 students throughout the year. The Social Worker provides referrals to agencies, assists in the management of cases through the human service system, coordinates the Life Skills Curriculum, makes home visits on occasion, and will refer to other workers at Boston Children's Services such as Psychologists and Psychiatrists where students can be seen at the agency rather than on site.

The Center for Therapy, Boston Children's Services is uniquely qualified in therapeutic services. For the past several years, the agency has served in various capacities in the Alternative Education Program. The success of the program is partly due to the expertise provided by Boston Children's Services, whose staff are familiar with the needs of our clients.

Compensation under this contract shall not exceed \$22,400, which I have determined to be reasonable for the work to be performed. The terms of this contract shall be November 1, 1993, to June 30, 1994.

Because of the Center for Therapy, Boston Children's Services' professional knowledge of the services to be performed, I believe that public advertising would serve no useful purpose. I, therefore, respectfully request that

your permission be forthcoming to enter into this contract.

Respectfully yours,
William P. Doherty,
Executive Director.

FIRE DEPARTMENT

Emergency Repairs

#1710-94
November 9, 1993.

Dear Mayor Menino:

I respectfully request your Honor's permission to award an emergency contract pursuant to G.L.c. 30B, s. 8, to Greenwood Fire Apparatus, Inc., 530 John Deitsch Blvd., North Attleboro, MA 02760, to perform ladder testing and emergency repairs to Ladder Company Four.

Ladder Company Four failed to pass a certified ladder test while being inspected. The aerial fly section had a bend, resulting in the failure. Because the ladder is a vital in-service piece of apparatus, emergency repairs for Ladder Company Four are essential.

Greenwood Fire Apparatus, Inc., is the supplier for Emergency One parts and is certified to perform ladder testing and repairs. We request that they be allowed to perform the work without soliciting bids from other vendors. If another vendor was to perform the work, that company would have to purchase parts from Greenwood Fire Apparatus, Inc., thus increasing the cost of repairs to the ladder truck. Greenwood's bid to perform the work is \$12,339.36.

Whereas Greenwood Fire Apparatus, Inc., is the supplier in this area for the parts needed to perform this work, and the cost of \$12,339.36 is a reasonable price in our opinion, I am requesting your Honor's permission to award this contract in the amount of \$12,339.36. The term of this contract is the period July 1, 1993, through November 30, 1993.

This letter is being submitted late because of administrative corrections.

Respectfully yours,
Martin E. Pierce, Jr.,
Fire Commissioner/Chief.

HEALTH AND HOSPITALS DEPARTMENT

Legal Services

C152-94
September 3, 1993.

Dear Sir:

I respectfully request Your Honor's permission to dispense with public advertising and award a contract to Kopelman and Paige, P.C., a law firm located at 101 Arch Street, Boston, MA 02110, for the provision of legal services in certain medical malpractice cases. This firm had previously provided such services to the City in fiscal year 1993 through a contract with the City's Law Department.

Under this contract Kopelman and Paige, P.C., will also continue to provide training and supervision of Law Department staff in medical malpractice litigation matters.

This contract is exempt from the provisions of General Laws Chapter 30B and is awarded under the authority of the City Charter. Under the terms of this contract, Kopelman and Paige, P.C., will provide legal preparation and representation on behalf of the City of Boston for all assigned medical malpractice cases.

The contractor is especially qualified to do this because of extensive experience in the involved issues.

Compensation under this contract shall not exceed \$100,000. The hourly rate for attorneys providing services hereunder shall be \$100 which I have determined to be reasonable for the work to be performed. This contract shall also include compensation for appropriate related expenses. The term of this contract shall be from July 1, 1993, to June 30, 1994. Because of the professional nature of the services to be performed and the reasonable cost thereof, I believe that public advertising would serve no useful purpose.

This contract is being awarded late because of protracted interdepartmental discussions between the Department of Health and Hospitals' Legal Department and the City Law Department to determine whether the costs associated with this contract were more appropriately charged to the Department of Health and Hospitals or to the City's Law Department.

Sincerely yours,
Lawrence A. Dwyer,
Commissioner.

Therapy Services

C167-94
October 19, 1993

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your permission to dispense with public advertising and to award a contract to Health Providers, Inc., 1901 W. Cypress Creek Road, Suite 403, Fort Lauderdale, Florida 33309, for the provision of occupational and physical therapy services. This contract is exempt from the provisions of M.G.L., Chapter 30B and is awarded under the authority of the City Charter.

Under this contract Health Providers, Inc., will provide occupational and physical therapy services for the patients at Boston Specialty and Rehabilitation Hospital (BSRH).

Compensation under this contract shall not exceed \$150,000. Health Providers, Inc., will be paid \$53 per hour which I have determined to be reasonable for the work to be performed.

The term of this contract shall be November 15, 1993, through November 14, 1994.

As a result of a public bid BSRH currently has contracts with two other vendors to supply the above services. Neither vendor has been able to meet the hospital's needs. Health Providers, Inc., can supplement BSRH's current staffing with a pool of traveling occupational and physical therapists for thirteen (13) or twenty-six (26) week assignments. With the approval of the individuals by the hospital, staff can be placed in two (2) weeks.

In view of the technical expertise required the reasonable cost of these services and the fact that Health Providers, Inc., is the only vendor offering this program, I believe that public advertising would serve no useful purpose.

This contract encompasses more than one fiscal year and the City's financial obligation are subject to the availability of an appropriation in accordance with the requirements of City of Boston Code, St. 4, SS. 4 and 8.

Very truly yours,
Lawrence A. Dwyer,
Commissioner.

**SKIN CANCER
When the Sun
Is No Longer Fun**

The sun gives life — but it can also be a deadly force. Exposure to the sun is responsible for more than 90 percent of skin cancers. This year more than 500,000 Americans will develop some form of skin cancer, and between 7,000 and 8,000 will die from it. In fact, one out of every seven Americans will develop the disease during his or her lifetime.

Recent research indicates that both consistent, long-term exposure to the sun and intense periods of exposure can be equally harmful. The good news, however, is that almost every type of skin cancer is preventable.

LEIBOWITZ NAMED DIRECTOR OF INTERGOVERNMENTAL RELATIONS

Boston Mayor Thomas M. Menino, on April 22, named Howard R. Leibowitz of Brighton as the City's Director of Intergovernmental Relations. Leibowitz will report directly to Mayor Menino and will serve as an ex-officio member of the Mayor's Cabinet.

Mayor Menino said, "I am very pleased to have Howard Leibowitz overseeing our relationships with the federal and state governments, with the City Council and with external funding sources. As the City's Director of Federal Relations, Howard developed important relationships in the Clinton Administration, Congress and the organizations representing America's cities. I am sure that in his new post, he will help us establish positive and productive relations for Boston."

Leibowitz said, "I am honored that Mayor Menino has asked me to serve as his Director of Intergovernmental Relations at this important time in the City's history. Just as we have been building new bridges in our nation's capital with an Administration that is on our side, I look forward to working with Mayor Menino and our staff to build strong ties at the State House and with the City Council. We have an excellent team in place and we'll be working hard to generate the resources for Mayor Menino's vision of a better Boston."

Howard Leibowitz is a Brighton native who joined the Flynn Administration in 1984 as a Senior Housing Ana-

lyst. In this role, he helped draft the city's housing policies, including the City's Senior Home Repair Program, state legislation establishing a "Housing Innovations Fund", and the national "Community Housing Partnership Act". In 1986, Mayor Flynn appointed Leibowitz as Director of Federal Relations, where he coordinated the city's federal lobbying and grants activities, as well as Mayor Flynn's activities as a leading spokesperson for urban America, including President of the United States Conference of Mayors. He served as Press Secretary for Mayor Menino from July, 1993 to February, 1994, returning to Federal Relations in February.

Leibowitz is a 1974 graduate of Brandeis University and received a certificate from the Harvard Business School's Advanced Management Program. He is a member of the Ward 22 Democratic Committee, the Brighton-Allston Improvement Association, and the Advisory Board of the Massachusetts Association of Community Development Corporations. Leibowitz was a delegate to the 1992 Democratic National Convention and served on President Clinton's transition task force.

MAYOR MENINO UNVEILS "STREET SMARTS" YOUTH VIOLENCE PREVENTION INITIATIVE

Mayor Thomas M. Menino, on April 24, unveiled the Street Smarts Initiative, a public-private partnership of citywide programs designed to prevent youth violence in Boston, and issued a challenge to area businesses and citizens to help meet a \$1 million fundraising goal for 1994.

Pointing to the cooperation among programs and corporate sponsors that drives this initiative, Mayor Menino said, "In this Youth Safety Year, the Street Smarts Initiative provides a powerful, comprehensive approach to violence prevention. Thanks to the leadership displayed by Boston businesses and individuals, a sum of over \$200

thousand has been raised to date to support programs that will provide Boston's young people with viable, positive alternatives to street violence."

Formed by the Boston Management Consortium, the Street Smarts Initiative involves the Boston Police Department, Boston Public Schools, Boston Community Centers, Citizens for Safety, the Suffolk County District Attorney's Office, neighborhood organizations and a growing number of area businesses and includes 5 component programs:

- Multi-media arts contests — including poster and rap contests and the Louis D. Brown essay contest — will challenge Boston's high school students to develop their own ways of dealing with violence.
- The Gun BuyBack Program, sponsored by Citizens for Safety, will run from May 15 through July 8 to remove guns from Boston's streets.
- The Peace League, developed by Boston Community Centers and Citizens for Safety, will bring rival gang members together in basketball competitions to provide non-violent alternatives for interpersonal conflict.
- Non-violent martial arts training through the Boston Kung-Fu Tai Chi Institute will enable participants to learn constructive alternatives to guns and violence by developing the mental discipline that martial arts requires.
- Through Street Smarts Conflict Resolution, coordinated by the Boston Management Consortium, professionals currently involved in youth violence issues will be trained to teach Boston's young people skills to resolve conflicts non-violently. The professionals include officers and youth service officers from the Police Department's Anti-Gang Violence Unit, Boston Housing Authority Youthworkers and members of Youth Safety Task Forces in neighborhoods throughout the city.

Police Commissioner Paul F. Evans explained, "The multi-phase Street Smarts Initiative builds on the three principles of community policing. Through partnership, problem-solving

and prevention, the program takes a holistic approach to violence prevention among youth."

Mayor Menino thanked the current sponsors and contributors to the Street Smarts Initiative, including: Jordan Marsh, Tower Records, NYNEX Bank of Boston, the Boston Herald, the Boston Globe, Reebok, BMc Strategies, Inc., Sherry Walker PR, BA Communications, Inc. and the Hard Rock Cafe.

AT WEST ROXBURY
BRANCH LIBRARY**

"Travelogue I: Earth, Sea, Sky," an exhibition of watercolors and photo-

graphs by Darlene West Spiniello, will be on display from May 2 through May 30 in the Gallery of the West Roxbury Branch Library at 1961 Centre Street.

Ms. Spiniello's love for the outdoors and hiking serve as the inspiration for her work as she seeks out places that seem untouched by the hurried world we live in. On her trips to such venues as the Grand Canyon in Arizona and Zion National Park in Utah — as well as some secluded places she has discovered on Cape Cod and the Islands — she uses her camera to capture the beautiful scenes on film, then later uses these images to paint her watercolors. Sometimes she chooses to let a photograph stand alone and some are included in the exhibit. She hopes that people viewing this show "will discover a new way of seeing the natural world around them."

The public is invited to meet Ms. Spiniello at a library reception in her honor on Thursday evening, May 12, from 5:30 to 7:30 p.m.

The exhibition is free and open to the public during library hours. For additional information, please call the West Roxbury Branch Library at 325-3147.

The event raised a total of \$573,000 to support the Society's breast cancer programs. The 1994 event is set for Sunday, September 25.

Ms. Wyse was recognized at an April 11 reception for team leaders at the American Cancer Society's office in Boston.

Funds raised support American Cancer Society programs of breast cancer research, educational efforts including outreach to underserved women, and services for breast cancer patients and their families. UNITED WAY'S SUCCESS BY 6 TO MAKE MAJOR IMPACT IN OUR COMMUNITY

In an effort to help all children live more productive lives, the United Way of Massachusetts Bay officially kicked off its Success By 6 initiative on April 26, and at the same time brought together an entire community, like a big family, to share in this special event.

Participating in the celebration, held at John Hancock Hall in Boston, were state and city officials including Governor William Weld and Mayor Tom Menino, prominent business leaders within the community, as well as executive directors of agencies working with youngsters throughout the Massachusetts Bay area.

Success By 6 is a collaborative community-wide initiative spearheaded by the United Way of Massachusetts Bay and designed to promote the well-being of children 0-6 through an emphasis on early intervention and prevention. The Success By 6 mission is to create a community where all children by age 6 have the mental, physical, social and emotional foundation needed to grow into healthy, productive members of the community.

"Every child deserves the best opportunity to develop and thrive," said Chad Gifford, Chairman of Success By 6, and President of the Bank of Boston. "As a society, we must invest in our children if we hope to successfully address the critical issues facing our future."

As the name Success By 6 suggests, this initiative is founded on the belief that it is easier to steer a preschooler down the right road than it is to change the direction of an adult gone wrong. Programs and services aimed at prevention prove far less costly — both socially and financially — than those aimed at correction.

"The solution for our social problems will not be in curing them, but in preventing them," said James Renier, Chairman of the Mobilization for America's Children, and Chairman of the Executive Committee at Honeywell Corporation of Minneapolis, Minne-

sota. "Preventive action for children must begin at conception and continue with nurturing and encouragement up to and throughout the school years. There's no longer any mystery about prevention; we know what works to help children grow into self-sufficient adults."

The key role for the United Way of Massachusetts Bay in Success By 6 will be to expand collaborations among public, private and volunteer sectors to: build community awareness of the need to give children a healthy, productive start in life; improve access to services for children and families; and present a united voice for children.

Through Success By 6, the United Way aims to bring together those who are committed to building a brighter future for all children — academia, businesses, government, hospitals, human service organizations, organized labor, media, organized philanthropy, religious organizations, schools, parents and caregivers, and other concerned citizens.

"It is only through collaboration that we can really make a difference for children who need help," said Renier. "I am convinced that the United Way is uniquely positioned to pull their communities together through collaborations that solve the problems facing our children and families."

By all measures, the well-being of America's children has been declining over the years. Locally, the statistics are alarming. For example, more than 35% of all children 0-6 in Boston are living in poverty. On any given night, nearly 200,000 children go to bed hungry in Massachusetts, and 245 children are reported abused or neglected each day in this state.

"Investing in the children of today will build a better Massachusetts and a stronger America of tomorrow," said Marian Heard, President and Chief Executive Officer of the United Way of Massachusetts Bay. "Through Success By 6, the United Way of Massachusetts Bay hopes to involve hundreds of organizations and individuals who are dedicated to seeing a brighter future for all of our children."

Dinkins. Robert Finneran as a Senior Advisor on state legislation. Mr. Finneran has served Mayor Menino as Acting Direc-

tor for State Relations and under Mayor Raymond L. Flynn, was Deputy Press Secretary and the City Council Liaison.

Mayor Menino said, "In these tight fiscal times, it is important that Boston have an intergovernmental team that can put on a full court press for the resources that we need to deliver city services and programs. I am confident that with this excellent team in place, that we will work cooperatively with Washington, the State House and the City Council for the betterment of our city."

**SKIN CANCER
When the Sun
Is No Longer Fun**

The sun gives life — but it can also be a deadly force. Exposure to the sun is responsible for more than 90 percent of skin cancers. This year more than 500,000 Americans will develop some form of skin cancer, and between 7,000 and 8,000 will die from it. In fact, one out of every seven Americans will develop the disease during his or her lifetime.

Recent research indicates that both consistent, long-term exposure to the sun and intense periods of exposure can be equally harmful. The good news, however, is that almost every type of skin cancer is preventable.

UNITED WAY'S FIRST CALL FOR HELP

When You Don't Know Where To Turn

By Tony Ferullo

It was early in the morning when the woman at the FIRST CALL FOR HELP information referral center picked up her telephone and listened in disbelief.

She was surprised by the soft voice at the other end of the line, and then stunned when the caller asked how he could get help for an alcoholic parent.

"The boy was only 9 years old," said the woman. "I've been working here for 20 years and he was the youngest caller we've ever had."

When trouble hits home, or you're trying to avoid a crisis, dial 1 (800) 231-4377. People at United Way of Massachusetts Bay's FIRST CALL FOR HELP service are waiting to assist you.

More than 3,000 human service agencies and programs exist to help people in Massachusetts. However,

CITY OF BOSTON OPENS ITS YOUTH SUMMER JOBS HOTLINE

The City of Boston, on May 2, activated its youth summer jobs hotline, which will remain open on weekdays through May 20, between p.m. and 6 p.m.

Mayor Thomas M. Menino urged Boston youths between 14-17 years old to call the City's Hopeline at 35-HOPE (635-4673) as soon as possible within its afternoon hours, as jobs are available on a first come/first served basis. Hopeline staffers will ask each youth applicant for

his/her name, address, phone number, date of birth and Social Security number.

Mayor Menino said, "Summer youth jobs benefit not only the teens who are employed, but also the different communities in this city. Summer jobs give Boston's youth a sense of achievement and the opportunity to contribute to their communities."

Through Boston's Youth Cleanup Corps, a jobs program of the Parks and Recreation Department, the City

"We help approximately 15,000 people a year," said Rossen. "Many of our callers are looking for financial help to do with basic needs, such as housing, utilities, food and clothing. Things are so bad for some people that they have to choose between feeding their children or heating their home."

To learn more about United Way's **FIRST CALL FOR HELP**, simply pick up the phone and dial 1 (800) 231-4377 on Monday thru Thursday from 8:30 a.m. to 7 p.m. or on Friday from 8:30 a.m. to 6 p.m.

"Our people are dedicated to helping other individuals," said Rossen, who has added a new person to her staff this year to help with bilingual callers. "If it means getting food,

preventing someone from having their electricity shut off, or replacing a baby carriage, we do our best to find the right agency or program to meet people's needs."

CONTRACTS AWARDED

The Mayor has approved the award of the following contracts to the lowest eligible bidders:

HEALTH AND HOSPITALS DEPARTMENT

Repairs

C164-94

October 22, 1993

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your permission to dispense with public advertising and to award a contract to Lanier Worldwide, Inc., a corporation located at 20 Wells Avenue, Newton, MA 02159, to provide maintenance and repair for voicewriter dictation equipment. This contract is exempt from the provisions of G.L.c. 30B and is awarded under the authority of the City Charter.

Under this contract Lanier Worldwide, Inc., will provide service and maintenance including parts, labor, travel and software update during the hours 8 a.m. to 5 p.m., Monday through Friday, for Lanier Voicewriter Dictation Equipment located in the Medical Records Department.

Compensation under this contract shall not exceed \$15,000 which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1993, through June 30, 1994.

Because Lanier Worldwide, Inc., is the manufacturer, and has trained personnel and availability of parts, and because the cost, in my opinion, is reasonable, no benefit would inure to the City by publicly advertising for bids.

This contract is being processed late because the necessary documents were not received from the vendor until October 22, 1993.

Very truly yours,

Lawrence A. Dwyer,
Commissioner.

In order to be eligible for funding, your group must be a non-profit organization that operates a public facility; i.e., the facility must be open to the general members of the public.

The Partners With Non-Profits Program is broken down into three program components.

The first will be for neighborhood-based public facilities. This component is geared to small groups operating facilities that benefit the neighborhood yet have limited capacity for raising funds. Improvements to their facilities often go unfunded as their limited resources are used to provide services directly to the residents of the community. The Neighborhood-Based Organizations component will fund \$300,000.00 worth of projects.

The second will be reserved for City-wide organizations who operate public facilities. These groups also provide needed services but to a more general population. This component is geared to assist City-wide organizations with limited fund raising capacity. The City-wide based organizations component will fund \$150,000.00 worth of projects.

The third component will be for emergency assistance. There are small non-profit facilities that do not have the capacity to keep a cash reserve for emergency repairs. This component provides relief in emergency situations for those organizations. The Emergency Repairs component will fund up to \$50,000.00 of emergency repair projects.

Competition for funds will be evaluated separately for the Neighborhood Based Facilities and the City-wide components. The Emergency Assistance component will be available on an as-needed basis until funds are exhausted.

Proposal package will be available on May 16, 1994, at the Public Facilities Department (PFD), 26 Court Street, 6th floor, Bid Counter, Boston, MA 02108.

Completed Proposal Forms must be returned to PFD on June 15, 1994, NO LATER THAN 4 P.M. LATE PROPOSALS WILL NOT BE ACCEPTED. For more information about the Request for Proposals, contact George Triant, Project Manager, Property Services Division, at 635-0567.

FROM ALL WALKS OF LIFE — AIDS FUNDRAISER

Dear City Employee:

On Sunday, June 5, 1994, New England's largest AIDS fundraiser, the 9th Annual "From All Walks of Life" will take place. This pledge walk will benefit the AIDS Action Committee and over 30 other community organizations involved in providing direct services to people with AIDS and HIV prevention education to all affected by AIDS.

In the past, many employees, including myself, have been involved in this worthwhile cause. This year, the City of Boston is proud to once again be sponsoring a City Walk Team. I would like to encourage every employee to consider becoming involved — as a walker, a sponsor or a volunteer. Registration for this year's Walk begins at the Parkman Bandstand on Boston Common at 7:00 a.m. The Walk itself begins at 9:00 a.m., and the day will end with a concert and picnic for all participants at the Hatch Shell on the Esplanade.

If you are interested in joining other City of Boston employees who will be walking as a team, please contact either Bill Corcoran in the Trust Office at 635-3414, or John Affuso in Neighborhood Services at 635-3485. T-shirts will be provided for all members of the City Walk Team.

The only way we will win the battle against AIDS is for all of us to join together in the fight. I would like to express a sincere thank you for joining me in this effort.

Sincerely,

THOMAS M. MENINO,
Mayor of Boston.

BROOM TO BLOOM KICK-OFF

*Statement of
Mayor Thomas M. Menino,
May 10, 1994.*

Broom to Bloom is the most comprehensive and coordinated cleanup and beautification program in the history of the City of Boston. Broom to Bloom is a three-phase program that will accomplish everything from clean sidewalks and graffiti, to plant flowers and trees, to actually provide for the ongoing maintenance of our public properties.

When I was elected Mayor, I told the people of Boston that two of my top priorities would be to restore people's confidence in the city's ability to deliver services, and to restore people's sense of pride in their own neighborhoods. Broom to Bloom is aimed at accomplishing both of these goals.

Broom to Bloom involves 10 city departments, dozens of Boston businesses and community groups, and hundreds of neighborhood residents — all of whom are committed to the same goal: to restore pride in Boston by putting a new shine on Boston.

For the past three months, these groups have been working and planning together — looking at how basic city services have been delivered in the past, figuring out how to improve them, and conducting needs assessments in every neighborhood and district.

The first phase of Broom to Bloom began a month ago with neighborhood cleanups, and with a special focus on business districts and major thoroughfares. To assist in this effort, the city purchased 3 new, state of the art graffiti-removal machines, work crews have been replacing street lights, re-

painting crosswalks, hydrants and traffic poles, and neighborhood residents and businesses have been out there with us pitching in.

Let me tell you — our work is already showing results. In just the first month, we have steam cleaned over 85,000 square feet of sidewalk. We have painted over 760 traffic and streetlighting poles, and 100 fire hydrants. We have removed graffiti from over 300 locations. And to date, more than 35 tons of trash and debris has been picked up.

Neighborhood and business district cleanups are ongoing, and the city will continue to make special outreach efforts to encourage maximum participation from neighborhood residents.

All in all, we've been off to a great start but it's still just the beginning. Having experienced one of the toughest winters in history, what better way is there to celebrate the arrival of spring than to improve the appearance of the city's streetscape?

As part of phase two of Broom to Bloom, we are resurfacing and reconstructing well over 35 miles of Boston's roads, and over 20 miles of sidewalk, at a cost of more than 17 million dollars.

But repairing our roads and sidewalks is only one part of improving the streetscape. A couple of months ago, I met with the Association of Nursery Growers, and we struck a deal that will enable Boston to plant more trees this spring and summer, for less. We have already planted 200 new trees along our roadways, and an additional 700 trees will be planted in locations all across the city.

Having made these unprecedented investments in cleanups, repairs, and beautification, the final piece of Broom to Bloom is to provide for the continual care and maintenance of our business districts, parks, new trees, flower barrels, and other public property.

In the past, very little attention has been paid to this part of the job. But as anyone who has invested time and resources in a project can tell you, planning for the upkeep of a project is just as important as getting it started.

This is what phase 3 of Broom to Bloom is all about. As part of Boston's

open space adoption program, my administration is recruiting civic and merchant associations, as well as businesses and neighborhood residents, to take responsibility for maintaining a tree, a park, a block, a lot, a flower box or even a trash barrel. Meanwhile, the city will act as a partner by providing some of the necessary resources and support services.

To date, more than thirty businesses, non-profits, and neighborhood-based groups have stepped forward to get involved with the open space adoption program. One of the reasons we chose to launch "Broom to Bloom" in Oak Square is because the Friends of Oak Square were one of the architects of the open space adoption program.

A few years ago, a group of residents got together and came up with some new ideas to improve the appearance of Oak Square Commons. A partnership was formed between them and the city, and as a result of that partnership, the Friends of Oak Square adopted the Commons. Just as we have done with the Friends of Oak Square, we hope to form partnerships with groups and businesses all across Boston.

As Mayor, I have often spoken about how discouraging it can be to walk down the street and see trash lying in

the gutter, wall covered with graffiti, and other signs of neglect. But it doesn't have to be that way, and as Mayor, I am not going to let it continue.

That's what Broom to Bloom is all about. With just a little time, a little care, and a lot of cooperation, we can make Boston cleaner and more beautiful, and we can change the way that people feel about living and working in their neighborhoods.

I want to thank and congratulate all of the businesses, community groups, non-profits, city departments, and neighborhood residents who have already contributed their time, energy, and resources, and I want to invite every other person and institution in Boston to get involved with Broom to Bloom and help put a new shine on our city. Thank you all.

Larry Boran, representing the Transportation Department's KEEP BOSTON MOVING SAFELY Program at the Alcohol Servers Awareness Seminar, recently sponsored by the BTB and the Massachusetts Governor's Highway Safety Bureau, poses with Nancy Luther, Bureau Director and host of the event. "Alcohol is a factor in a third of all fatal crashes in Massachusetts," said Nancy Luther. Noting that "prevention is a far better tool than prosecution," Ellen Rooney, Chair of the Boston Licensing Board, presented that Board's policies and procedures as part of the program. She also commented that liquor license holders who know how to protect both their patrons and their business protect the general public, as well. Nearly 300 City of Boston on and off-premises licensees attended the seminar, with about one third responding to a follow-up questionnaire. Of that number, 75 percent supported mandated server training and 100 percent agreed that the seminar, held at Anthony's Pier Four, accomplished its major goal: to promote responsible alcohol server and seller practices in Boston. Frank Tramontozzi, Acting Commissioner of the Transportation Department, was pleased with the level of interest and cooperation from Chairman Rooney and her staff in contributing to the success of the seminar.

PIC KICKS OFF ITS 1994 SUMMER JOBS PROGRAM

Mayor Thomas M. Menino, on May 10, joined Marshall N. Carter, CEO of State Street Bank and Chairman of the 1994 Private Industry Council (PIC) Summer Jobs Program, to kick off the private sector's 1994 summer jobs campaign for Boston youth.

Mayor Menino and Mr. Walsh called on private businesses, both large and small, to provide jobs for Boston students this summer to help meet the ambitious goal of 3,200 placements established by Mayor Menino in January. To date, the PIC has received 1,651 job commitments from private employers.

Emphasizing the need for increased participation particularly by small- and medium-sized companies, Mayor Menino said, "The summer jobs program is a collaborative effort. Every job provided goes a long way to meeting the needs of Boston's young people and making this summer a safe and productive one."

Recognized as one of the most successful youth employment programs in the country, the PIC Summer Jobs Program since 1980 has played a major role in the Mayor's Summer Jobs Campaign, a combined effort of the City of Boston, PIC and the Action for Boston Community Development (ABCD).

In addition to the call to businesses, Marshall Carter joined Robert J. Walsh, Vice-President of the Prudential Realty Group, to announce the "Pru Crew" initiative, an innovative component to the 1994 PIC Summer Jobs Program. Longtime PIC supporters, like Gillette and Boston Edison, will join with smaller companies throughout the Prudential Center to create for the 35 student "Pru Crew" a coordinated summer of working and learning. In addition to their summer jobs, the students will participate in career development workshops and occupational seminars offered by employers at the Prudential and focusing on industries such as retail, property management, food service and hospitality.

Carter said, "This year, the PIC is encouraging Boston employers to think creatively about using their own resources and talent to develop worthwhile learning experiences that will complement the summer jobs which are so essential to a peaceful and productive summer."

Neil Sullivan, Executive Director of the Boston PIC, added, "The Pru Crew initiative is a dynamic private sector response to the call for a summer of working and learning. We must engage students in learning experiences which extend beyond the traditional 180-day school year, even as we recruit as many private sector jobs as possible for Boston's young people."

MAYOR THOMAS M. MENINO ANNOUNCES \$1 M FEDERAL COMMUNITY POLICING GRANT

Mayor Thomas M. Menino, on May 12, announced that the City of Boston has won a \$1 million community policing grant from the U.S. Department of Justice to expand the Boston Police Department's community policing program.

Mayor Menino said, "I'm very pleased to see that Boston's community

policing program stands out among the many applicants nationwide in this highly competitive funding program. We have lobbied hard for this grant. Police Commissioner Paul Evans and I met with Attorney General Janet Reno in Washington to relay Boston's commitment to community policing. Senator Ted Kennedy and Congressman Joe Moakley offered their strong support and impressed upon the Justice Department that Boston's community policing program was a sound investment for these monies." The Mayor also thanked Senator John Kerry and Congressman Joseph Kennedy for their support.

The Boston Police Department will use the funds to expand its community policing program by hiring 14 bilingual police officers as part of its outreach to linguistic minority populations city-wide. Among the language capabilities the program will include are: Chinese, Vietnamese, Spanish, Haitian Creole, Cambodian and Laotian.

Police Commissioner Evans stated "We want a Police Department that fully reflects the diversity of the city and that is served by officers with the language and cultural skills to implement neighborhood policing among our linguistic minority communities."

BOSTON LANDMARKS COMMISSION DESIGNATES TWO HISTORIC BUILDINGS

In recognition of National Preservation Week, the Boston Landmarks Commission announced the designation of two downtown commercial buildings, the Ames Building and the Flour & Grain Exchange. Both buildings were designed in the late 19th century by the nationally renowned Boston architectural firm, Shepley, Rutan and Coolidge.

When constructed in 1887, the Ames Building at 1 Court Street, was the tallest masonry building in the United States and is considered to be Boston's first skyscraper. The Flour & Grain Exchange, a distinctive three-sided building at 177 Milk Street, was originally built for the Boston Chamber of Commerce in 1892.

Mayor Thomas M. Menino remarked that "Boston is fortunate to have commercial property owners like the Beal Companies, owners of the Flour & Grain Exchange, and Bristol Realty Advisors, owners of the Ames Building, who understand the value of preserving Boston's historic resources."

Alan Schwartz, Chairman of the Boston Landmarks Commission, stated, "we have turned a corner with these owner-supported designations to Landmark very significant, downtown building."

Mayor Menino has approved both designations. The Ames Building designation was approved by the City Council on February 2, 1994, while the Flour & Grain Exchange petition is awaiting City Council action.

BOSTON INTRODUCES HISTORIC DISTRICT STREET SIGNS

With National Preservation Week, May 8-14, 1994, comes word that Boston will soon have historic district street signs. A pilot program to add the names of historic districts to existing street signs has been approved by the St. Botolph Area Architectural Conservation District Commission. The St. Botolph Architectural District, as the signs will read, is a small gem-like neighborhood of late 19th-century brick and brownstone rowhouses designated by the Boston Landmarks Commission in 1981. The designation protects and enhances the historic character of the area by requiring design review of proposed exterior alterations.

"The city will be enhanced by these signs and we are glad to be able to provide them," noted Frank Tramontozzi,

Acting Commissioner of the Boston Transportation Department, whose Operations Division has designed the signs and will fabricate and install them this summer.

"We in the neighborhood are very excited about the signs," stated Susan Weatherbie, Chair of the St. Botolph Commission. "District designation is certainly an honor all residents can take pride in, and the regulatory function that goes with designation will be easier to remember with the signs up in the district," adds Weatherbie.

Indeed the historic district street sign program as devised jointly by the Transportation Department and the Environment Department (which staffs the Landmarks Commission and the city's seven historic district commissions) has two distinct purposes. First is to increase public awareness of Boston's architectural resources. Second is to reduce the incidence of unapproved alterations which might compromise the integrity of Boston's historic neighborhoods.

If all goes according to schedule, similar signs will be in place in the other historic districts — Back Bay, Beacon Hill, South End, Bay State Road, and Bay Village — by year's end. Noted Mayor Thomas M. Menino, "These signs will be a great way of announcing to residents and tourists alike that Boston neighborhoods have something special we value and respect."

CONTRACTS AWARDED

The Mayor has approved the award of the following contracts to the lowest eligible bidders:

LAW DEPARTMENT

Training

#1856-94

November 16, 1993

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the firm of Performance Computer Training, located at 9 Vinton Street, South Boston, for the purpose of providing computer applications training for Law Department personnel who are being introduced to the Department's newly acquired local area computer network. This contract is exempt from the provisions of G.L. c. 30B, and is awarded under the authority of the City Charter.

(Continued on next page)

(Continued from previous page)

Under the terms of the contract Performance Computer Training will provide on-site, customized training for all Law Department computer users. This firm is uniquely qualified to do this work because of its extensive experience in the specialized area of computer automation of legal services entities; and because it has been associated with this office since the system's initial installation, and is intimately acquainted with the department's users and special requirements.

Compensation under this contract shall not exceed \$4,800, for providing on-site training at the rate of \$400 per day. The experience that the firm has developed in providing service thus far has allowed it to develop a unique understanding of this department's user needs, and the technical aspects of our office automation system. I have determined the amount of \$4,800 to be reasonable for the work to be performed, and sufficient to meet the Law Department's needs through the remainder of Fiscal Year 1994. The term of this contract shall be from November 30, 1993, through June 30, 1994.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Sincerely,
Albert W. Wallis,
Corporation Counsel.

Legal Services

December 27, 1993

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the firm of Kern, Hagerty, Roach & Carpenter, located at 24 School Street, Boston, MA 02108, for providing legal services in the case *Sostre v. Brewer*. This contract is exempt from the provisions of G.L. c. 30B, and is awarded under the authority of the City Charter.

Under the terms of the contract Attorney Christine Roach of the law firm of Kern, Hagerty, Roach & Carpenter will provide legal preparation and representation on behalf of the City of Boston in the above case. The Contractor is specially qualified to do this work because of extensive experience in the involved issues.

Compensation under this contract shall not exceed \$50,000, at the hourly rate of \$110, which I have determined to be reasonable for the work to be performed. The term of this contract shall be from October 1, 1993, through June 30, 1994. This contract is late because the need for outside counsel, arising from a potential conflict of interest, was urgent and immediate and legal services needed to be provided prior to completion of all necessary paperwork.

Because of the professional nature of the services to be performed, and the reasonable cost thereof, I believe that public advertising would serve no useful purpose.

Sincerely,
Albert W. Wallis,
Corporation Counsel.

City of Boston, et al.* This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of City Charter.

LIBRARY DEPARTMENT

#1942-94
November 3, 1993

Dear Mr. Mayor:

On behalf of the Boston Public Library of the City of Boston, I am respectfully requesting your approval to award a contract without advertising to the Trustees of the Public Library of the City of Boston, a Corporation duly organized and existing under the laws of the Commonwealth of Massachusetts (see St. 1878, C. 114), for the purchase of books and certain other library bibliographical acquisition materials for the period October 1, 1993, through June 30, 1994, at a cost not to exceed \$1,987,656.

The Library is now requesting that a contract be established between the City of Boston (Official) and the Trustees of the Public Library of the City of Boston (Contractor), in the amount of \$1,987,656. This amount is available from the Library approved City Budget (001-110-0390) for the FY-94. The contract will allow the purchase of books and materials from publishers and dealers that can supply the required titles and quantities. In the past, the Library book purchasing operation involved over 3,000 individual book supply companies, and this supply network is still needed.

This contract has been discussed with the Law Department and the City Auditor, and has been agreed to as an acceptable approach to this unique purchasing situation.

In view of the circumstances outlined above, public advertising would serve no useful purpose.

During the prior three fiscal years (Fiscal Years 1991, 1992, and 1993), contracts for

the purchase of books and certain other library bibliographical acquisition material were awarded without advertising to the Trustees of the Public Library of the City of Boston in the following amounts:

FY-93 \$2,020,000.
FY-92 \$2,042,300.
FY-91 \$2,359,200.

With the award of this contract for the period October 1, 1993, through June 30, 1994, the Trustees of the Public Library of the City of Boston will now be able to order books and other library materials from the main supply source and the general needs and interest will be served more efficiently.

Sincerely,
Liam Kelly,
Associate Director.

PARKS AND RECREATION DEPARTMENT

Pier Improvements

#7009-94
April 27, 1993

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract with Childs Engineering Corp., located at Box 333, Medfield, MA 02052, for the design of Improvements at Pier 4, Charlestown Navy Yard. This contract is exempt from the provisions of G.L.c. 30B and is awarded under the authority of the City Charter.

Under the terms of the contract, the firm of Childs Engineering Corp. will assist the Parks and Recreation Department in providing design services improvements to the Pier 4 at the Charlestown Navy Yard. Childs Engineering Corporation is uniquely qualified to do this work because of their considerable experience in Marine design and engineering, and their intimate knowledge of Pier 3 and 4 which they have worked on over the last few years.

Compensation under this contract shall not exceed \$9,800 which I have determined to be reasonable for the work to be performed. The period of performance will be from June 10, 1993, through October 1, 1993.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

The contract processing was delayed due to problems designating funding sources from both BRA and State to encumber the contract.

Very truly yours,
Lawrence A. Dwyer,
Commissioner.

POLICE DEPARTMENT

Promotional Exams

#1160-94
January 13, 1994

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Morris & McDaniel, Inc., a corporation, located at 809 Cameron Street, Alexandria, Virginia 22314, for the development and training involved with 1992 "make up" promotional oral board examinations for the ranks of Lieutenant and Sergeant. This contract is exempt from the provisions of M.G.L.c.30B and is awarded under the authority of the Boston City Charter.

Under the terms of the contract, Morris & McDaniel, Inc. will develop and administer 1992 "make up" oral board promotional exams to Boston Police Department candidates for the ranks of Lieutenant and Sergeant. An essential part of this contract will provide for all necessary training to the candidates as well as the assessors, who, give and score the exam. The "make up" oral board exams became necessary after the Commonwealth of Massachusetts Department of Personnel Administration (DPA) notified this department that Question Number 56 on the statewide written examination administered on September 12, 1992, had been "miskeyed". This regrettable error resulted in the DPA's decision to credit all candidates with having answered Question Number 56 correctly. In consequence to this decision, eleven (11) candidates moved into the eligible pool for the oral board component which created the necessity for "make up" examinations.

Dr. David Morris, of Morris & McDaniel, Inc., developed, administered and trained for the initial set of 1992 promotional exams and is, therefore, the only person who can guarantee the department that the "make up" examinations will be of comparable difficulty to the initial examinations. Parity in the initial and "make up" exams is mandated by the DPA. Given this set of circumstances, I have determined that Morris & McDaniel, Inc. is uniquely qualified to perform this work.

Compensation under this contract shall not exceed \$14,983.50, which I have determined to be reasonable for the work to be performed. The term of this contract shall be from February 28, 1994, through June 30, 1994.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Respectfully,
Paul F. Evans,
Acting Police Commissioner.

Health Services

#2836-94
October 6, 1993

Dear Acting Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to The Trustees of Health and Hospitals of the City of Boston, Inc., a non-profit charitable corporation established by c. 656, Acts of 1965, located at 818 Harrison Avenue, Boston, MA 02118. This corporation will provide on-site and off-site Occupational Health Services to the Boston Police Department's Medical Unit. This contract is exempt from the provisions of M.G.L. c.30B and is awarded under the authority of the City Charter of Boston.

The City of Boston's Department of Health and Hospitals has decided to expand its own Employee Health Unit to include one of the most aggressive and innovative Occupational Health Programs established in Boston's medical industry today. It is only appropriate that the largest employer of these services, the Boston Police Department, be incorporated into the City's own program. Under the term of this contract, Boston City Hospital, acting through its selected agent, The Trustees of Health and Hospitals, will provide a variety of

medical services which include, but are not limited to, pre-employment testing of recruits, medical surveillance of injured officers, Health Promotion Programs such as cholesterol screening and Health Educational Programs to coincide with the state mandated "Wellness Program".

The term of this contract shall be July 1, 1993, through June 30, 1995, subject to an approved appropriation each fiscal year. Compensation for this contract shall be \$80,000 in fiscal year 1994 and \$80,000 in fiscal year 1995 for a total amount not to exceed \$160,000. The funding for this contract will be charged against appropriation 011 211 0211 PD03 0290 with an FY'94 encumbrance of \$80,000.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This contract is being submitted late due to the lengthy contract negotiations in order to finalize the contract specifications and prices.

Sincerely,
William J. Bratton,
Police Commissioner.

Training

#2839-94
November 16, 1993

Dear Mayor Menino:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to John E. Reid and Associates, Inc., 250 South Wacker Drive, Suite 1100, Chicago, Illinois, 60606. John E. Reid will conduct a training seminar on the techniques of interviewing, interrogation and behavioral analysis to sworn members of the Boston Police Department. This contract is exempt from the provisions of M.G.L. c.30B and is awarded under the authority of the Boston City Charter.

Under the terms of the contract, John E. Reid and Associates will train twenty-six (26) sworn members of the Department in the John E. Reid methods of interviewing, interrogation, and behavioral analysis. These methods of investigation are widely respected in law enforcement agencies and are the official techniques used by the Boston Police Department's Bureau of Investigative Services and Office of Internal Investigations. As John E. Reid developed the protocol for these methods, the techniques bear their name and they are the only qualified firm to provide such training.

Compensation under this contract shall not exceed \$9,022 which I have determined to be reasonable for the work to be performed. The term of this contract shall be from January 24, 1994, through January 26, 1994. This funding shall be charged against appropriation 011 211 0211 PD04 0290 with an initial encumbrance of \$9,022.

Given the fact that John E. Reid and Associates, Inc., provides specialized training which is unique in the law enforcement field, I believe that public advertising would serve no useful purpose.

Sincerely,
William J. Bratton,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT

Rental Assistance

C19132-94
November 4, 1993

Dear Mayor Menino:

Pursuant to a vote of the Public Facilities Commission on August 12, 1993, I respectfully request Your Honor's written permission to dispense with further public advertising and award a sole source contract to Metropolitan Boston Housing Partnership, Inc. (MBHP), a non-profit corporation, with offices at 434 Massachusetts Avenue, Boston, MA 02118. Under the terms of this contract, the contractor will administer a scattered-site rental assistance program to persons with AIDS in the Metropolitan Boston region. This contract is exempt from M.G.L. c.30B as it is a grant agreement with a non-profit corporation to provide support and services as defined in M.G.L. c.30B, Section 1.

As a condition of this Federal Grant, the service provider was required to service all of the Metropolitan Boston area. MBHP is the only non-profit corporation servicing the Metropolitan Boston area and thus is uniquely qualified to administer this pioneer program. MBHP has two decades of experience in leasing affordable housing units in the Metro Boston region. The Contractor's role will be to determine an individual or family's eligibility for subsidized housing. MBHP will receive referrals through a collaborative which includes the Public Facilities Department and the Justice Resource Institute.

Compensation under this contract shall not exceed \$855,360, which I have determined to be reasonable for the services to be performed. The term of this contract shall be from September 1, 1993, to February 29, 1996. The submission of this request for approval has been delayed due to negotiations associated with the scope of services. Funds for this contract shall come from those received through the 1993 Housing Opportunities for Persons with AIDS (HOPWA) Grant.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4 s. 5.

Respectfully,
Mary Nee,
Director.

Boiler Replacement

C2200-94
November 24, 1993

Dear Mayor Menino:

Engine 8, 382 Hanover Street, is owned by the Boston Fire Department of the City of Boston. At 2 p.m. on Friday, November 20, 1993, the Public Facilities Department, City of Boston was notified by Robert Sances, Assistant Fleet Manager of the Boston Fire Department, that the boiler at the above referenced location was inoperable. A site visit revealed the boiler had a horizontal crack in it. Because the boiler was 25 years old and replacement parts were no longer available, the boiler had to be completely replaced.

(Continued on next page)

(Continued from previous page)

On November 24, 1993, an emergency waiver of public bidding was granted by the Division of Capital Planning & Operations. Emergency calls were made to qualified vendors with the City of Boston to bid on this emergency work. The results are as follows:

J. A. Marino Automatic Heating Company, \$28,800.

York International, \$33,000.

P. J. Kennedy & Sons, Inc., \$35,030.

This contract is procured pursuant to and in accordance with M.G.L. c. 149, s. 44 (A) and is, therefore, exempt from the process of M.G.L. c.30B. Your Honor's written permission is requested to award this work to J. A. Marino Automatic Heating Company with offices at 205 South Street, Jamaica Plain, MA 02130 in an amount not to exceed \$28,800 which I have determined to be reasonable for this work to be performed. The term of this contract shall be thirty (30) days from date of execution.

Emergency Shelter Grant

C-19016-94
December 10, 1993

Dear Mayor Menino:

Pursuant to a vote of the Public Facilities Department on May 28, 1993, July 8, 1993, and August 12, 1993, I respectfully request your written permission to dispense with public advertising and to award a contract to Pine Street Inn, a non-profit organization located at 444 Harrison Avenue, Boston, MA 02118, for the general operation of their homeless shelter and/or for the provision of homelessness services. This grant is exempt from M.G.L. Chapter 30B as it is a grant agreement with a non-profit organization for the public purpose of support and not for goods and services.

Under the terms of this grant, Pine Street Inn will be awarded Emergency Shelter Grant Funds for the general operation of their homeless shelter and/or for the provision of homelessness services. Compensation under this contract shall not exceed \$33,900 which I have determined to be reasonable for the work to be performed. The submission of this request for approval has been delayed due to numerous changes associated with the ESG recipients for one or more of the following reasons: unavailability of vendor personnel; required vendor board of directors' approval; agency mergers which necessitated rewriting the contracts, and recalculating the grant figures. The term of this contract shall be December 1, 1993, to August 31, 1994.

This contract was selected based upon a thorough evaluation of its proposal submitted in response to a publicly advertised request for proposals in the *Boston Globe* on March 15, 1993. Costs were determined to be reasonable after extensive analysis by Public Facilities Department Staff.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4 s. 5.

Respectfully,
Mary Nee,
Director.

Under this contract, Storch Engineers will prepare designs, environmental and historical reports, as well as provide construction services, advice and consultation to the Boston Public Works Department for both bridges. The existing sub-structures will also require modifications and inspections of the piers and abutments in order to evaluate and determine the required changes.

Bridge Repair

#C7488-94
December 10, 1993

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award an emergency contract to T. Equipment Corporation whose address is 170 Granite Avenue, Dorchester, MA 02124, for emergency temporary repairs to the Northern Avenue Bridge. This contract is necessary because the bridge is showing signs of severe fatigue and therefore is a public hazard.

This contract is exempt from the public advertising requirements of G.L.c. 30B, because it is a contract for emergency repairs to a public work that is being awarded under G.L.c. 30, section 39M. I have received approval from the Department of Capital Planning and Operations for the Commonwealth of Massachusetts under G.L.c. 149, section 44J to have the matter deemed an emergency.

Under this contract T. Equipment Corp. will undertake immediate repairs to correct the dangerous condition as described below:

1. Several granite blocks at the western approach span pier have shifted, resulting in open joints and distortion of one approach span support.

2. One steel stringer under the northern sidewalk at the moveable bridge is badly corroded.

Due to the serious hazard this condition presents for safe travel by the public, it must be secured and made safe as soon as possible. Given the emergency nature and need for quick repair, I contacted contractors who I deemed to have special expertise in this type of work.

The following bids were received on December 10, 1993:

T. Equipment Corporation, \$52,832.

N.E.L. Corporation, \$86,932.

J. M. Cashman, Inc., \$197,432.

Grand Banks Marine Corp., \$291,432.

I have selected T. Equipment Corporation to perform the needed work because of the bids submitted and my confidence that they can quickly complete the repairs as expected.

Compensation under this contract shall not exceed \$52,832, an amount which I have de-

termined to be a reasonable cost for the work to be performed.

All work shall be completed as soon as possible and no later than 14 calendar days after commencement of operation.

Very truly yours,
Joseph F. Casazza,
Commissioner.

As this is a contract for Engineering Services in connection with construction improvements to public works, it is exempt from the provisions of G.L.c. 30B.

Under this contract, Fay Spofford & Thorndike, Inc., will provide Engineering review of consultant designs, preparation of designs, emergency review, as well as environmental and historical reports. The Improvements to be constructed may include, among other things, streets, sidewalks, street lighting, surface drainage, traffic control systems, street traffic and directional signs. SCHOOL DEPARTMENT

Collective Bargaining

#C4998-94
November 1, 1993

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I respectfully request your approval to award a contract to Conflict Management, Inc., 20 University Road, Cambridge, MA 02138, in an amount not to exceed \$75,000 for the period July 1, 1993, through June 30, 1994.

This contract is exempt from G.L.c. 30B as a contract with labor representatives and is awarded pursuant to the City Charter.

Conflict Management, Inc., ("CMI") was selected by the Boston Teachers Union ("BTU") and the School Committee of the City of Boston to mediate and facilitate collective bargaining when, after eight months, the parties were unable to agree upon the terms of a successor collective bargaining agreement. The selection of CMI was supported by the business community which contributed to the initial fees. The fees for the mediation/facilitator process are to be shared equally by the BTU and the School Committee. Approximately, 800 hours of services will be required to finalize the contract at an hourly rate of \$225. Under the circumstances, I deem the cost to be reasonable.

This contract is submitted late because of a misunderstanding on the part of the provider which believed that a Memorandum of Agreement among the BTU, the School Committee

and CMI was sufficient for purposes of payment.

Very truly yours,
Lois Harrison-Jones,
Superintendent.

Implementation Team

#C5294-94
October 22, 1993

Dear Mr. Mayor:

I respectfully request your authority to award a contract without public advertising to The Study Group, Inc., 11 Lake Park Court, Germantown, Maryland 20874, in an amount not to exceed \$15,000 for the services of Michael Norman, for the period November 1, 1993, through August 31, 1994. This contractor shall be compensated at the rate of \$300 per day, and reimbursed for expenses incurred while providing services to the School Department. Reimbursement for expenses shall be in accordance with City of Boston travel policy and included within the contract cost.

This contract, in the nature of an employment contract, is exempt from the Uniform Procurement Act, pursuant to G.L.c. 30B, s. 1(b) and is awarded pursuant to the City Charter, sections V and VI of the attached Superior Court Order "Revised Implementation Plan of the Superintendent of the Boston Public Schools", and paragraph 3 of the attached Disengagement order No. 8 dated June 22, 1992, in the case of *Allen v. Parks*. Superior Court No. 14948. Paragraph 3 of the said order requires the School Department to provide staff "assistance and other support to the (implementation) team as necessary and appropriate". The Implementation Team has determined that it is necessary and appropriate to utilize the services of Mr. Norman, an expert in the area of data management, data collection and analysis (see resume attached hereto). Mr. Norman, vice-president of The Study Group, Inc., was selected by the training committee, in accordance with the implementation plan, for his unique qualifications and expertise in the area of special education data collection and analysis. Mr. Norman will provide technical assistance which will help improve the quality of special education programs as well as ensure compliance with the court order.

Because of the Court Order and the contractor's unique expertise in data management, public advertising for this contract, which I deem to be reasonable, would serve no useful purpose.

Very truly yours,
Lois Harrison-Jones,
Superintendent.

October 1, 1993

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award contract to Amy Barringer of 357 Malden Street, Medford, MA 02155, for receptionist, telephone, data entry and clerical support for the Workers' Compensation Service of Administrative Services. Duties include but are not limited to responding to inquiries by telephone and in person, answering inquiries or when appropriate referring questions to the proper sources, reviewing and sorting incoming mail, entering medical bills into the risk management computer system and other duties as required.

Amy Barringer is currently enrolled at Suffolk University and has worked previously for the Workers' Compensation Service during the school year and in the summer performing these tasks. Her background, and experience are well suited to the needs of the department. Compensation under this contract shall not exceed \$9,000, and the payments from appropriation code number 011-341-0342-WA01-30 will be made at the rate of \$7.50 per hour, an amount which I have determined to be reasonable for the work to be performed. The term of this contract shall be from October 1, 1993 - June 30, 1994.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose. Because of inadvertent delay in processing the paper work this contract is late.

Very truly yours,
Alyson R. Haley,
Workers' Compensation Agent.

CITY HOSTS FIRST ANNUAL BPS FESTIVAL OF THE ARTS

Mayor Thomas M. Menino has announced that the City of Boston hosted its first annual "Boston Public Schools Festival of the Arts" on Sunday, May 15, 1994, from 12 noon to 5:00 p.m. throughout Boston City Hall and on City Hall Plaza to celebrate the artistic talents that are flourishing in the Boston Public Schools.

school students from over 70 Boston Public Schools.

Recognizing the support of Schools Superintendent Lois Harrison-Jones, Mayor Menino said, "This Festival of the Arts shows what's right about the Boston Public Schools. Kids are excelling in our schools, and this is their time to shine."

More than 2,000 visual arts works by the students were on display throughout Boston City Hall for public viewing. In addition, dozens of students of music, dance, theater and the literary arts contributed to an outdoor arts show, with performances occurring simultaneously at two stage locations on City Hall Plaza throughout the afternoon. Highlighting the depth and diversity of the students' creative talents, performances ranged from chamber music to rap, from folk dance to theatre, from short stories to poetry readings — and still included more variety in between.

In addition to the day-long festival, the students' visual art works will remain on display in Boston City Hall throughout the month of May.

To kick off the Arts Festival, Mayor Menino hosted a "Middle School Awards Ceremony," the first in a series, on that Sunday at 11:30 a.m. in the City Council Chamber, Fifth Floor, Boston City Hall, to honor students city-wide showing exceptional school spirit or academic excellence.

The day-long Arts Festival extravaganza featured an extensive array of multi-media art works and presentations by elementary, middle and high

MAYOR THOMAS M. MENINO ANNOUNCES NEW POLICIES TO LIMIT TENANT WATER SHUTOFFS

Mayor Thomas M. Menino, on May 16, announced that the Boston Water and Sewer Commission (BWSC) has reached an agreement with the Water Access for Tenants and Ratepayers (WAT&R) coalition on the City's water shutoff policies and, in addition, that he City will conduct a one-time am-

nesty program to limit the need for future shutoffs.

After extensive discussions with WAT&R during a twenty-one-day moratorium on shutoffs, the BWSC has agreed to identify and substitute alternative methods of collection for water shutoffs in buildings that are 1) slated

for foreclosure, 2) subsidized under Section 8, or 3) owned by absentee landlords.

In addition, the BWSC in June will conduct a one-time amnesty program for delinquent customers. All assessed delinquency charges will be forgiven for customers who pay in full during this amnesty period.

Mayor Menino said, "This agreement maintains fairness to both tenants

and the Commission's active ratepayers. It protects these parties from bearing the burden of another party's negligence. I appreciate the WAT&R coalition's efforts to help the City reach this agreement."

Ellen Citron, spokesperson for WAT&R, said, "It is clear, by this action, that the BWSC does, indeed, agree that tenants should not have to suffer for the sins of their landlords. Mayor Menino has said that his top priority is to protect tenants, and it looks as if he really means it."

Patricia Fahy, BWSC Acting Executive Director, stated, "The modifications that have been achieved will mitigate the negative impact to tenants of collecting the owners' unpaid water bills while simultaneously protecting the Commission's ratepayers."

An Advisory from The Office of The Attorney General's Fair Labor and Business Practices Division to the Cities, Towns, Municipalities and Awarding Authorities throughout the Commonwealth of Massachusetts.

On September 28, 1993, the Massachusetts State Legislature transferred many of the duties performed by the Department of Labor and Industries to the Office of the Attorney General. At the time of the transfer the State Legislature made several important changes to Massachusetts General Laws Chapter 149. One amendment was to M.G.L. c. 149, s. 27B. This revised status now requires *every* contractor or subcontractor on public works projects to submit a certified payroll to the awarding authority *every* week. This is an important new enforcement tool to ensure compliance with the prevailing wage law.

REVIEW OF CERTIFIED WEEKLY PAYROLL

In order for this legislation to be effective, awarding authorities must review and monitor these submissions on a weekly basis. It is the position of the Attorney General's Office that failure

by an awarding authority to ensure compliance with this new law frustrates the Legislature's intent to prevent the nonpayment of prevailing wage on public works projects. An awarding authority must take an active role in monitoring payroll submissions for this new legislation to realize its intended goal. Any suspected violations should be reported to the Attorney General's Fair Labor and Business Practices Division by calling (617) 727-3465.

Prevailing wage sheets *must* be included in all job specifications. To avoid any confusion and give notice to all contractors and subcontractors, it is suggested that the requirement for weekly certified payrolls also be included in the same job specifications. However, failure to include the notice of the weekly payroll requirement in no way relieves the awarding authority and contractors from compliance with state law.

PREVAILING WAGE HEARING

Another legislative amendment to M.G.L. c. 149, s. 27 now authorizes the Attorney General's Office, after conducting an investigation and hearing, to *order work halted* on a public

works project if it finds prevailing wage violations. This office can order the general or subcontractor to post a bond if it finds that the prevailing wage is not being paid on a job. Work cannot resume until a bond has been posted in the amount of a penal sum as determined by the Attorney General at the hearing.

It is readily apparent by these changes in the law, and it is the position of this office, that all awarding authorities must *receive, maintain and review* weekly payroll records to ensure compliance with the prevailing wage law.

REVIEWING BIDS

Awarding authorities should also prevent potential prevailing wage violations by conducting hearings on bids that are significantly below the average bid price submitted on a project. Such bids raise a serious question as to the ability of the contractor to pay the prevailing wage, comply with Massachusetts laws, and successfully complete the project. Case law permits awarding authorities to make findings of fact; and such determination shall not be overturned by the courts or any reviewing agency provided the determination was not made in an arbitrary, capricious or illegal manner. See *Capuano v. School Building Committee of Wilbraham*, 33 Mass. 494 (1953). Historically, D.L.J. has supported this position. See *D.L.J. Decision*, July 31, 1991, *University of Massachusetts Polymer Research Laboratory*.

Weeding out irresponsible bids will prevent unnecessary and ultimately costly delays. The Commonwealth is covered with public works jobs that remain dormant and unfinished because of irresponsible contractors who could easily have been detected by using the process.

Through these preliminary hearing the contractors must demonstrate to the awarding authorities and its architect how it could complete the project at the bid price and comply with Massachusetts State Laws. Failure to make such showing would allow the awarding authority to reject the bid. Such action by the awarding authority, absent ar-

A rate of \$8 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must, except in emergencies, be in hand at the City Record office by 5:00 p.m., Wednesday of each week to insure its publication in the following Monday's issue.

trary, capricious or illegal behavior, will be supported by this office.

The legislature has delivered a strong message with its recent amendments addressing enforcement of the wage laws. This office will diligently utilize the new enforcement tools provided to ensure that all parties comply with the law, and that prevailing wage is paid on all public works and public construction projects. However, such oversight is not possible absent the cooperation of the awarding authorities. Inherent in this new statutory scheme is the need for awarding authorities to diligently pursue a role in maintaining and reviewing the weekly certified payroll records.

Please be advised that this office will not be reluctant to employ the sanction of halting such aspects of a public works project if it can be shown an awarding authority failed to prevent violation of the law by not making any effort to maintain and review submitted certified payroll records.

PUBLIC RECORDS

The Secretary of State's Office, through an opinion by James W. Igoe, Deputy Secretary of State, Supervisor of Public Records, dated September 12, 1989, and the Office of the Attorney General are in agreement that certified weekly payrolls are public records and therefore should be made available to parties upon request. It is the opinion of this office that certified payrolls regarding recycling and curbside rubbish pickup also fall under the umbrella of public records.

Certain information should be deleted or blackened out prior to making the payroll documents available to those who request them in order to protect the privacy rights of named individuals. Sensitive information, such as social security number, date of birth, unusual reason for a deduction, i.e., child support, may be deleted or blackened out. Information such as name, address, classification, hours worked, base pay and regular deductions must be made available.

Public construction is one of the essential functions of any governmental

Brian Smith (center), a West Roxbury resident, drove his bike to the Bike Safety Event at Billings Field, West Roxbury recently. Jointly sponsored by two City departments — Boston Parks & Recreation and Transportation — the event was designed to promote safe bike riding, awareness of the new bike helmet law for children under thirteen years old, and bike helmet use for everyone. Pictured with Brian are members of the Northeast Trickstars who demonstrated intricate spins and challenging jumps. Trickstar performers emphasized the importance of the safety gear they wear, especially bike helmets. Hand signals were demonstrated and the rules of the road presented.

The event, conceived and initiated by Parks & Recreation staffer, Barbara Hamilton (far right) was supported in part by the BTD's KEEP BOSTON MOVING SAFELY Program which provided educational print materials and three bike helmets for raffle. "Ms. Hamilton's initiative in bringing the departments together made perfect sense. We're off to a good start at introducing the traffic safety element into a recreational activity," said Edwina Cloberty, Program Director for KEEP BOSTON MOVING SAFELY. This program is funded in part by the Governor's Highway Safety Bureau.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

TREASURY DEPARTMENT Legal Services

#C3768-94
October 22, 1993

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C. ("Mintz, Levin"), One Financial Center, Boston, Mass. The term of this contract shall be July 23, 1993, through November 1, 1993. Compensation under this contract shall not exceed \$205,000. Hourly rates are in the range (depending primarily on level of experience) of \$50 per hour to \$110 per hour in the case of legal assistant, \$85 per hour to \$185 per hour in the case of associates with the firm, and \$185 per hour to \$325 per hour in the case of members of the firm. In my opinion this contract price is reasonable for the services to be rendered. This contract is exempt from the provisions of G.L. c. 30B, as it is a contract for legal services, and is awarded under the authority of the City Charter.

Mintz, Levin will serve as the City's bond counsel with respect to the City's General Obligation debt issues and Certificate of Participation. They will also provide such legal services to the City which are customarily provided by bond counsel. Such services shall include, but not be limited to rendering opinions as to the legality and tax status of the

debt issues, assistance in the preparation of official statements used to facilitate the sale of debt issues and the drafting of related legislation upon request.

Because Mintz, Levin is especially qualified in the area of municipal finance, and because this firm has previous experience with the financial affairs of the City of Boston, I believe that public advertising would serve no useful purpose.

This contract is being submitted late due to the fact that the original contract forms were misplaced.

Very truly yours,
George E. Mahoney,
Temp. Collector-Treasurer.

January 10, 1994

Dear Mr. Mayor:

Rufo, et al.* This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Under the terms of the contract, the contractor shall provide legal services to the Sheriff of Suffolk County in certain litigated matters including, without limitation, the matter of *Inmates of Suffolk County Jail v. Rufo, et al.* which was vacated and remanded by the United States Supreme Court to the United States District Court for the District of Massachusetts, where it is currently pending. Ches-

ter Janiak, Esq. is uniquely qualified to do this work because of his familiarity with the ongoing litigation concerning the jail.

Compensation under this contract shall not exceed \$75,000, at a rate of \$125 per attorney hour, \$40 per paralegal hour, and \$55 per law clerk hour, which I have determined to be reasonable for the work to be performed. Fees and disbursements are included in this amount, and will be itemized separately.

The term of this contract shall be January 24, 1994, to June 30, 1994.

Mr. Janiak's compensation for services provided in the past 3 1/2 years is as follows:

FY91	\$199,000
FY92	\$249,000
FY93	\$199,000
FY94	\$75,000

Very truly yours,
Robert C. Rufo,
Sheriff.

Substance Abuse Treatment

#C3696-94
October 29, 1993

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Bay Cove Human Services, Chelsea ASAP, Inc., a corporation located at 50 Redfield Street, Suite 101, Boston, Mass., to provide a substance abuse program at both the Suffolk County Jail and the Suffolk County House of Correction. This contract is exempt from the provisions of G.L. c. 30B as the work to be performed is not a "service", as defined by G.L. c. 30B sec. 2, but is a grant agreement whereby the contractor's sole purpose is to carry out the public service of reducing recidivism of offenders by engaging them in substance abuse treatment and the recovery process, thus enhancing the public safety. This contract is awarded under the authority of the City Charter.

Under the terms of the contract, Bay Cove Human Services, by means of a grant from the Massachusetts Committee on Criminal Justice, will provide a substance abuse program at the Suffolk County Jail and the Suffolk County House of Correction. The curriculum set forth in the "Program Outline" attached hereto includes individual counseling, treatment planning and education on substance abuse. Bay Cove Human Services is uniquely qualified to do this work because, not only are they the only ones specifically authorized in the grant, but they also have extensive experience in providing these services in similar environments including the Andrew Detoxification Center on Long Island.

Compensation under this contract shall not exceed \$52,708.50 which I have determined to be reasonable for the work to be performed.

The term of this contract shall be November 15, 1993, to June 30, 1994.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Robert C. Rufo,
Sheriff.

Fire Alarm Testing

#C-2976-94
November 5, 1993

Dear Mr. Mayor:

Your Honor's permission is requested to dispense with public advertising and award an emergency contract pursuant to M.G.L. c. 30B, sec. 8, for testing of the fire alarm systems at the Suffolk County House of Correction (SCHOC) to Aetna Fire Alarm Service Company, Inc. (Aetna) for the period of October 1, 1991, thru November 19, 1991.

As was required prior to opening of the Suffolk County Jail at Nashua Street, the SCHOC's fire alarm system had to be tested before a certificate of occupancy for the building could be issued. Three (3) telephone quotes were solicited from qualified fire alarm service companies. The quotes were obtained and Aetna was the low bidder. When testing began, several defects were discovered within the fire alarm system. These unanticipated problems, prolonged the testing period beyond the period specified in the contract. Aetna completed the required test in approximately one (1) month and submitted an invoice for the work performed. A certificate of occupancy was issued soon after.

My staff immediately disputed responsibility for payment. Our contention was that the system problems encountered during the test were actually due to defective workmanship during the original installation resulting in a prolonged test period and an increased cost for the work performed. This dispute resulted in lengthy negotiations between the Suffolk County Sheriff's Department (SCSD) and the Commonwealth of Massachusetts Division of Capital Planning and Operations (DCPO) regarding responsibility for payment. It was finally decided that DCPO would be responsible for payment. The SCSD will make payment to Aetna and DCPO will, in turn, reimburse the SCSD for the payment.

Compensation under this contract shall not exceed \$15,745.01 which is the total cost of the testing performed. The funds will be disbursed from Appropriation Code 030-747-9460-0270. This account is funded entirely by the Commonwealth of Massachusetts.

This contract is being submitted late due to the lengthy negotiations between DCPO and the SCSD. Additional time was also required to obtain signed contract documents from the vendor.

Very truly yours,
Robert C. Rufo,
Sheriff.

Dental Assistant

#C-3692-94
October 25, 1993

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Henrietta Barrett, an individual located at 45 Highland Avenue, Randolph, Mass., for dental assistant services at the Suffolk County Jail. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

Under the terms of the contract, Henrietta Barrett will provide an average of eight hours

of dental assistant services per week to the inmates incarcerated at the Suffolk County Jail. In addition, the contractor will be on call twenty-four hours per day for consultation and must come to the facility if the jail staff so requests. The contractor shall provide for an alternate dental assistant at the contractor's sole expense in the event she is unable to provide the above services. The alternate selected by the contractor shall be subject to approval by the Sheriff. Henrietta Barrett is uniquely qualified to do this work because of the extensive dental assistant experience she has from working at the Schraffts Center, which provides dental service to correctional facilities in Massachusetts.

Compensation under this contract shall not exceed \$3,840 at the rate of \$15 per hour, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be November 22, 1993, to June 30, 1994.

Henrietta Barrett has not had a contract with the Suffolk County Jail in the past.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Robert C. Rufo,
Sheriff.

MA 02127, to serve civil process required by the Law Department during the period of July 1, 1993, through June 30, 1994, at a cost not to exceed \$5,000.

Your approval is requested to amend this contract to provide the same service previously mentioned. This amendment is necessary because the original contracted amount is insufficient to meet the cost of services that are expected to be rendered through the end of the contract on June 30, 1994. The cost of this amendment, which is effective on March 20, 1994, shall not exceed \$4,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$9,000. The period of performance shall remain the same.

Because of the professional nature of the services to be performed and the reasonable cost of the services to be provided, it is my opinion that public advertising would serve no useful purpose.

Sincerely,

Albert W. Wallis,
Corporation Counsel.

Special Events

Dear Mayor Menino:

This letter is pursuant to the Conflict of Interest Law, G.L. c. 268A. I was appointed by you to be the Director of the Office of Business and Cultural Development (BCD) and, by virtue of that capacity, I am a municipal employee as defined by G.L. c. 268A. In addition, I am President of the Fund for Boston Neighborhoods, Inc. (The Fund) because the by-laws of the Fund provide that the President of the Fund shall be the person serving as Director of BCD. The Fund was incorporated in 1968 by the Mayor of Boston and others as a non-profit corporation under G.L. c. 180. I receive no compensation from the Fund.

BCD anticipates that it would like to amend an existing contract, without advertising, to the Fund for various services, including but not limited to technical, publicity and production services to the city departments and neighborhood groups. As Director of BCD, I would, therefore, pursuant to G.L. c. 268A, 19(a), be participating as a municipal employee in a particular matter in which a business organization in which I am serving as an officer (the Fund) has a financial interest.

Although BCD has not yet initiated the amendment to the contract, I hereby advise you, pursuant to G.L. c. 268A, 19(b), that I would have no personal interest in the above-noted amendment to the contract, and I request a written determination from you that any interest I might have in the amended contract as President of the Fund would not be so substantial as to be deemed likely to affect the integrity of the services which the City of Boston may expect from me as a municipal employee.

Thank you for your consideration in this matter.

Very truly yours,

Cecily N. Foster,
Director.

World Cup Soccer

Dear Mr. Mayor:

On July 1, 1993, your Honor approved the award of a contract without public advertising for bids to the Fund for Boston Neighborhoods, Inc., Boston, Massachusetts, for the following services:

a) To provide technical services to musical, artistic, literary performing arts, theatrical and other neighborhood groups which provide services to residents of and visitors to the City of Boston.

b) To publicize ongoing events, conduct and produce special artistic projects, civic events, entertainment, and festivals to be held in various locations throughout the City of Boston.

c) To produce exhibits and receptions within City Hall Plaza and at other locations within the City, for the benefit of residents of and visitors to the City of Boston.

d) To produce a series of midday and evening concerts on City Hall Plaza and at other locations within the City, for the benefit of residents of and visitors to the City of Boston.

Under the already approved contract, The Fund for Boston Neighborhoods, Inc., will pay for all labor, services, and materials furnished for the programs and activities listed above. The period of performance is July 1, 1993, through June 30, 1994, at a cost not to exceed \$188,937.

Your approval is requested to amend this contract to provide payment for additional costs associated with the "World Cup Soccer" special event for which Boston, as you know, is a host City, and which were not anticipated in the terms of the original contract. These costs are enumerated in the attached budget for the World Cup Soccer event. The cost of this amendment shall not exceed \$113,000, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$301,937.

In view of the success of The Fund for Boston Neighborhoods, Inc., in producing cultural, literary, educational, theatrical, and musical programs for the City and the special nature of the services to be rendered, it is my opinion that public advertising would serve no useful purposes and that the awarding of this contract would be in the best interest of the City of Boston.

This amendment is exempt from the provisions of Chapter 30B, since the underlying contract is exempt.

Very truly yours,

Cecily N. Foster,
Director.

Training

Dear Mayor Menino:

On July 15, 1992, the Honorable Raymond L. Flynn approved the award of a contract exempt from the provisions of M.G.L. c. 30B and without public advertising for bids to Robert Stutman & Associates, Inc. The contract provided for the development of a substance abuse policy and the implementation of a job training program on substance abuse in the workplace. The term of the

contract is April 22, 1992, through October 31, 1993, at a cost not to exceed \$48,750.

Your approval is requested to extend the term and amend the scope of this contract. Due to the unanticipated length of collective bargaining negotiations for the finalization of the substance abuse policy, more time is needed to complete the training of sworn personnel and to establish the SOS Supervisor Hotline. The original scope of services is now projected for completion on October 31, 1994. The Police Department must further request that the scope of services be amended to include the training of the FY '94 police recruits. This substance abuse training is considered a valuable addition to the present Academy curriculum.

The cost of this amendment, which is effective on July 1, 1993, shall not exceed \$10,000, invoiced at the rate of \$125 per hour, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$58,750. The term of this contract shall be extended from October 31, 1993, to October 31, 1994. All other terms and conditions shall remain the same.

Given the fact that Robert Stutman & Associates, Inc. developed the substance abuse policy and shall train all sworn personnel within the department in this policy's procedures, they are the only possible contractor capable of extending this training to the Academy. I, therefore, believe that further advertising would serve no useful purpose. This contract is being submitted late due to financial transactions which had to take place before submission and lost contract documents.

Respectfully,

William J. Bratton,
Police Commissioner.

Consulting Services

Re: Consulting Services for the Construction of the New Police Headquarters Amendment No. 1, Project No. 5681.

Dear Mayor Menino:

Pursuant to a vote of the Public Facilities Commission on November 19, 1987, I respectfully request Your Honor's written permission to dispense with further public advertisement to amend a contract executed on July 30, 1993, with Morse Diesel International, a Massachusetts corporation with offices at 270 Congress Street Boston, MA 02210. Under the terms of the contract, the contractor is providing building plan and construction consulting services. The original scope of work included preliminary design, design development and working drawings. This contract is exempt from the provisions of M.G.L. c. 30B, and was awarded under the authority of M.G.L. c. 7, s. 38A-1&2-38-0 et seq.

Morse Diesel International was awarded the contract based on a publicly advertised request for proposals in the *Boston Globe* and the *Ci Record* on August 24, 1992, and the *Central Register* on August 26, 1992.

This amendment will provide additional in-house consulting services for project management work. In addition, this amendment will provide for the construction of a mock-up window wall to test for whether the window wall

designed can be constructed without water leakage.

The cost of these additional design services shall not exceed \$90,000, resulting in an amended contract cost that shall not exceed \$540,000. The term of this contract shall remain as July 30, 1993, to November 11, 1996.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Respectfully,

Mary Nee,
Director.

Landscape Design

Re: Contract in connection with the Grove Hall Streetscape Project Amendment No. 3.

Dear Mayor Menino:

Pursuant to a vote of the Public Facilities Commission on March 7, 1991, I respectfully request Your Honor's written permission to dispense with further public advertisement and further amend a contract executed on May 1, 1991, with Pat Loheed Landscape Architects, a sole proprietorship, with offices at 1310 Broadway, Suite 103, Somerville, MA 02144, for landscape design associated with the Grove Hall Streetscape Project, during the period April 1, 1991, to December 31, 1992, at a cost not to exceed \$60,000. Pat Loheed Landscape Architects was awarded this contract based on a competitive request for proposals advertised in the *Boston Globe* and the *City Record* on September 10, 1990. This contract is exempt from M.G.L. c. 30B as it was procured pursuant to M.G.L. c. 7, s. 38A-1&2-38-0 *et seq.*

This contract was previously extended due to extension of the construction schedule and long fabrication and installation time for materials. This contract amendment is requested because the contract lapsed on December 31, 1992, due to an oversight by the Project Manager. The Fee increase is due to an increase in the project scope of work as required by the Public Facilities Department, the Boston Transportation Department and the Water and Sewer Commission. Specifically, signalization of the intersection at Washington Street and Blue Hill Avenue and a catch basin at Washington Street.

The cost of this amendment shall not exceed \$5,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$65,000. The period of performance, as amended, shall be from April 1, 1991, to April 30, 1994.

Because of the professional nature of the services to be provided, and the qualifications of the contractor and due to the ongoing nature of the project, I believe that further public advertising would serve no useful purpose in this instance. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under the authority granted in the City of Boston Code, St. 4, s. 5.

Respectfully,

Mary Nee,
Director.

Asbestos Abatement

Re: Design Services of the Asbestos Abatement Phase IV at Boston City Hospital, Amendment No. 1, Project No. 5539.

Dear Mayor Menino:

Pursuant to a vote of the Public Facilities Commission on March 10, 1994, I respectfully request Your Honor's written permission to dispense with further public advertisement and amend a contract executed on January 17, 1991, with A. Anthony Tappe & Associates, Inc., a Massachusetts corporation with offices at 6 Edgerly Place, Boston, MA 02106. Under the terms of the contract, A. Anthony Tappe & Associates, Inc. is providing design services of the Asbestos Abatement Phase IV at Boston City Hospital. It includes programming, finishes and furnishings, asbestos specifications, testing and monitoring. The original scope of work included preliminary design, design development and working drawings. This contract is exempt from the provisions of M.G.L. c. 30B, and was awarded under the authority of M.G.L. c. 7, s. 38A-1&2-38-0 *et seq.*

A. Anthony Tappe & Associates, Inc., was awarded this contract based on a publicly advertised request for proposals in the *Boston Globe* and the *City Record* on February 26, 1990, and the *Central Register* on February 28, 1990.

This amendment is necessary because of an increase in the scope of work which includes renovations to the Mayor's Office and Rooms 603 and 608 at Boston City Hall. The additional scope of work includes demolition, painting, flooring, furnishings, new construction, asbestos abatement and industrial hygienist monitoring to the above-mentioned areas.

The cost of these additional design services shall not exceed \$175,000, resulting in an amended contract cost that shall not exceed \$582,000 (including \$263,000 for supplementary services), which is a negotiated fee based on an estimated cost of construction of \$5,500,000. The term of this contract, as amended, shall be 75 months from the date of execution.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Respectfully,

Mary Nee,
Director.

Engineering Services

Dear Mr. Mayor:

On October 9, 1992, a contract was approved and awarded without public advertising, by former Mayor Raymond L. Flynn, to Thompson & Lichtner Co., Inc., 111 First Street, Cambridge, MA 02141, for Engineering Services for Materials Testing and Plant Inspection of Construction Materials (Portland Cement & Bituminous Concrete) SC 7450(93), at a cost not to exceed \$150,000, for the period July 2, 1992, to

July 31, 1994. This contract is exempt from the provisions of G.L. c. 30B because it is a contract for professional engineering services and is awarded under the authority of the City Charter.

Your permission is respectfully requested to amend this contract by increasing the contract amount. This request is necessary because the original materials that were to be used (on the Downtown Crossing project CIP No. 67, also CIP No. 32 and CIP No. 33) were found to be of inferior grade, therefore, additional testing of new materials had to be done that were not anticipated when this contract was awarded.

The cost of this amendment, which is effective on March 21, 1994, shall not exceed \$30,000, a fixed cost, which I have determined to be reasonable for the work. The contract, as amended, shall not exceed \$180,000.

Inasmuch as this work is related directly to work under an existing contract, I feel that public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,
Commissioner of Public Works.

SCHOOL DEPARTMENT

Educational Materials

Dear Mr. Mayor:

On September 16, 1991, Mayor Flynn approved contracts pursuant to the authority of Chapter 30B, s. 7, to multiple textbook and educational materials vendors through June 30, 1994, each in the amount of \$450,000. On June 1, 1993, Mayor Flynn approved an amendment to the contract for Scott Foresman and Company for \$200,000.

Due to unexpected volume of purchases, your approval is requested to further amend the contract with Scott Foresman and Company, a company located at 99 Bauer Drive, Oakland, New Jersey 07436, so that they may be able to provide continued service for the School Department. The cost of this amendment shall not exceed \$200,000. This contract, as amended shall not exceed \$850,000.

Under the terms of this contract, the vendor will provide books and educational materials directly related to the curriculum as may be requested from time to time by a designated representative of the Boston Public Schools. These materials are unique to a particular publisher, therefore, I have determined that only one practicable source exists.

The period of performance shall not be extended by this instrument.

Very truly yours,

Lois Harrison-Jones, Ed.D.,
Superintendent.

Bond Counsel

Dear Mr. Mayor:

On December 6, 1993, Your Honor approved an award of a contract to Mintz, Levin, Cohn, Ferris, Glovsky, and Popeo, P.C. ("Mintz, Levin"), One Financial Center, Boston, for bond counsel services during the period July 23, 1993, through November 1, 1993, at a cost not to exceed \$205,000.

(Continued on next page)

(Continued from previous page)

Your approval is requested to amend this contract to provide for additional bond counsel services, including an upcoming bond refunding issue. The cost of this amendment shall not exceed \$110,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$315,000. The period of performance shall be extended to June 30, 1994. All other terms and conditions of the contract shall remain in full force and effect.

Because Mintz, Levin is especially qualified in the area of municipal finance, and because this firm has previous experience with the financial affairs of the City of Boston, including having served as primary bond counsel, I believe that public advertising would serve no useful purpose.

This request is submitted late because the decision to pursue a bond refunding issue was not made until recently and was not anticipated at the time of the original contract negotiation.

Very truly yours,

George E. Mahoney,
Temporary Collector-Treasurer.

Physician's Assistant

Dear Mr. Mayor:

On July 11, 1993, the Honorable Raymond L. Flynn approved the award of a contract without public advertisement for bids, to Robert P. O'Rourke, 336 Vermont Street, West Roxbury, for physician's assistant services at the Suffolk County Jail during period July 1, 1993, to June 30, 1994, at a cost not to exceed \$75,816.

Your approval is requested to amend this contract in order to provide for an unexpected need for Mr. O'Rourke to work additional hours during the transitional period in which the Suffolk County Jail was trying to fill the vacant medical director position. This increase required the contractor to work an average of 32.03 hours a week instead of 27. Mr. O'Rourke will be compensated at the same rate specified in the terms of the original contract. The cost of this amendment shall not exceed \$14,121, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$89,937. The period of this contract shall not change from July 1, 1993, to June 30, 1994.

Because of the professional nature of the service to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Robert C. Rufo,
Sheriff.
